Copy of letter from the Sub-divisional officer, No 111 Sub-division, of the Consulting Architects' Division, No. 1127 dated 14 March 1896:—

With reference to your No. 4938 dated 12 instant regarding the Dramatic Society being in possession of the Lecture theatre in the Connemara Library, I have the honor to report that they were permitted to perform in the building and as they were acting up to a late hour in the night and had their property in the building, I was obliged to give them the key. The same also with the Library and other portions of the building. Doctor Thurston has removed the books and articles of the Museum into the same. I was therefore obliged to give the key of that portion of the building to him. No official intimation was given me but I was directed to do so by Mr Irwin.

Government of Madras.

PUBLIC WORKS DEPARTMENT.

MEMORANDUM.

Dated Madras, 25- March 1896.

Letter from the Consulting Architect to Govt. No. 4789 dated 5 March 1896:—

With reference to your office Note No. 1189c dated the 3rd instant, I have the honor to state that at present the Key of the Museum theatre is with the Secretary of the Dramatic Society. Please let me know if it is to remain so, or be in charge of the Sub-Divisional officer in charge of the building.

Office Note from the Same officer, No. 5068 dated 19 March 1896:—

A copy of letter from the Sub-divisional officer is forwarded for definite orders as to the custody of the building. It is suggested that Dr. Thurston should keep the Keys of the entire building as he resides on

the

41 -2,000—11-3-95.

the spot it will be a convenient arrangement.

Note by the Chief Engineer, P.W.D., dated 25 March 1896:-

Applications for the use of the theatre of the Connemara Library and connected buildings have hitherto been made to the Chief Engineer on the ground, apparently, that work is still going on and that the building therefore is technically in charge of the P.W. Department. As a matter of fact, however, the internal portion has been completed and is now in occupation. The key of the theatre has, the Consulting Architect reports, been handed over to the Dramatic Society, and the key of the Library and other portions of the building to Dr. Thurston. It seems desirable that formal charge of the building should be handed over to some one officer who would be responsible for its safety, especially with regard to its protection from fire, a by no means remote ~~probability~~ possibility, when it is considered that dramatic performances and scientific lectures

involving

involving the use of lights and explosive gases are carried on at night.

2 The Consulting Architect suggests that Dr. Thurston should be named as the custodian of the buildings as he resides on the spot.

Transferred to the Public department

D. W. Campbell Colonel, R.E.,
Joint Secretary to Govt.
P.W.D.
