Sir,

In submitting endorsement no 1042/16.2.97 of the Inspector of Schools, on a petition from the inhabitants of Nampad in Ernad Taluk, I beg to report.

to its head. By his exertions, the school is now in a satisfactory condition. Among the pupils are five pure Mangals (Sayyids or descendants of the Prophet) of whom 4 passed the first standard at the recent grant examination. This is a most hopeful sign, considering that the Mangal class have all along bitterly and persistently opposed to secular instruction and have advocated religious teaching alone.

3. Mr. Dance, the Collector of the District recently visited the school and was satisfied with its condition.

4 I have previously suggested that the school cannot possibly be placed on the Taluk System but [illegible] an English teacher. It could then be easily raised to the status of a lower Secondary School under a qualified and efficient teacher.

5. I have tried to devise some means whereby to convert the school, at the close of the year, into a Salary Result institution, but not having succeeded I am constrained to ask for an additional allotment. In doing so, I beg to be permitted to quote the following remark made by the Collector after examining several schools in Ernad Taluk —

"There are many schools now where a large percentage of the boys acquire a very considerable knowledge of reading and writing. The reason why no [illegible]

From

THE HONOURABLE MR. D. DUNCAN, M.A., D. Sc., LL.D.,
DIRECTOR OF PUBLIC INSTRUCTION,

To

The Secretary to Government,
Local & Municipal Department,
Fort Saint George.

SIR,

I have the honour to return Endorsement, No. 2402, Educational Department, dated, 19th November 1896, with the remarks of the Inspecting officers of the Department, in original, from which it will be observed that there is already an efficient private Mappilla School at Manbat, Ernad Taluk (Malabar), aided on the results system. I cannot, however, see my way to supporting the recommendation of the Inspecting officers that the school be taken over either by the local Board or by Government, seeing that public funds are already being spent largely on the direct management of salary-results schools. The petitioners may be informed that liberal results grants will be paid to the school so long as it continues to be efficiently conducted.

I have the honour to be,
Sir,
Your most obedient servant,

D Duncan

Director of Public Instruction.

of Public Instruction and reference to his endorsement no: 1216 8.2.97 herewith returned.

2, The petitioners have a school now in manpad and it is reported to be well attended and satisfactorily conducted. The Sub-assistant, however, seems to doubt its permanency unless it is taken over by the Board and constituted a Salary Result School. I fully agree with him in this view, for I know that for sometime to come it is impossible to make Mappilla education a success under the result system - pure and simple. I therefore strongly recommend the taking over of the school by the Malappuram Taluk Board, which is likely to develope into an efficient Upper Primary school, if not a Lower secondary school, if properly managed and supervised.

H. E. THE GOVERNOR.
THE HON'BLE MR. BLISS, C.I.E.
THE HON'BLE MR. GROSE, C.I.E.

FOR ORDERS.

In G.O. no. 1770 judicial dated 10th nov. 1896, this Dept was furnished with an extract from a petition from the natives of manbat Amsom in the Ernad Taluk, praying that a school might be opened at manbat for the education of the children of the mapillas. The D.P.I. to whom the extract was referred for report states that there is already a private mapilla school at manbat, that he does not approve of the recommendation of the Inspecting officers that the school ~~might~~ should be taken over by Govt or the Dt. Board and that the petitioners may be informed that liberal results grants will be paid

to the school so long as it continues to be efficiently conducted.

The results grants are now paid under the "assignment" system. vide ch IV of the Grants in aid Code
This system has not worked satisfactorily and is to be replaced by the "fixed" grant system.
The maximum results grants to be assigned to a school under the assignment system is the sum required to meet its net cost, but during 1895-96 only about 35 per cent of the net cost were assigned. vide art 14. ch IV do-
This small proportion of aid cannot be called liberal and under this system the permanency of results school is not assured.

The necessity of advancing education among the mappillas of the Ernad & Walavanad Taluks has been recognized in G.O. no. 530 Ed. dt 24th June 1895 and in para 9 of G.O. no. 1567 Jud. dt 30th Sept. 1896, the D.P.I. has been requested to report upon the subject. His report has not been received yet.

Orders are solicited as to whether the private school at Mambat should be taken over Govt!

I agree with the Sec
9/5/97

H.M. The school seems to be working very successfully as it is: & the D.P.I's recommendation to leave it alone may for the present at any rate be accepted. The whole q^n of Mappila edn is now under consideration & the case into which the D.P.I's Annual Report is to be
