From

C. G. Spencer Esqre
Special Assistant Agent
Godavari.

To

The Government Agent
Godavari.

Sir,

I have the honor to inform you that provision has been made in the Educational Budget for 1895-96 for the increase of Salaries and the appointment of an assistant teacher for the marginally noted schools in the Junior Superintendents' Division -

✓	Rs
1. Devipatnam	10 to 12
2. Ramavaram	11 to 15
3. Lagarayi	9 to 12
4. Gurtedu Asstt. teacher	6.

2. The increase provided in the Budget was intended to take effect from 1-4-95 but owing to the

Superintendent's absence on leave the required information to submit a proposition statement has not been received in this Office until very lately.

3. All these schools have been turning out satisfactory work during the last three years and are generally well attended owing to the pains taken by the school masters.

4. Ramavaram especially is a remote and malarious part of the Agency at the foot of the Yedavampula ghaut leading to Gurtedu. Schools in less remote and less malarious places such as Jaddangi, Mohanapuram and Addatigala have long had pay of Rs15 per month attached to the post of teacher. But Ramavaram has hitherto only had 10. At my inspection of this school in March 1894, 23 pupils were present.

5. Lagarazi is in the north-east corner of the Government villages in Yellavaram Division (formerly known as the Jaddangi Agency). It is a Koya village and the master has taken much interest in encouraging the boys of aboriginal classes to attend school. At my inspection in March 1894 twenty pupils were present and the Assistant Inspector reported favourably of the school.

6. Devipatnam is a village of some importance on the river 8 miles above Polavaram on the Chodavaram side. At my inspection in September 1894

16 boys and one girl were present (6 boys being in the 4th standard) - The teacher is a more competent man than the teachers who can generally be found to take up schoolmasters' posts in the Agency -

7. The day school at Gurtedu is stated by the Junior Superintendent to have been well attended and to require an assistant. 28 boys were present at my inspection in March 1894.

8. I wanted to raise the pay of the teachers some time ago but for want of Budget provision I refrained from submitting my proposals till provision was made - Unless encouragement is given to

to the teachers good results cannot be obtained, and efficient teachers cannot be procured to stay in out-of-the-way villages in a malarious climate -

9. I therefore request you will be good enough to address the Director of Public Instruction to obtain Government sanction at an early date for the increased salaries &c ~ recommended - House rent and Contingencies allowed for the schools have not been shown in the proposition Statement -

I have &c
