To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

FORT ST. G

SIR,

I have the honour to submit for your
additional estimate for Rs 10,608 for laying
water to the Professors' lavatories in the new
College buildings and for carrying on the stairs
in the main spiral Towers to the level of the roof.
These improvements are considered by the Principal
to be absolutely necessary.

I have the honour to be,
Sir,

Your most obedient servant,

D Duncan

Director of Public Instruction.

No 56.

Law College.

Madras, 11th August 1896.

From

The Principal,

To

The Director of Public Instruction, Madras.

Sir,

With regard to the enclosed papers and your endorsement thereon No 8451 dated 6th August 1896, I have the honour to say that it appears from the figures that about half of the estimate Rs.10608 is on account of the proposed stair-cases in the two towers. This portion of the estimate might be reduced by half by providing a staircase in one tower only which is all that is really necessary in order to provide access to the rooms on the roof.

2. If however this reduction is not considered sufficient it would be better to drop the stair-case scheme altogether and proceed with the alterations depicted on the enclosed plan for securing private rooms for the teaching staff and with the lavatory accommodation. Whilst access to the rooms on the roof by means of a stair-case in one of the towers, at least, is most highly desirable, the provision of private rooms and lavatory accommodation is in my opinion absolutely essential and without them the building is quite unsuitable for the purpose for which it is intended.

3. I may add that I have been led to understand by those in charge of the works that the building operations have been carried out so well within the estimate that it is really doubtful whether any supplemental estimate on account of the three objects referred to is necessary. As to this however I, of course, know nothing personally.

I have &c

(Sd) B.A. Nelson,

Principal.

Director of Public Instruction

ERS

Wright

Law College,
Madras, 5th November 1896.

From

The Principal

To

The Director of Public Instruction,
Madras.

Sir,

With reference to the accompanying estimate of the Consulting Architect to Government for the proposed additional works to the new College buildings amounting to Rs 7816, I have the honour to say that, although I regard the access already provided to the rooms on the roof as entirely inadequate, it would be better to drop the proposed stair case in one of the towers (thereby reducing the estimate to Rs 5336) than to risk any further delay in the execution of the other essential additions.

2. The estimate of Rs 5336 for these additions is made up of Rs 952 for structural alterations and Rs 4384 for water supply, lavatories &c. With regard to the latter part of the estimate I may say that my attention has lately been drawn to the fact that no office accommodation for the Clerk has been provided in the building. I would accordingly suggest that what would have been the Director's

0 25 5
32 54 17
4383

7
24

5

46 603

latory to one of the two Professor's rooms on the
and floor should be devoted to the purposes of
office, for which it will afford sufficient, if
very ample, accommodation. Accordingly I
assume that, if this be done, this part of the
staircase may be reduced by one quarter, since
of the total of four lavatories will not be
needed.

I trust that the sanction of Government may be
obtained for these works at an early date.

I have &c.

The Principal
To

The Director of Public Instruction,
Madras.

Sir

In reply to your endorsement No. 472 dated 18th
January 1897 on the letter of the Consulting Architect
to Government enclosing an estimate amounting to
Rs 4651 for providing in the new buildings four private
rooms for the members of the teaching staff and
water supply to and lavatory accommodation for
three of the said rooms, I have the honour to
return the papers in question herewith with the
remark that I consider the proposed addition
entirely satisfactory.

I would further remark that by abandoning
the scheme for further staircase in the towers, the
estimate for additional works in the College has
been reduced from Rs 10608 to the above figure.
(Vide Proceedings dated 6th August 1896, & No. 8451).

SUBJECT.

Additions to the Law College buildings

FOR ORDERS.

Ed-l.

Bring me a plan & show what is proposed.

What is the cost of forcing the water up 40 feet?

M.
1572

In June last the D.P.I. submitted for sanction estimates amounting to Rs 10608 for laying on water to Professors' lavatories in the Law College buildings and for continuing the steps of the main towers to the level of the roof. These estimates were returned to the D.P.I. with the remark that such a large expenditure could not be sanctioned unless the necessity for it was clearly shown.

In No 160 the Director submitted a revised estimate amounting to Rs 4651 for providing four new rooms for the Professors of the College with water supply and lavatory accommodation for three of the rooms. The proposal for continuing the stair case has been abandoned.

555-8
22000/57
4383
Ed-l. No 8 to C. No 603 Ed-l.

Orders are solicited as to whether the estimate may be approved! The Principal states that the provision of private rooms and of lavatory accommodation is absolutely essential and that without them the building would be quite unsuitable.

Wd
12/12/97

Ask the D.W.D. to state what proportion of the estimate is due to the cost of forcing ~~charged~~ water up 40 feet to the upper rooms. (If this is considerable I do not see why the extra cost shd. be incurred: the main lavatories may be down stairs & any the water wanted for Principal's room carried up by hand)
