To
W. B. Winton Esquire
Superintending Engineer
III Circle
Bellary

Most Honored Sir,

With due deference and profound submission I most respectfully beg to bring the following few lines to your kind and favourable consideration and to request you will be kind enough to recommend me to the Chief Engineer to move the Government to exempt me fully from passing the Educational Tests on the grounds assigned herein.

III

2. That when Colonel St. Jn. Vibart R.E. the late Supdg. Engineer of this Circle, recommended my case to the Chief in 1883 [illegible] the Government were then pleased enough to exempt me, for the good service rendered, from the Middle School Examination then in force on the condition that I shall not be promoted to a higher class than the 4th in 2nd grade Salary Rs 40/- vide G.O. No. 23 [illegible] 17/1/85.

Ed. G.O. 402/23-6-85 mis

8. That I am now 44 years old and that I am poor with a very large family and no other means of livelihood —

9. That my careful attention to the duties entrusted to me was proved when I had the opportunity of serving as a Famine Accountant as well as an Acting Range Accountant as mentioned in the List & O.C. put up with the file for your Honor's kind disposal. Further, Bellary Famine Division Executive Engineer D. F. Martin Esquire also highly reported (which like building Bellary on the 21/10/78 vide his no 422 put up) about the excellent services performed by me though I was single handed then.

P.W. 2572/20-6-78

10. In 1886, the Examiner of P.W.A. made a reference to the Supdg. Engineer vide his No 75 Sec. of 26/7/86 to state whether S.E. considers any of the Clerks employed in the Circle deserving of advancement as temporary Accountants 5th grade, and in reply to this the S.E. had sent in a detailed report on the 10/8/86 vide his No 939, touching the merits of the individuals whom he considered eligible for the post in question and in this connection I humbly submit to point out to your Honor to the effect that my name also was included in para 2 of the letter above.

11. That in obedience to the Chief Engineer's Cir: No 798 of 1/3/79, calling on the Superintending Engineer to submit

In General Reed

the names of those who in consideration of their good service during the famine of 1876-77 & 1877-78 were deserving of favourable recognition by Government, Colonel Fischer R.E. the then Executive Engineer, Bellary Division ×recommended me in the following terms for special consideration. —

× vide his list submitted to the 2nd Circle —

"This individual was employed in the compilation of the Godown Range Accounts during the first famine and on Captain Smither reporting that he has done excellent service a Government order was passed. Subsequently in the 2nd Famine he was employed under Mr D. F. Martin who reported on him in the same high terms and recommended his admission into the Accounts Branch as an apprentice. He was also employed in this office and has done his work well; seems therefore to deserve special consideration." —

12. That although I had been strongly recommended by the Executive Engineer and had to endure all the hardships in common with the upper subordinates, the then Supdg. Engineer of Circle did not consider it worthwhile to bring my name to the notice of Government simply on the ground that an Accountant as I then was had no claim to find a place in the List he submitted. Moreover, when I applied to the Famine Concessions allowed by the Government, the then S.E. Major Oborthe R.E. informed me thro' the "C Project Division" Executive Engineer in No 3065 of 13/2/84,

to the effect that the Concession was only granted to the Educational Establishment, though the Accountants are graded under upper subordinates; hence my case was on the whole not met [illegible] the ends of justice.

13. Under these circumstances, I most respectfully beg to request that your Honor will be kind enough to recommend to the Chief Engineer [illegible] to get me fully exempted from passing the Educational Tests for the long and good service rendered in the Department. If this request of mine is not feasible I request that recommendation may be made to extend the G. O. No. 1593 W. D. 9/7/85 already referred to "as a special case" also to the grade of Rs 50 to 60 to enable me to rise in the rounds of the official ladder and to earn a reasonable pension at the end of my service.

For which act of kindness, I shall as in duty bound ever pray for your long life and prosperity.

I beg to remain
Most Honored Sir
Your most obedient & humble servant

Ed DEPARTMENT

C. No. 362 of 96.

FOR ORDERS.

After a service of over twelve years as a temporary Clerk in the P.W.D. the petitioner was exempted from the Examn. rules by G.O. no. 402 Ed. d. 23rd June 1885, Subject to the Condition that he should not be promoted beyond the 4th class of the 2nd grade in the P.W.D., the pay of which is Rs 30 to Rs 40.

In 1892 the petr. applied for the removal of the above mentioned Condition and his request was considered and rejected in G.O. no. 390 Ed d. 18th May 1892.

The petr. now requests that the exemption granted to him in G.O. no. 402 Ed. d. 23rd June 1885 may be extended so as to permit his promotion to the 3rd class of the 3rd grade, ~~of which~~ the pay of which is Rs 50 to Rs 60. This request is supported by the Superintending Engineer.

The peti. is well spoken of by the officers under whom he has served & in consideration of this the request of the peti. may perhaps be granted!
