Encl 2 to Col. C no. 946/95.

Current No. 946.

Albert Victor Technical Institute,

No. 619 Trichinopoly 2 August 1895.

CHIEF SECRETARIAT
15 AUG 95
GOVERNMENT

From
THE MANAGER,
A. V. TECHNICAL INSTITUTE,
TRICHINOPOLY.

To
The Hon'ble Mr. J. F. Price, C. S. I.
Chief Secretary to the Government of Madras
Ootacamund

Sir,

I have the honor to inform you that the
amount of Results grant allotted for 1893-1894 was
paid only in February last, because the Technica
examinations testing the work of the school for
the official year 1893-1894 was conducted only in
April and May, the results were published in
August, and great delay was occasioned in ob-
taining the special permission of the Director
of Public Instruction and the Accountant General
in passing and paying the grant. to

It was only after the payment of e
grant due for 1893-1894 that I had to send in
my application for aid for 1894-1896, because I
had to send with it the financial statement
wherein the amount of grant actually earned
was to be put on the receipt side to determine
the amount of grant to be allotted for the last
official year:

The Director of Public Instruction takes
objection to the registration of the school for aid
and to the passing of grants - which amounts
to the value of Rs 915 - on the score that the
C. Form application was submitted late:

On the strength of assistance t
from Government ~~from Government~~, I have,
last year, thoroughly reorganised the school
and made very useful improvements "to place
the Institute on a stronger, more efficient and
more permanent basis" to use the words of
Rev. T. H. Dodson. M. A, Principal, S. P. G. College, Tri

Till 1894, instruction in technical
subjects was given in the morning or evenin
hours, students having been learning one or two subjects
without a definite idea of the profession the
wished to take up, From the last year the

Institute has been converted into a day school working regularly like all other Schools from 10. A.M to 5 P.M. Students are, prepared for group-certificates instituted by Government "to meet the requirements of candidates desirous of qualifying for a profession requiring a knowledge of more than one Subject". Additional, full time and highly-paid teachers had to be employed to work up the school during the day and to teach additional technical Subjects. Establishment charges for 1894-1895 have risen about four times as high as those of the previous official year as will be seen from the accompanying Statement A.

Even supposing that the application for aid was sent to the Director in time, the amount of grant will be paid only now, because the results of the Government Technical Examination testing the work of last year was completly published only last month.

The Teachers of the Institute were paid last year on a combined system — a portion of the Salary being paid monthly and the other portion being promised to be paid from the Results Grant earned.

Under these circumstances I have the honor to request you will be pleased to encourage the Institute by ordering the payment of grant actually earned last year as per accompanying Statement B.

I have the honor to be
Sir,
Your most obedient Servant
V. Srinivasa Aiyar
Manager

CURRENT No. 1437

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 9th December 1895.

No. 13,192

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc.,
DIRECTOR OF PUBLIC INSTRUCTION,
Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,
FORT ST. GEORGE.

SIR,

In returning Government endorsement No. 1892 dated 13th August last, I have the honour to submit the following remarks.

2. The Manager of the Albert Victor Technical Institute, Trichinopoly, applied to me in February last that the school may be admitted to aid on the results system for 1894-95. As the application was made after such a long delay, i.e., about the close of the official year when the results allotment for the year had not only been made but practically all spent, and as the explanation for the delay was not satisfactory, I was unable to admit the school to aid. The Manager wrote to me again in April requesting that the

the

the above order might be reconsidered, but this was not done as no better explanation for the delay was offered.

3. With a view to have an accurate idea of the working and stability of the institution, I sent Mr Chatterton of the Engineering College to inspect the institution and to submit a special report which he has done. The report being generally favourable, I have as a special case, ordered payment to the Manager of the results grants due to him on the Government Technical Examinations held in November 1894 and April 1895.

4. I propose to address Government again in regard to aiding this institution and the special classes at work in connection with ~~the~~ St Joseph's College in the same town.

I have the honour to be,
Sir
Your most obedient Servant

D Duncan

Director of Public ~~Instruction~~
