THE HONORABLE MR. D. DUNCAN, M.A., D.Sc., LL.D.,
DIRECTOR OF PUBLIC INSTRUCTION,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,
FORT ST. GEORGE.

SIR,

I have the honour to report that J. Chelvaranga Raju, Bailiff of the Farm attached to the College of Agriculture at Saidapet, was deputed to Poona under G.O. No. 4152, Revenue, dated 22nd October 1895, copy enclosed, in order to learn the use of improved modern appliances for dairying.

2. It will be seen from the accompanying letter from Mr. Hollison, Superintendent of Farms, that J. Chelvaranga Raju has learned the manipulation of dairy machinery and to do the ordinary work of a dairymen, and that he has yet to improve his knowledge with reference to the cultivation of the numerous field and garden crops of the Bombay Presidency. Mr. Keasis is strongly in favour of

of Chelvaranga Raju attending a short course
under Mr. Morrison from the 10th July to 10th September
and I quite approve of the Bailiff going again
to Poona for the purpose.

3. In these circumstances I request that
you will be good enough to obtain the very early
sanction of Government for the deputation of
the Bailiff; and for allowing him a deputation
allowance at a rate not exceeding one-fifth of
his salary in addition to his pay under article 98
of the Civil Service Regulations and for travelling
allowance for the journey.

I have the honour to be,
Sir,

Your most obedient servant,
J. Duncan

For orders

It does not appear that a knowledge of the cultivation of various field & garden crops of Bombay will be of any use in this presidency or for the college. The bailiff has recently been trained at the court of Govt as a dairymen and he must be made to stick to the work for which he has been specially trained ^{for a sufficiently long time} before he could be allowed to turn his attention to other subjects. It will be ^{noted} that this application has been made only on the motion of the bailiff.

The cost of the proposal has not been reported. Art 98 of the C.S.R. hardly applies to a case of training as this. Even if it applies, the bailiff will not be entitled to a deputation allowance under it.

* In the first place it was never intended that the farm bailiff's whole time should be whistled in connection with dairymen's operations and his proposed deputation is not therefore inconsistent with his having acquired some knowledge of dairymen's work in the second place the job of standing on a dairy farm in Madras has been almost at an end. The bailiff has been told to do with the present

Resolution.

In reply to the reference read above, the Board begs to report that it considers that, if the College Farm Bailiff be sent to Poona to go through Mr. Molli's course of lectures, the value of his services to the Educational Department and the College should be considerably enhanced. The Bailiff appears to have made good use of his time when previously under Mr. Molli's, and the Board therefore ^{suggests} the proposition now put forward by the Director of Public Instruction.

REVENUE DEPARTMENT.

C No. 1448 of 96

From the Board of Rev. Rs to

Dated 19th June 1896.

FOR ORDERS.

These papers relate to an application made by Dr Duncan, at the instance of Mr Mollison of the Poona Farm and Mr Keess of the Saidapet College of Agriculture, for permission to depute the Saidapet farm bailiff to Poona for the purpose of acquiring a knowledge of the cultivation of the numerous field and garden crops of the Bombay Pres?

A note on the subject drawn up in the Educational Dept will be found stitched with G.O. 2356 of 16th June 1896 and before submitting it for orders it was thought desirable to refer the matter for the Board's opinion

It should be noted that this has only a note by the Board does not contain the views of the Adm. Dept. The paper was transferred to the Rev. Dpt. without remark.

Note

It will be seen from the Board's reply that C. Raju's deputation should, if at all, be made in the interests of the Educational Dept.

The Board now re-
ports that if the bailiff be de-
puted to Poona to go thro' Mr
Mollison's course of lectures "the
value of his services to the Edu-
cational Dept and to the College
should be considerably enhanced"
and accordingly supports Dr.
Duncan's application.

The Bailiff was
once before deputed to Poona to
learn dairying and, in the Edu-
cational note, it is suggested that
he should be made to stick to
that work and not be allowed
to turn his attention to other sub-
jects. In the note, it is also added
that a knowledge of the cultivation
of the various field and garden
crops of Bombay would apparently
be of no use in this Pres^d or for
the College.

It is however res-
pectfully submitted that the note
in question appears to have been
written under a slight misappre-
hension. In the first place it
was never ^{contemplated} ~~intended~~ that the Bailiff
whole time should be obliged in

dairying work and now that
the idea of starting a dairy farm
at Saidapet has been given up
the only thing ~~that~~ ^{that} the
bailiff will ^{be} asked to do is to
attend to his ordinary duties
(i.e. the general supervision of
the farm) and probably also to
instruct the students of the
College in dairying work. These
duties do not seem to be in-
consistent with the acquisition
of knowledge as to how cultivation
is carried on in Bombay nor are
the field and garden crops of that
Pres^d very much different from
those cultivated in Madras. In
any case, ^{it is submitted that,} at the Saidapet farm
experimental cultivation is
carried on not merely with seeds
and plants indigenous to this
Pres^d but with all sorts of field
and garden crops ^{suitable for} ~~that could~~
^{be raised} in the tropics generally
Dr Duncan's applica-
tion though it originally in a
suggestion made by the Bailiff
himself has been ^{put in} ~~made~~ at the
request of Messrs Mollison

and the proposal has his own approval and the Board's support. It is submitted that in these circumstances it may be sanctioned.

The Poona term commences on the 10th inst and lasts till the 10th of Sept. Early orders are therefore solicited. As the deputation of the bailiff if sanctioned will be in the interests of the Agri College, the G.O. will presumably have to issue in the Educational Dept.

Amo/ab 2. viii. It looks rather as if the Bailiff wanted an extension of his holiday at Bombay, & it is questionable whether he will profit much by a further course of lectures. Mr. Kees however "is strongly in favour of it" & so are the Director of Public Instruction & the Board.

Knowledge maybe of use when the farm schools are started. If the bailiff is sent, would it not be well to guard against his wasting his time & turning the opportunity into a holiday, by desiring the Director of P.D. to have him examined after his return on the subject of the lectures - any number of questions could be got from the lectures - and to determine by the results of the examination whether full allowances shall be paid for the period of absence?
