123. Read papers connected with the proposals of M.R.Ry D. Seshagiri Iyer for making Hosur middle school self supporting.

Resolution: The Board considers that in order to make the Hosur middle school self supporting it is absolutely necessary to revert to the old standard rate of school fees which was recently reduced. The school is attended almost exclusively by boys residing in Hosur Town which place in the Board's opinion deserves no special concession as a backward locality. Resolved that Government be asked to sanction the levy of the standard rate of fees.

Sir,

I have the honor to submit for the approval of Government a resolution of the Hosur Taluk Board deciding to levy the full standard rate of fees from pupils in the Hosur Lower Secondary school with effect from the 1st of April 1896.

2. Until lately fees at the full standard rates were levied in the above school, but in Government notification No. 97 dated 22/9/94 (Vide G.O. 20668/16-10-94) the rate of fees was reduced on the ground that Hosur was a backward locality. The result of the reduction has been that the maintenance of the school entails a heavy cost

to the Board, as the masters are drawing high salaries which it is impossible to reduce while the school fee receipts are not nearly sufficient to meet the expenditure on account of salaries of masters. The members of the Taluk Board are unanimously of opinion that Hosur Town itself (whatever may be said of the outlying parts of the Hosur Taluk) has no claim to any concession in the matter of fees as a backward locality. Moreover the parents of the boys attending the Hosur School are, so far as the Taluk Board is aware, perfectly ready to pay school fees, as they have done for years past, at the full standard rates. The Taluk Board Finances are at a very low ebb and it cannot afford to maintain Secondary schools which are not approximately self supporting.

The Board is at the same time unwilling to deprive a large town like Hosur of its Secondary School. In order therefore to make the school self supporting the Board has decided to revert to the old rates of fees and has made provision for levying the same in its Budget proposals for 1896-97 recently submitted. I trust that under the circumstances explained Government will see fit to ~~appose~~ approve of the Taluk Board's Resolution and to issue the requisite notification for giving effect to the same.

I have the honor to be,
Sir,
your most obedient servant.

FOR ORDERS.

Under para 2 of the School Fee Notn. Govt. might sanction a reduced rate of fees & in that case higher fees might be charged, but under the Notn. appended to G.O. 16.10.94 1023 Ed Govt. direct that certain fees shall be levied at Hosur unless the order is rescinded they must be levied. Under the circumstances I think the proposed higher fees may be levied at Hosur, but express permission must be given to that effect.

The Taluk Board is not bound to levy the reduced rates prescribed for backward localities; it may levy fees in the Hosur school at the standard or even higher rates. vide para 2 of Art III of the School fee notification. Submitted that this may be pointed out to it.

It is probably perfectly right about the power of the people in Hosur Town to pay higher fees. If this is not done the Bd. will probably abolish or weaken the school, which wd. do more harm to education than raising the fees.

Hon. [illegible] is right

Yes. I assume the interpretation of the rule is right.

Note for Sec.

It is submitted with respect that H.M.'s interpretation of the rules is open to question, & that the principle in Art III. of the sch. fee Notification is not affected by the issue of G.O. 702-Ed. 22.9.94. Please see Art III of the old notifn. & draft Art III of the present notifn. on page 5 of G.O. 938-Ed 30.12.94. There is, however, no great harm in sending out the G.O. in its present form.
