OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 19 December 1896

No. 13348

From

THE HONORABLE MR. D. DUNCAN, M.A., D.SC., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

Local & Municipal Department, FORT ST. GEORGE,

SIR,

I have the honour to request that as on previous occasions (G.Os. Educational Nos 76 dated 8th February 1896, and 775 dated 19th September 1895) the sanction of Government may be obtained for payment, to M.R.Ry.K.Narayana Rao, Assistant Professor, Law College, of remuneration at the rate sanctioned for Professors, for delivering lectures on the 'Code of Civil Procedure' for the Senior B.L. Class during the current term.

2 I was not able to apply for sanction earlier as the matter has only quite recently been brought to my notice. The Principal had already arranged for the delivery of lectures by M.R.Ry.Narayana Rao, although he had no authority to do so in anticipation of sanction. In justification of his action, however, he says that he knew that the members of the College Council were in favour of the permanent appointment of an additional Professor and that he thought it a similar ^{ple} course to request sanction for this proposal and to have M.R.Ry. Narayana Rao appointed as Professor, thus dealing with the question once for all. The proposal was accordingly laid before me, but I could not see my way to support it. The College rules require that the Principal should work fifteen hours a week, but the time tables submitted to this office showed that he has been lecturing for only five hours a week. When called upon

to report why he could not work the full number of hours prescribed by Government, he says ^{that he has} neither hours of instruction nor accommodation available for such work under existing conditions. This explanation is hardly satisfactory and is not consistent with the recommendation made by him that the First Assistant Professor should do Professor's work on payment of higher remuneration. It should have been possible to so frame the time-tables as to entrust the work now done by M.R.Ry. Narayana Rao to some other Professor, the Principal working the full complement of time prescribed by Government. This was not done and I was, therefore, not prepared to take up the question of the appointment of an additional Professor until it is seen what additional instruction is necessary after the Principal has undertaken the full number of hours laid down in the College rules. He lectures only five hours a week and he says that the hours of instruction do not permit of his working more. This is one more proof to show how impossible it is to work the College on the footing of a part-time College. If the College were worked as a day College the plea urged by him against his working the prescribed number of hours must fall to the ground. Mr. Nelson has requested that the number of hours prescribed in the rules may be reduced and I propose to address Government later on on the subject. I think that 15 hours a week is rather more than can be expected; but I am quite sure that one lecture of one hour's duration a day, together with the administrative work of the College, is not enough in view of the salary the Principal draws and the time devoted to lecturing and College work in other Professional Colleges and in Arts Colleges.

In view of the facts brought to notice above I would not under ordinary circumstances be justified in recommending payment of higher remuneration to M.R.Ry. Narayana Rao; but as the Principal seems to have made him understand that he will be paid at the higher rate for the work, I beg to recommend that sanction be accorded.

5. The increased charge may be met from the increased fee income of the College.

I have the honour to be,

Sir,

Your most obedient servant,

J. J. Suman
