No. 2930 W., 7TH NOVEMBER 1895.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

G.O., No. 469, Educational, dated 6th June 1895.

Read—again the following paper :—

G.O., No. 87 A., Educational, dated 2nd February 1895.

Read—also the following paper :—

From the Director of Public Instruction, Madras, dated 4th May 1895, No. 5333,
explaining the necessity for a separate building for the Training College,
Rajahmundry.

Order—No. 469, Educational, dated 6th June 1895.

The Government agrees with the Director of Public Instruction in considering
that the expenditure, large as it is, is justified by the circumstances. It is essential
in the interests of education in the Northern Circars, and of the public service which
demands a supply of well educated youths in those districts, that there should be
a thoroughly efficient Training College of the first grade at Rajahmundry capable of
accommodating 500 or 600 students.

2. The plans and estimates involving an expenditure of Rs. 15,600 in addition
to the sum of Rs. 21,000 sanctioned in G.O., No. 515 W., dated 18th February 1892,
will accordingly be approved and transferred to the Public Works Department with
the request that early steps may be taken to put the work in execution.

(True Extract.)

(Signed) L. DAVIDSON,
for Chief Secretary.

From the Superintending Engineer, I Circle, dated 10th July 1895, No. 831 G.D.
G.O., No. 113, Educational, dated 16th August 1895.

Note by the Chief Engineer, Public Works Department.

The scantling proposed for the verandah bressummer, viz., 5" $\times$ 7 $\frac{1}{2}$ ", is considered
weak. The distance between points of support being about 9 $\frac{1}{2}$ feet, and the outer
width of verandah 8 feet, the section according to the standard specifications should
be 6" $\times$ 8".
