The Consulting Architect and the Principal College of Engineering recommend that Gunner J. Mahony, Apprentice Overseer, who has recently been transferred from Madras to the I Circle for famine relief duty, be brought on the permanent establishment as Overseer 1st grade from the date of his transfer. Under para 53, Chapter II, Vol. I, P.W. Code, a passed military student of the College of Engineering must serve one year's apprenticeship to become eligible for permanent appointment, and as Gunner Mahony at the time of his transfer, had not completed seven month's apprenticeship, the relaxation of the rule in his case will be submitted for the favourable consideration of ^{the} Government of India.

2. The Principal College of Engineering further recommends that all Engineer and Engineer Subordinate students who are employed on famine relief works during their year of practical training be appointed temporary overseers and paid regular salaries, in place of the usual subsistence allowances. These students have, however, in G.O.No. 1670 W dated 18th June 1897, been granted a special famine allowance of Rs. 30 per mensem, in addition to their subsistence allowances
