The Chief Secretary to Government
 through the Director of Public
 Instruction

Sir,

Madras.

With reference to G.O. N^o: 977 Judicial dated 8th June 1896, regarding the will of the late Mr. A. V. Narsinga Rao, I have the honour to forward a note of opinion as to the best way of carrying out the testator's wishes arrived at by the Executors at a conference with the Director of Public Instruction held at Waltair on the 22nd January 1897.

2. The annual income arising from the bequest may be set at about Rs. 3500 per annum and would not go far towards starting a new College. We therefore propose to take over the existing Hindu College from the Committee which

which at present manages it and
which is willing to transfer it uncondition-
-ally to us. It was some years ago a
prosperous institution, liberally supported
by the Zemindars of the Vizagapatam
District. Their subscriptions were how-
-ever withdrawn some years back owing
to the additional burdens thrown on
them by a revision of the Land Cess
demand and the College deteriorated
very seriously owing to want of funds
and dissensions amongst the members
of the Managing body. In 1889 or 1890
a new and well qualified Headmaster
was secured and the management
of the College was placed on a satis-
-factory basis, and since then it has
done well but has not been able to
meet its expenditure in full from
its income, which consists almost
entirely of the grants it earns and
students fees. At the time of

Mr. Narsinga Row's death it had become
evident that the institution would
have to be closed or the scope of its
work greatly reduced, but on the fact
that he had left a large bequest -
becoming known all concerned were
unanimous in considering that the
best thing which could be done with
it was to hand it over to the Executors
as a basis on which to construct the
Mrs. Chakraborty Venkata Narsinga
Row College. The Committee consequent-
-ly allowed expenditure to continue
on the existing scale in anticipation
of the early transfer of the institution
to the Executors, the excess expenditure
being met from certain investments.
The Director of Public Instruction will
be able to furnish a report on the
present condition of the College which
I believe will be satisfactory. The
Committee has passed the necessary
resolution

resolution agreeing to the transfer.

3. We consider the arrangement a most satisfactory one from our point of view as we obtain a commodious building with furniture &c free of cost. I am unable to say what the building will fetch when the new College is built but I think that I am not far wrong in estimating the total value of the property which the trustees will acquire at at least Rs 20000.

4. I trust that Government will approve of the general lines of the "Executors' proposals". I am doubtful of as to whether that with regard to the income being received and expenditure & audited by the Local Fund Board is inadmissible but if it can be done it will greatly simplify the work and responsibility of the Committee.

I have the honour to be,
Your most Obedient Servant,
W. D. M. M.

Memorandum of result of a conference held at Wallah with the Director of Public Instruction on 22nd January 1897.

The Executors agree to take over the Hindu College with its assets, liabilities, buildings, furniture &c, with effect from the 1st January 1897. Mr. Willock will consult Messrs Barclay and Morgan regarding a deed of transfer.

2. They consider that the most convenient way of controlling expenditure would be that all receipts should be paid into the Local Fund Board, which would hold the revenue of the institution at the disposal of the local governing body, of which the Collector will be the head. It would however exercise no control over the expenditure. Payments would be made by the Collector as chairman, by cheques and the expenditure audited by the Local Fund Audit Department.

Department. The securities would remain in the Custody of the Collector and would be duly endorsed to him as President of the Local Fund Board to enable him to draw the interest.

3. The management of the institution should vest in a committee consisting of five members, whereof the Collector for the time being should be one and should be chairman. The Inspector of Schools and the three executors should be the remaining four members. Each executor should have power to nominate another gentleman to act as his deputy. On the death of any of the executors the remaining members of the Committee should nominate a suitable person to take his place, subject in the case of Mr. Jagga Row, to the condition that if a qualified member of the Ankita Family be available he should be selected.

4. The executors do not see how a satisfactory title can be obtained for the land on which the testator has suggested that the College should be built during the Danis' life time, and are therefore compelled to postpone consideration of the question of building a new College for the present. The interest on the Rs. 15,000 bequeathed for the building should be added to the Capital as it accrues to form a building fund.

5. The executors do not see their way to discussing the manner in which the bequest can best be devoted to the development and improvement of the existing institution, which is to form the basis on which the Mrs. Ankita Venkata Narasinga Rows College is to be established, until the approval of Government has been obtained to the general

general scheme for the management of the endowments detailed above and thinks it better that the details should be left to the proposed Committee for settlement. They however desire to record their opinion that a portion of the income should be devoted to the furtherance of technical education and that the direction in which this can be most advantageously done is the establishment of classes for drawing, Commercial Correspondence &c and Carpentry.

6. The Executors resolve also to place Rs 2000 at the disposal of existing Committee of the Hindu College to meet urgent expenses pending final settlement of the questions dealt with above.

SUBJECT.

Mrs A. V. Nursinga Rao's College

FOR ORDERS.

The late Mr. A. V. Nursinga Rao of Vizagapatam left one lakh of rupees for the establishment of a College in that town and fifteen thousand rupees for erecting a building for the College. In G.O. no. 643 Public & 12th September 1892 the Govt accepted the trust appointed the D.P.I. to manage it on behalf of Govt and called upon that officer to prepare and submit a scheme for the foundation, maintenance &c of the College.

Mrs. A. V. Nursinga Rao contested the will and probate was obtained by the executors only last year.

In G.O. no. 977 Jud. & 8th June 1896, the Govt requested the D.P.I. to expedite the submission of the scheme for the establishment of a

College called for in 1592 and called on
Mr. Willock, one of the executors, to
ascertain from Mr. R. V. A. V. Jagga Rao
son of the testator, whether he consents
to the building for the college
being erected in the grounds of
his house at Cottapeta as suggested
in the will.

In the current under notice
Mr. Willock submits a scheme for
the establishment of a college.
He proposes to take over the existing
Hindu College at Vijayapatnam
with its assets, liabilities &c. and
to vest the management of the
institution in a committee con-
sisting of five members, the Collector,
the Inspector of Schools, and the three
Executors. The executors are Mr.
Willock, Mr. R. V. A. V. Jagga Rao, son
of the testator, and P. T. Srinivasa
Aiyangar, the Headmaster of the
Hindu College. It is also proposed
that the receipts of the college
should be paid in to the Local
Fund Board which should hold
the money for the managing
committee but without exercising
any control over the expenditure.

I do not understand this.
Under the Ad. Genl. Order
given in 1892 Mr. Willock is
executor only as collector
— not in his personal but
in his official capacity.
Having ceased to be collector,
he is no longer executor.
His proposal commits the
Collector to the will.

This is so, but I have my doubts
as to the correctness of Mr. S. S. Aiyangar's
opinion. But it does not matter now if
he was correct or not as the Collector
has been being "convincedly" approved of the
scheme. It 24/5/93

I doubt if this is
feasible, but I think
it might be done if

Yes
It

This means that the Local Fund
Board should act as a Bank
for the managing committee and
seems to be objectionable. It is
also proposed that the Local
Fund Audit Dept should audit
the expenditure of the college.
Unless the management of the college
is made over to the Local Fund
Board it cannot, it seems, under-
take to audit the expenditure of
the college ^{or} ~~and~~ to receive the revenue
of the college.

It is further said that the securities
would be endorsed to the President
of the Local Fund Board. This is
contrary to the provisions of the
will. Under the will the money
has been bequeathed to the Govt
to be held in trust for the esta-
blishment and maintenance of
a college. Under Art 173 C.A.C.
the money should stand in the
name of two Govt officers — the D.P.O.
and the A.G. — as in the case of other
endowments and the securities should
remain in the custody of the A.G.
Or the Govt may vest the property in
the Treasurer of Charitable Endowments
who will draw the interest and

it to the Administrators of the College - vide Ch 12 of H. C. A. Code.

It is said that this Scheme was settled at a meeting of the executives at which the D.P.I. was present. The D.P.I. has forwarded the Scheme without any remark and it may perhaps be presumed that it meets with his approval. He does not even explain why he has not himself formulated a Scheme as directed by Govt.

There seems to be no objection to taking over the Hindu College; but the proposed Committee of management does not appear to be a satisfactory one. Mr. Willock is not a resident of Vijayapatnam; the Inspector of School is a touring officer and the Collector ~~is not a resident~~ ^{to} ~~is not a resident~~ ^{to} may not find sufficient time to attend to the affairs of the College. The management thus practically rest in Mr. P. V. Jagga Rao & P. J. Srinivasa Aiyangar, the Headmaster of the College. Practically Srinivasa Aiyangar will become the sole manager and such a State of things is not desirable in the interests of

ORDER.

2107 10-4-97

With the foregoing letter Mrs. Willock submits a scheme for the establishment of a College at Vizagapatam with the funds left under the will of Mr. A. V. Narasinga Rao. The scheme

described as having been drawn up by the executor of the will at a conference with the Dir. of P. D. held at Waltair.

has been forwarded through that office who, it may be presumed, agrees in but he has not given his opinion on the recommendations which it embodies.

This scheme however presents certain difficulties and it will accordingly be

referred back to the D.P.J. for reconsideration with reference to the following remarks :--

- (1) The Govt has no objection to the proposal to take over the existing Hindu College at Vizagapatam with its assets and liabilities and to improve and develop it under the name of "Mrs A.V. Narasinga

For doubts whether the
College, but the Committee proposed office
for its management ~~is not~~ ^{the M. S. & the Inspector of Schools}
with Messrs Willock, A. V. Janga Rao (a representative of
the Ankuram family) & P. T. Srinivasan Dyapur Principal of the Hindu College —
The Collector and the ^{are} ~~Inspector of Schools~~ ^{will by the}
~~public officers with laborious duties~~ ^{is likely to constitute a}
~~which will prevent them~~ ^{suitable board of direction.}
~~from devoting much attention~~

to the working of the institution,

^{while} ~~as may be necessary and~~ Mr Willock
has left Vizagapatnam and
can not be expected to take an active
personal

part in the management, being
~~kept away from Vizagapatnam~~
~~by his official duties.~~ The ^{direction} ~~management~~

~~management~~ of the institution will in
consequence be ^{practically} ~~left~~ ^{entirely}
in the hands
of the remaining two executors;

^{This} ~~Such a state of things~~ is not altogether
desirable in the interests of the College
more especially ~~xx~~ when one of the
two members is the ^{educational} head of the
institution.

(2) ^{Another} ~~The~~ proposal is that the
L. T. Bd. should ~~be required to~~
hold the revenues of the College
without ^{however} ~~exercising~~ any control
over the expenditure ^{while} and the
L. T. Audited debt should ~~be~~

~~required to audit the accounts~~
of the College. ^{This proposal seems to be}
~~the only one which~~

impracticable. Unless the manage-
ment of the College ~~is made to~~ ^{shall}
rest in the L. T. Bd., that body, ^{it is believed}
~~it would appear, cannot act as~~
~~the agent & banker of the Committee in~~
~~the manner has been proposed, and it is~~
~~doubtful whether Govt can~~
~~order it to do so.~~

^{Rodges}
(3) ~~The~~ proposal to endorse
the securities of the fund to
the President of the Local Fund
Board ^{appear to be} ~~is not~~ in accordance
with the terms of the will of
the testator. Under ^{the will} the Govt
is the trustee of the fund and
^{by} ~~under~~ art 173 of the C. A. Code
the securities of funds held in
trust by Govt ^{must} ~~should~~ stand
in the name of two Govt
officers and ~~should~~ be in the
custody of the A. G.
