Sir, With reference to G. O. No 858 dated
10th November 1894, Educational, I have the
honor to state that the Government is
under a misapprehension as the pay of
Rs 1422-14-0, passed to me whilst I was
acting as Principal of the Engineering College
was not based on the old scale of pay
but on some rule discovered by the
Accountant General.

I was paid when acting as Principal
on a previous occasion on the old scale
and it is on this scale that I claim
be paid for the last occasion of my
acting.

I would wish to point out that it is distinctly laid down in the deputation rules that no officer shall lose by being deputed to work in another department and if I had remained in the D.O.W., I would have been paid the pay of a 2nd grade Superintending Engineer. When I accepted the acting appointment I expected to be paid on the old scale and I was not informed that I had on a previous occasion been paid wrongly, so that the claim I now make appears a perfectly just one.

I would request therefore that during the time I acted on the last occasion as Principal of the Engineering College, I may be paid either on the old scale or as a 2nd grade Superintending Engineer D.O.W.

I have the honor to be
Sir,

Your most obedt. servant

Ed DEPARTMENT.

C. No. 571 of 96.

FOR ORDERS.

Col. Smart's statement that the pay of Rs 1422-14-0 passed to him while he was last acting Principal of the College of Engg was not according to the old scale of pay is incorrect. The pay was calculated on the old scale and with reference to Art 134 (b) CSR as shown below: -

Pay of rank as Lt. Col.	Rs. 1002-4-0
Half the staff salary of the appointee of Principal	Rs 300-0-0
Half the staff salary of 3 rd grade. Subg. Engg.	Rs 120-10-0
Total	Rs 1422-14-0

That Col. Smart drew on a former occasion the full staff salary of Rs 600 attached to the Principalship was due to the fact that Major Love was then on special duty & that the full staff salary was consequently available. On the last occasion Major Love was on leave

Papers to be read in proceedings:—

and only half the staff salary was available.

Col Smart's contention cannot therefore be allowed.

The fact that if he had remained in the P. W. O. he would have been promoted to Suptg-Eng. 2nd class does not seem to alter the case.

7/12/95. It is not understood that "Deputation rules" Col. Smart is referring to in the third para of his letter. The particulars of the case may now be explained to Col. Smart. It seems to have been his own affair to find out, before he accepted the post, what pay he w^d. draw. There is also the consideration that he obtained free quarters at Madras while acting as Principal, which may be partly set off against the loss of Rs 170. 10. - from which he appears to have suffered from 3rd June to Nov. '94. -

ORDER.

No. 375 of 19/6/96

It will be explained to Col. Smart, with reference to the first paragraph of his letter, that the pay drawn by him when he last acted as Principal of the College of Engineering was calculated on the old scale, and with reference to Art 134 (b) C.S.R. as follows:—

Pay of his rank as Lt. Col.	Rs. 1002. 4. -
Half the staff salary of his appointment of Principal	300. - - -
Half the staff salary of 3 rd grade. Supt. Eng.	120. 10. -
Total	1422. 14. -

When acting as Principal on a former occasion Col. Smart was enabled to draw the full staff salary of Rs. 600 attached to the office for the reason that Major Torr was then on special duty & the whole of it was thus available. On the last occasion of his acting Major

has on on leave & only half of it was available.

2. With reference to the ^{remainder} of his letter P. Col. Smart will be informed that the Govt. regrets that under the rules it is unable to grant him any ~~further~~ addition to the pay which he has already drawn.
