Draft revision of paragraph 1335, Indian Army Regulations, Volume II, part I.

V. College of Engineering, Madras

1335. The following are the rules for the admission of non-commissioned officers and soldiers to the Engineer Subordinate Class of the College of Engineering, Madras:-

(a) Candidates for admission to this class must be soldiers of thoroughly good character, well recommended by their Commanding Officers & under 28 yrs of age.

(b) Each candidate's application for admission shall be forwarded by his Commanding Officer to the Principal and shall be accompanied by the following documents relating to the candidate:-

These are the Rurki rules – see p. 248 [illegible] of Army Regulns Vol II

(1) Extracts of regimental defaulters' and Court-martial books from the date of his entering the service.

N.B. Should there be no entries of any kind against him in these books, it will be sufficient to forward a certificate to this effect.

(2) Extracts from the company defaulter's book for the preceding two years.

(3) Certificate that he has never been dismissed from staff employment.

(4) A statement that the candidate is married or not married as the case may be.

(5) A certificate of perfect eyesight sound health and unimpaired constitution signed by a Medical Officer in the following form:-

> I certify that I have carefully examined ---------------------------------and that to the best of my belief his eyesight is perfect, and he has no disease, constitutional affection or bodily infirmity, unfitting him or likely to unfit him for active outdoor employment as an Upper Subordinate in the Public Works Department.

(c) ~~Shall~~ Should all these certificates, &c be satisfactory, papers of questions for the Entrance Examination will be sent by the Principal (with directions for conducting the Examination) to the Candidate's Commanding Officer.

(d) The following is a list of the subjects for the Entrance Examination which will be held annually in April.

N.B. The above examination will be held for the first time in April 1900.

(e) Applications for admission will be received by the Principal up to the Second Monday in March. The examination will be held on the last Monday in April, and question papers will be sent to Officers Commanding regiments. The five qualified candidates who stand highest on the list will be selected for admission.

(f) The names of the selected candidates will be notified and the men will join the College under Military Orders on the 1st July following.

(g) On joining the College they will bring with them

(1) Descriptive roll
(2) Record of Service
(3) Last pay certificate
(4) Last Clothing and bedding certificates
(5) Certified list of clothing and necessaries in their possession when quitting their regiments
(6) Certificate of the carriage if any furnished to them at the Government expense on leaving their regiments to proceed to Madras.

(h) The men, while studying at the College, will be considered as doing duty, and will remain on the strength of their respective regiments (without prejudice to their promotion and other advantages) until appointed to the Public Works Department. Staff Sergeants of British Regiments, however, will not be permitted to study at the College unless they resign their staff appointments. Soldiers of the unattached list will be required to resign their positions on that list, and revert to the regimental pay and allowances of the rank which they held previous to their transfer.

From

THE HONORABLE MR. D. DUNCAN, M.A., D.Sc., L L.D.,
DIRECTOR OF PUBLIC INSTRUCTION,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,
FORT ST. GEORGE.

Please see revised copy in C No 1097.

SIR,

I have the honour to submit, with reference to the enclosed endorsement No 124-C of the 9th January 1896, a revised draft of paragraph 1335-Volume II, Army Regulations-India, for favour of approval and transmission to the Chief Engineer. The present rulings have been amplified and recast on the lines of the fuller information afforded in paragraph 1330 as suggested by the Lieutenant General Commanding the Forces, Madras.

2. The chief variations between paragraph 1330 and the draft revised paragraph 1335 will be noticed below:-

(1) Civil candidates for admission to the Engineer Subordinate Class, who have passed the Matriculation Examination are now required to pass an entrance examination in English Composition, Handwriting, Arithmetic, Algebra and Geometry. In the revised rules under preparation, Drawing has been added, Government having sanctioned the inclusion of this subject in the entrance examination for soldier students, (G.O. No 128 Educational dated 5th March 1894). Drawing is an ordinary subject of instruction in the upper secondary forms and an elementary knowledge of it would be of much use to candidates entering the College of Engineering. The inclusion of the subject

Ed. Cor.

subject will not be a hardship as a separate minimum is not required. The test for civil students as above is proposed for soldier students also in clause (d), and as both civil and soldier students of the Engineer Subordinate Class undergo the same course of study and the same term and final examinations, there is no necessity for any difference in this respect. The Thomason College scheme provides for the entrance examination being held in Hindustani as an alternative subject, instead of Drawing; but as Drawing has been included in the Madras scheme of examination as a compulsory subject, a test in the vernacular seems unnecessary. Most civil candidates have passed an examination in a vernacular language up to the Matriculation or a higher standard. As regards soldier candidates Major Love writes:-

" In G.O. Educational No 807 dated 7th October 1895, Government ordered that vernacular language should form one of the subjects of examination as is the case at Roorkee. Enquiry shows however that, while in Northern India there are regimental Munshis who teach Hindustani, no special facilities for the acquirement of Tamil or Telugu are offered to men in British regiments quartered in the Madras Command. I am of opinion, therefore, that the inclusion of Language in the entrance examination would seriously reduce the numbers offering for admission, and I beg that Government be moved to reconsider their decision on this point.

"Under G.O. Educational No 807 dated 7th October 1895 the present probationary period is to be reduced to six months during 1896, 1897 and 1898. The last entrance examination under the present rules will accordingly be held in November 1898 and the successful candidates will join the Engineer Subordinate Class in July 1899. The first examination under the new rules will be held in April 1900 and the successful candidates will join the Engineer Subordinate Class direct in the following July. In view of the length of time which must elapse before the new rules come into force, a note has been added to clause (d) embodying the present rules.

"The admission of five candidates annually as laid down in clause (e) and the guarantee of two appointments in clause (g) is authorized by G.O. No 1934-W, Public Works, dated 3rd April 1894.

613 Ed
18-8-94

"The other provisions made in clause (g) are designed to carry out the proposals of Mr. Ashpitel in paragraph 8 of his note published with G.O. No 2666-W, Public Works, dated 28th October 1895.

2579 Ed
15-11-95

They vary slightly from the original recommendations made by me in paragraph 13 of my No 115-C dated 27th April 1895.

"In clause (v) I have introduced some information regarding the prospects of soldiers in the Public Works Department, the publication of which in Army Regulations should encourage men to study for the entrance examination."

I fully endorse this view and as both civil and soldier students undergo an examination in a vernacular at the final examination before the College Board of Examiners a preliminary examination in a vernacular may be dispensed with.

(2) No concession, corresponding to that in clause (f) of paragraph 1330 is necessary or desirable. The general attainments of both civil and soldier students should be the same if they are to profit equally by the instruction given in the College and pass the same final examination.

(3) No provision corresponding to (k) of paragraph 1330 seems necessary as the Civil Service Regulations will govern payment of all travelling allowances.

(4) No provision is necessary for remand to their corps of soldier students failing at the term examinations as provided in clauses (g) and (s) of paragraph 1330, as the general provision in clause (m) of the draft paragraph 1335 will meet such cases.

(5) Clause (t) of paragraph 1330 provides for special certificates in certain cases. This is not necessary according to the Madras Scheme.

3. The other variations are merely verbal and call for no special remarks.

In reply to memorandum No 1669, Educational, dated 18th ultimo, I have the honour to state that the note to Clause (d) therein referred to which was first intended to be inserted, was subsequently omitted as it related to temporary arrangements in connection with the examination of soldier students up to 1899. Note by the Chief Engineer, Public Works Department:

Clause (a) of the draft rules.

No age limit has been fixed for admission to the Madras College of Engineering. It is true that in the "suggestions" printed with G.O. No. 2666 W dated 28th October 1895, the abolition of the age limit was expressly advocated, but 28 years has now been laid down as the limit of age for admission to the Rurki College, and the undersigned considers that the same rule should be adopted in Madras. A man entering the Madras College at a greater age than 28, and joining the P. W. Department after undergoing a course of 3½ years, would probably have to retire under the 55 years rule long before he reached the higher grades.

Clause (g). The undersigned is unable to agree to the provision that "other soldier students will compete with the Civil students for the remaining vacancies which are from time to time notified". If soldier students are allowed to compete with Civil students for the remaining vacancies they should in fairness be appointed to the P. W. Department as 3rd grade overseers, but the Government of India has already declared that the rule under which soldiers are appointed direct to the 1st grade, was introduced with the sanction of the Secretary of State and cannot be altered.

The

The undersigned considers that not more than 2 men per annum should be appointed 1st grade overseers, and that the Civil students should not be deprived of any of the few appointments which now fall to them. The words "as likely to be available" have been omitted after "notified" in this clause, but this does not require notice if the ~~sanction~~ sentence is to be expunged.

Clause (V) last sentence. For "military promotion on the unattached list will proceed at the same time with Departmental promotion" should be substituted "military promotion will proceed in accordance with vacancies in the scale of warrants laid down by the Government of India for the P. W. Department."

Revision of para 1335 of the Indian Army Regulations Vol II. re soldier students of the College of Eng.

FOR ORDERS.

In cuo. 1506, the Chief Engineer. P.W.D. proposes the following alterations in the revised draft of para 1335 of I.A.R. vol II, submitted by the D.P.I. with cuos 913 & 1094.

Clause (a). The C.E. considers that the age-limit for soldiers desirous of entering the College of Eng- should not be abolished & that 28 years, as in Rurki College, should be fixed as the limit of age. The present limit is 25 years - vide existing para 1335 (2) a of Ind. Army Regs. vol II.

The C.E's suggestion may be approved.

Yes B.R. 7.1.97

Clause (g) - The C.E. suggests the omission of the following sentence in the clause:-

"Other soldier students will compete with the civil students for the remaining vacancies which are from time to time notified."

The C.E. considers that civil students should not be deprived of any of the few appointments which now fall to them, by allowing military students, to whom two appointments are reserved, to compete also for the remaining appointments.

Submitted that the proposed omission may be approved.

S.R. 7/1·7

Clause v. It is proposed that the words "military promotion will proceed in accordance with vacancies in the scale of warrants laid down by the Govt of I. for the P. W. Dept." ~~for~~ should be substituted for the last sentence of the clause. This alteration may also be approved.

See as above — the modifications proposed by the D.P.W. may be accepted

The D.P.I.'s ~~proposal~~ omission of the Vernacular language from the subjects of exam. under clause (d) may also be approved.

The D.P.I. omits clause (k) & and (l) of the Rurki rules — as to travg. allces on joining — inasmuch as he considers the C.S.Rs. govern such payments. But this is scarcely the case so far as I can find out. Art 1190 p 326 C.S.R declares that ordinarily t.as. are not granted on joining first appt., much less: a college to undergo training. Art. 1210 p.320 applies to military officers joining an appt in the Civil Dept. We may ask the A.G. whether these clauses shd be retained or whether the C.S.Rs. do cover the case. Subject to this the draft at the begg. of these Note may perhaps be passed.

No. 291

From
F. C. Harrison Esqre,
Offg. ACCOUNTANT-GENERAL TO THE
GOVERNMENT OF MADRAS,

To
THE Secretary to Government,
Educational Department.

SIR,

With reference to memorandum No. 118 dated the 18th of January 1897, Educational, requesting me to report whether the statement made by the Director of Public Instruction in paragraph 2 (3) of his letter No. 7521 dated 22d July '96 is correct or whether separate provision on the lines of clauses (k) and (l) of paragraph 1330 of the Army Regulations Volume II requires to be made to regulate the payment of travelling allowances to Military Students, I have the honour to state that there is no provision in the Civil Service Regulations for granting travelling allowances to military students for the journey performed by them for joining the College of Engineering on their first admission, and for the journey which

they

they have to make at the end of their two and a half years' theoretical course, to the site of the work on which they are to serve their one year's practical course as apprentices. But under Article 1191 (a) of the Civil Service Regulations travelling allowance may be paid to them when they proceed to join their first appointments in the Public Works Department. It seems therefore necessary that separate provision on the lines of clauses (k) and (l) (first part) should be made to regulate the travelling allowances of these students.

I may add that actual travelling expenses of students (Civil and Military) who go on survey tours during their course in the College are paid under Government Order No 488 Educational dated the 10 July 1893 and debited to Contingencies.

This has no bearing on the case under consideration

I have the honour to be,
Sir,
Your most obedt. Servt.,

J. Harrison

With the first of the foregoing letters the D.P.I. submits a draft of para 1335, Vol II, Army Regulations, as he proposes it should be recast.

2. The D.P.I.s omission of the Vernacular language from the subjects of examination under clause (d) is approved as also the modifications proposed by the C.E. in clauses (a) (q) & (v).

3. The Director's view that the C.S.R. govern the payment of all travelling allowances to military students is incorrect and separate provision on the lines of clauses (k) & (z) of para 1330 requires to be made.

4. The D.P.I. will be requested

to revise the draft accordingly and submit it for the final approval of Govt.

Note. Military students may draw travelling allowance for joining the divisions to which they are posted under G.O. No. 427 Ed d 12th June 1890; but it seems preferable to make separate provision in the para under revision.
