TRANSFERS a petition from

from the school master in the villages of Basappa Taluk, Mysore Dist.

Protesting against the system of allowing estimated "Result" grants.

End. No. 436

Transferred to the

Educational Department.

The petition states as follows:
For a long time past the petitioners have been earning their livelihood as teachers in schools. They have been quietly practicing their profession as the Results-grant which was allowed them was in proportion to the trouble they took. But the grant which was given them last year and the current year was sanctioned after approximate estimation. This makes the amount far less than what they would be entitled to under the old arrangement. There would be no loss on either side if the grant is allowed according to the results of the examination. Under the new system if an estimated grant is given to a teacher who has done more work and presents a larger number of well-instructed students than the previous year, great injustice will be done to him. Some schools which should obtain a grant of 100 Rs have obtained only a fourth of the sum. Under these circumstances the petitioners pray that the entire grant to which they are entitled may be given them.
