Sir,

I have the honor to bring to your notice the following circumstances connected with my son Frederick Lalor.

1. He has passed the Matric examination of the Bombay University held in November 1894 vide copy of the certificate herewith attached.

2. On his application to the Director of Public Instruction, Madras, to admit him as a candidate for the Hand-writing test for under-graduates, he was informed, in reply as follows:- "The Matric examination of the Bombay University is not recognized as equivalent to the Madras Upper Secondary or Matric examination under article 2 of the Public Service Notification. He is therefore not eligible to appear for the Handwriting test for under-graduates."

graduates"

3. In this connection, I may mention that the subjects for the Bombay Matric examination are

- (a) English; a general knowledge ie to be able to write an essay; paraphrase and answer questions in English Grammar.
- (b) Arithmetic the whole
- (c) Algebra up to the Quadratic Equations
- (d) Euclid the first four books
- (e) Astronomy, the elements of-
- (f) Chemistry.
- (g) mechanics.
- (h) History, the whole of English and Indian
- (i) Physical geography.
- (j) Latin: expected to translate well and have a general knowledge of the Latin grammar.

and that the examination is in every way equal to, if not harder than, the corresponding examination of the Madras University.

It is a great disappointment to me to find that after spending a lot of money on his education to find that the Bombay University certificate is not recognized here.

I therefore request you to be good enough to forward his case with your recommendation to the Chief Engineer P.W.D with a view that my son may be regarded as having passed the Madras University examination and

Referring to memorandum No 1684 Education-
al, dated 19th ultimo, I have the honour to state that the
standard of the Matriculation Examination of the Madras
University seems to be a little higher and more searching
than that of the Bombay Examination. The subjects of Exam-
ination for the two are compared below:-

of the Bombay University as equivalent to the Madras
Matriculation ^{Examination}. I would however recommend that each case like this
(and they will not be many) be decided on its merits. In the
present instance, the concession applied for may be granted
but the issue of a general order to that effect does not
seem to me to be expedient.
