READ the following

no 785 G.O.No. 1808 W, dated 17th June 1896.

Order thereon:-No. 1809 W, dated 18th June 1896.

It is observed that in the notification published in the Fort St. George Gazette of 12th June 1894, it was announced that five appointments as Overseers, 3rd grade, would be likely to be available in January 1897 to passed subordinate students of the College of Engineering. But since the issue of that notification, it has been decided to curtail the practical course of study. In consequence of this decision, the students who passed out of the College in December 1894 will have completed their training at the end of the present month and will be available for appointment on the 1st July of this year. The students who passed out of the College in December 1895 will also be available for ~~appointment~~ employment on the 1st January 1897, and it has now to be considered how many men can be provided for on the 1st July of this year, and how many ~~men~~ can be brought on the establishment of the P.W.D. on the 1st January following.

2- There are at present 7 vacancies. 2 of these have to be reserved for Military students of the 1894 batch and 2 for those of the batch of 1895. There will then remain only 3 appointments to be distributed among Civilian students of both batches. 2 of these will be conferred on the 1st July of this year, and the remaining one with any other appointments that may meanwhile fall vacant, up to the limit of 5, will be conferred on
