The Hon'ble the Chief Secretary to the
Government of Fort St George.

SIR,

I am directed by the Vice-Chancellor and the
Syndicate to ask you to be so good as to furnish me with
certain information respecting the Law College and the
course of instruction for the B.L. degree.

2. When the B.L. course was bifurcated and made a
three years' course, the arrangement was intended to be
only temporary until the Law College building was ready.

The reduction of the present course from three
to two years has been accepted in principle by the Council
of the Law College, but the Council are of opinion that
this cannot be carried into effect until (1) suitable and
sufficient accommodation has been provided and (2) a suit-
able staff has been secured for giving instruction during
the usual working hours of the day.

4. I have, therefore, the honor to ask you to be so
good as to inform me:

(a) when the buildings for the Law Collège will be
completed,

the Committee

(b) when the Law College classes will be held, as originally intended, during the usual working hours of the day, instead of as at present only in the early morning and in the evening.

Sir,

Your obedient servant.

C. Nos. 1091, 1261 & 1342 of 96

H. E. THE GOVERNOR.

THE HON'BLE MR. BLISS, C.I.E.

THE HON'BLE MR. GROSE, C.I.E.

SUBJECT.

The Law College & the
B. L. Course.

FOR ORDERS.

In cno 1091 the University of
Madras desires to be informed:-

- (1) when the Law college
buildings will be completed &
- (2) when the Law College will
be held, as originally intended,
during the usual working hours
of the day.

From cno 1342 it appears that
this information is required in
connection with certain recom-
mendations with reference to the
Law Course which are now
under consideration.

As regards the first point
the P.W.D., which has been con-
sulted, states that the Law College
buildings are practically completed
but that they cannot be occupied

until

until certain additions desired by the Principal are carried out.

These additions are (1) laying on water to Professors' lavatories (2) continuing the steps of the main towers to the level of the roof & (3) blocking up certain arched openings in lecture rooms.

Estimates amounting to Rs 10,608 for the first two works were received in June last and were returned to the D.P.I. with the remark that such a large expenditure cannot be sanctioned unless the necessity for it was clearly established. The revised estimates referred to by the Consulting Architect have not been received yet.

The C.A. also points out that there is no furniture in the Law College buildings & that no estimate has yet been prepared for it.

As to the second point the Govt has decided in G.O. no. 167 Ed. Dt 26th March 1896, that the alteration of the College into a day college is, under the existing circumstances, impracticable.

Orders are solicited as to what reply should be given to the University.

A

paper flagged

N.H.

This reference looks rather as if the D.P.I. not being successful in getting his way with Govt as Director had renewed the attack through the University.

With regard to the 1st question - the completion of the buildings - we may furnish the information given at A in the office note above, adding that it is not possible to say at present when the college will be finished.

As to the 2nd qⁿ perhaps it will suffice to send a copy of G.O. 167 Ed. Dt 26/3/96
