NOVEMBER.

Government Training School for Masters at Coimbatore

Revised estimate of Rs. 6,750 for constructing an upper floor to the —, sanctioned with remarks.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.

Civil Works.

READ—the following papers :—

From the Honourable Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Chief Secretary to Government, dated Ootacamund, 25th June 1896, No. C. 306.

I have the honour to submit, for favour of early sanction, a revised estimate amounting to Rs. 7,080, for constructing an upper storey to the building occupied by Government Training School for Masters, Coimbatore, together with a copy of the letter from the Superintending Engineer, IV Circle, explaining the various items which make up the excess of Rs. 2,000 over the original estimate of Rs. 5,080 sanctioned in G.O., No. 263 W., dated 30th January 1894.

2. It will be observed from the accompanying report of the Executive Engineer, Coimbatore division, that tiled verandahs on three sides of the building are necessary to accommodate the stair case and make the upper room cooler. An additional estimate of Rs. 3,500 providing for these and other slight alterations suggested by the Headmaster, is also submitted for sanction.

ENCLOSURE.

From J. C. LARMINIE, Esq., M.I.C.E., Superintending Engineer, IV Circle, to the Director of Public Instruction, dated Ootacamund, 15th May 1896, No. 167 M.

I have the honour to forward, for your countersignature and transmission to Government for sanction, a revised estimate accompanied by a comparative statement, amounting to Rs. 7,080, for constructing an upper floor to the Government Training School for Masters at Coimbatore showing an excess of Rs. 2,000 over the original estimate of Rs. 5,080 sanctioned in G.O., No. 263 W., dated 30th January 1894.

2. The excess is due to the following items :—

	RS.
Brick in chunam	184
Archwork in chunam	42
Extra thickness for planks provided for flooring and extra rate ...	613
Extra width and rate allowed for double windows	186
Plank ceiling to the Mangalore tile roofing	922
Other petty items	107
Total	2,054
Deduct savings	54
Net excess	2,000

3. I also forward a plan and an estimate, amounting to Rs. 3,500, for providing a verandah on three sides of the building with reference to your letter, No. 3083, dated 13th March 1896, to the address of the Executive Engineer, Coimbatore division, giving cover to the Headmaster's letter suggesting certain alterations and improvements. If these are approved of, I request you will be good enough to get the estimate sanctioned as supplemental to the revised estimate.

No. 1426, Educational.

Approved and transferred to the Public Works Department.

OOTACAMUND,
17th July 1896.

(Signed) W. FRANCIS,
Ag. Under Secretary.

From the Honourable Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 21st August 1896, No. 9010.

In submitting herewith copy of a letter * from the Headmaster, Government Training School, Coimbatore, I have the honour to request the favour of early orders being passed on my letter, No. C.

306, dated 25th June 1896, submitting a revised estimate for constructing an upper storey to the Training School building.

ENCLOSURE.

Copy of letter from the Headmaster, Government Training School for Masters, Coimbatore, to the Inspector of Schools, Western Circle, dated 1st July 1896, No. 354.

I have the honour to request you to kindly do the needful to get the work of adding an upper storey to the old school-house finished on faster. No work has been going on for the last three months; and the only work that remains to be done is planking the upper floor and fixing to the windows the venetian doors which are all ready made, besides painting the wood-work. All this cannot take more than a week's time if the contractor works vigorously.

2. I have been putting up with the inconveniences of a market-house like the Bank buildings in the hope of returning to the old school-house at least after the summer vacation. But as no stir is being made in that direction, I have ventured to bring to your notice that the scattered and exposed sheds, the want of benches, the absence of a gymnasium,—all these prejudicially affect the work of managing the school satisfactorily. The attendance and comfort of the boys suffer, supervision is rendered difficult, and gymnastic exercises are altogether lost.

3. If a verandah is going to be added, it is held by the professional people that it can be done even during occupation without any serious hindrance to the work of the school.

4. Further the Bank buildings are to be handed over soon to the Public Works Department for the necessary alterations in view of accommodating the Female Training School.

No. 1760, Educational.

Transferred to the Public Works Department in continuation of endorsement, No. 1426, dated 17th July 1896.

OOTACAMUND,
2nd September 1896.

(Signed) W. FRANCIS,
Ag. Under Secretary.

No. 3347 C.

Forwarded to the Superintending Engineer, IV Circle, for very early reply to this office No. 3203 C., dated 27th August 1896.

Favour of return requested.

17th Sept. 1896.

(Signed) D. McNEIL CAMPBELL, Colonel, R.E.,
Joint Secy. to Government.

No. 3301 W., 18TH NOVEMBER 1896.

From A. A. G. MALET, Esq., Executive Engineer, Coimbatore Division, to the
Superintending Engineer, IV Circle, dated Coimbatore, 12th October 1896,
No. 3421.

With reference to your endorsement, No. 490/C.I., dated 2nd September 1896,
on Chief Engineer's memo. No. 3203 C., dated 27th August 1896, I have the honour
to forward herewith the revised estimate for putting an upper floor to the Govern-
ment Training School, Coimbatore, with data sheets for the revised rates amounting
to Rs. 6,750 for early sanction, together with the contract bond and contractor's
tenders for scrutiny.

2. The ceiling of the teakwood planks under the joists of upper storey have
been changed into cedar planks, as they are strong enough and decidedly cheaper
than teak.

No. 518 W.

Copy submitted to the Chief Engineer, Public Works Department, with refer-
ence to his memo. No. 3203 C., dated 27th August 1896.

Data statements showing the necessity for the increased rates are now submitted
and the amount of the revised estimate has now been reduced from Rs. 7,080 to
Rs. 6,750 owing to the substitution of cedar planks for teakwood planks for ceiling.

The Chief Engineer's No. 3347 C., dated 17th September 1896, with its enclo-
sures, are herewith returned.

19th October 1896.

(Signed) J. HANNAN,
Suptg. Engineer, IV Circle.

ORDER—No. 3301 W., dated 18th November 1896.

The revised estimate, amounting to Rs. 6,750, for constructing an upper floor to
the Government Training School for Masters at Coimbatore is sanctioned, in super-
session of the estimate of Rs. 5,080 sanctioned in G.O., No. 263 W., dated 30th
January 1894.

2. The outlay on the work to end of March 1896 was Rs. 4,753, and the grant
for the current official year is Rs. 5,828. The excess provision of Rs. 3,831 is
withdrawn and added to the Provincial reserve.

3. The countersignature of the Director of Public Instruction to the revised
plan and estimates should be obtained.

4. The sanction accorded in paragraph 1 has been registered as Provincial
No. 110 W. of 1896-97, and classified as Civil Buildings—Original Works.
