OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 2 October 1896

No. 10787

From

THE HONORABLE MR. D. DUNCAN, M.A., D.S.C., L.L.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. GEORGE.

SIR,

I have the honour to submit for the early approval and sanction of Government plans and estimates for fittings in the Physical Laboratory and class room at the Presidency College, prepared by Mr. Mansfield of the firm of Messrs. P. Orr & Sons. Mr. Mansfield fitted up the laboratories of the Presidency College, Calcutta; and I know of no one else in this country who can undertake work of this special character. The Consulting Architect, who has scrutinized the plans and estimates, thinks that the total cost, Rs. 16,500, is reasonable (vide copy of his letter No 3161 dated 16th September 1896 enclosed). As the old Laboratory has now been dismantled the speedy execution of the work is necessary for efficient instruction. I have the honour to request that very early sanction may be accorded for the work being taken in hand at once and that the Public Works Department may be instructed to place Rs. 10,000 at the disposal of Mr. Mansfield out of the "Reserve", or other savings in the current year's budget for immediate expenditure. A provision of Rs. 6500 may, as recommended in the list of educational works to be included in the Public Works Department budget for 1897-98 be made in the next Public Works Department budget on this

In G.O. no. 1196 of 16th May 1894, an estimate amounting to Rs 62,870 for additions to the Presy. Coll. on the north side for the Professors of Biology and Physical Science was sanctioned. The estimate provided for water tanks on the top of the building and a dynamo & electro-technico house. The dynamo pump &c now called for were therefore contemplated in 1894.

In G.O. no. 935 of 16th Dec 1895, Mr. Jones, Professor of Physics, was permitted to proceed to Calcutta to inspect the Physical Laboratory at the Presidency College there to enable him to submit proposals for fitting up the Physical Laboratory

at

at the Presidency College here and his report on his inspection of the Physical Laboratory at Calcutta is recorded in G.O. no. 241 Ed. A 13th April 1896.

In G.O. no. 114 Ed. A 2nd March 1896, it was considered necessary to entrust the work of fitting up the new laboratories at the Presidency College to Mr Mansfield of the firm of Messrs Orr & Sons who fitted up the laboratory at Calcutta.

Messrs Orr & Sons now submit plans & estimates amounting to Rs 16,500 for fitting up the new Physical Laboratory & the Consulting Architect considers the estimate to be reasonable. It will be noted that the C.A. has not seen any detailed estimate. Orders are solicited as to whether Messrs Orr & Sons may be required to submit detailed estimates or whether the estimate now submitted may be approved & transferred to the P.W.D. If the estimate is to be approved it will perhaps be

necessary to place Rs 10000 at the disposal of Messrs Orr & Sons. Orders are solicited.

The fittings include an Otto for Squire & a Dynamometer.

The only question is whether Messrs Orr's net estimate of Rs 16,500 is to be accepted or whether we are to ask for detailed ~~estimates~~ ^{estimates}. The latter w^d. not enlighten us much but their submission w^d. more conform to rule & precedent.

The C.A. tells us the estimate is reasonable.

S.R. 14/11/6

I think this net estimate
shd be accepted &
transferred to P.W.D.
