SIR,

I have the honour, with reference to the enclosed copy of a letter from the Principal, Medical College, to enquire whether any orders have been passed regarding the admission into the apothecary department of the Medical College of A.H. Wheatley and J.E. Branson, two students from the Straits Settlements, the only communications received from Government on the subject of the admission of Colonial apprentices being G.Os. Nos. 424 and 464 Educational dated 26th July and 10th August 1897 respectively. If no communication had been received from the Straits Government in the matter, I beg to request that the Principal's action in having admitted the two students named above may be approved at an early date.

Sir,

I have the honor to enquire whether any
G. O. has issued, authorising the admission
into the College of the marginally named
Colonial apprentices. They were allowed to
join the class on the strength of the enclosed
letter from the British Resident, Perak, and
in anticipation of the receipt of the usual
order from Government for want of which
it does not seem possible to draw stipends
for these students.

NOTE FOR THE SECRETARY.

No communication on this subject has been received from the Govt of the Straits Settlements. Orders are solicited as to whether the admission of the students into the medical college may be sanctioned & whether the payment of the usual stipends may be authorised. The charge for telegraphing to Singapore appears to be prohibitive, it is Rs 1-15 as a word.

Yes, if the letter from the British Resident Perak gave sufficient cause. But what was that letter? I have not seen it.

I suppose the admission may be sanctioned in anticipation of a communication from the Straits Govt. We may meantime write
