To

His Excellency

Sir Arthur Edibank Havelock G.C.M.G.; G.C.S.I.

The Right Honourable Governor-in-Council

St George  
Madras.

May it please your Excellency:— On behalf of the Godavari District Teachers' Association of which we have the honor to be Secretaries, we most respectfully beg that your Excellency will be highly pleased to take the following resolution (with memorial) passed at the Second Godavari District Teachers' Conference held at Rajahmundry on the 2<sup>nd</sup> & 3<sup>rd</sup> January 1897 into your Excellency's benign consideration and to pass orders favourably.

Memorial.

The Teachers are ill-paid and they are all family men. Generally every teacher is a married man and he has to look after his own family affairs although he sold his body to Government or Local Board.

The Government was pleased to accord its sanction to holidays for schools and in these holidays only the teacher has to manage his own affairs. It is true a teacher has legitimate business in almost all minor holidays and it is in long vacations a teacher looks after his own affairs. Whenever he wants leave owing to urgency

he will be given leave on loss of pay.  
Teachers are not being given privilege  
leave although they served for years  
together.

Being afraid of loss of pay which  
is hardly sufficient for a family of two  
persons, a teacher arranges to look  
after his own business in authorized  
holidays. And if those holidays are not  
utilized he will be put to considerable  
loss. Generally Christmas vacations  
only are the harvest time at which  
all land affairs are to be settled  
and those vacations only are being  
obstructed to be utilized by the  
Inspecting Officers, throwing the  
teachers into considerable loss.

Although they may be allowed  
at another time, they are ~~of~~ <sup>not</sup> of  
much use as the previous arrangement  
is totally disturbed.

There has been an order that  
no suspension is to be conducted  
on Sunday but the other authorized  
holidays also are to be utilized  
by these teachers. By allowing the  
authorized holidays to be utilized  
by teachers, there is no loss either to  
Correspondence or to any other such  
thing as the teacher does not leave  
station in minor holidays but in  
long vacations arranging for urgent

CHIEF SECRETARY  
GOVERNMENT OF MADRAS

May it please your Excellency:— On behalf of  
the Godavari District Teachers' Association of which  
we have the honor to be Secretaries, we most  
respectfully beg to state that your Excellency  
will be highly pleased to take the following  
Memorial with Resolution passed at the Conference  
of the Association held on the 2<sup>nd</sup> & 3<sup>rd</sup> Jan 1897  
into your Excellency's benign consideration and  
to pass orders favourably.

Memorial (Free Scholarships)

When the Schools were first organized  
all pupils were free scholars. In a course of time,  
poor boys only have room to continue their  
Education without paying fees; but the  
number of free scholars is however limited  
to 15 P.C to the number on rolls of a School.  
Therefore poor boys had means of evading  
their poverty. After that the percentage  
is diminished to 10 P.C.

But now for reasons unknown  
the system has been entirely abolished in  
public Schools giving a fatal blow on  
the progress of the education of poor boys.  
After all the country did not so improve as  
to lessen the number of the poor.

Although this system is reintroduced  
the loss incurred to Public Schools is

not much and the system is in our humble  
opinion allowable and charitable; and the  
poor boys may be given free education  
so that they may not be blind to the world  
and useless to the family

We therefore most respectfully beg  
that your excellency will be highly pleased  
to kindly allow free scholars at 10 P.C of  
the number on rolls of schools (at least  
in lower Secondary & Primary schools)

Resolution passed at the Second Godavari  
District Teachers' Conference held at Rajahmundry  
on the 2<sup>nd</sup> & 3<sup>rd</sup> January 1897.

"That this Conference urges the necessity of  
reviving the system of free scholarships at  
least in Primary and Secondary Schools which  
are mostly attended by very poor people  
and that the loss thus incurred by Managers  
of schools may not be taken into account  
under receipts in calculating the net income."

several difficulties, which these ill-paid  
teachers are put to, may be removed.

Memorial. (Grants)

Provincial Grants are being distributed  
according to the net cost of each school and  
in case the Provincial Grant allotted is  
insufficient, some percentage has been  
decreased. It has been, according to the  
article 9 Chapter III of the Grant-in-aid Code,  
in the practice of holding a Conference  
of the Inspecting Officers in March every  
year to fix the portion of Grant for each  
School having regard to the net cost of  
it and to prepare & lists to be submitted  
to

rule 16

If these suggestions are observed they will relieve these thousands of poor teachers from their present difficulties causing no more expenditure to the Government. The whole allotment will be duly spent before the close of the official year and will be distributed among the teachers according to their pains and the object of Government in introducing this salary-result system will be fairly
