From

To

The Secretary to Government;
Educational Department,

Sir,

As the question of providing the
Madrasa-i-Azam with a suitable
building is now under the consideration
of Government I beg to offer for
sale my house and garden measuring
about 32 canies or any portion thereof
that may be required for the purpose
with a view to the speedy and easy
achievement of the long cherished
object of the Board of Mohammedan
Education in Madras. The property,
now in the occupation of Surgeon
Lt.-Col. Maitland is situated in Peter's
Road, Royapettah and is thus in a
convenient locality for the large
number of Royapettah and South
Triplicane Mohammedan students,
whose

whose education is in a backward state. As most of these are poor and have to walk to school it is necessary that the school house should be handy and in this respect my building is superior to the "Umda Baugh" proposed by the Board of Mohamedan Education. Further the spaciousness of the Compound makes my building admirably fitted for a place of Education, and also provides for the proposed improvements in the matter of Mohamedan Education such as construction of hostels, the location of all the other Mohamedan Educational institutions in a central position etc. It may perhaps be added that the "Umda Baugh" is a little insanitary being close to the Coorum, and is not more imposing in appearance than my building. If my property is considered by Government to be suited for the Madrasah-i-Aqum I shall state the price and other particulars of the property whenever I may be required to do so.

I have the honour to be,
 Sir,
 Your most obedient servant.

Ayed Mohammed.

FOR ORDERS.

Note for Hm with reference to his
note of the 29th ult.
I know this house well having lived in
it on more than one occasion some years
ago.
It is in Peters or Hides Road - the street
running from the Thousand Light into
the Broadway Road.
It has spacious grounds at the back
which would make an excellent play
ground and there is ample accommodation
in it for a school. There being upstairs
a very large drawing room and
certainly two or more more large
bed rooms. The ground floor is
low and rather dark. I do not
know anything of its present state
of repair but even if that is poor
the building would require some
considerable outlay to render it
fit for a school. It is so long ago
since I lived in it that I could
not say what the area around it
is but I should say that it was some
thing like three acres.
As regards position the house is roughly

about quarter of a mile from the
- Ramesh Bahad. and has no low surroundings.
I think it infinitely superior to Madras
schools as regards situation and will
with examination by the D.P.D. as
best to ascertain its suitability for
a school

OFFICE OF THE DIRECTOR OF

PUBLIC INSTRUCTION,

Madras, 2 November 1897.

No. 12116

From The Consulting Architect to Government
and
~~THE HONOURABLE MR. D. DUNCAN, M.A., D.Sc., LL.D.,~~

the DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Secretary to Government,

Educational Department.

SIR,

With reference to Memorandum No 2040, Educational, dated 2nd October 1897, we have the honour to inform you that we have inspected the building which Nawab Saiyid Muhammad Sahib Bahadur offers to sell to Government for the accommodation of the Madrasa-i-Azam.

2. The compound belonging to the house is much too small for the requirements of the school. But we understand that the large space on the other side of the wall behind the house also belongs to Nawab Saiyid Muhammad and that he is prepared to sell the whole of this land or as much of it as may be needed. The site is not so well drained as the Umda Bgh, which drains straight off into the Cooum.

3. The house is very substantial, but the rooms on the ground floor are low and dark and the large centre one could not be lighted so as to make it suitable for a class. The up-stair rooms are lofty, airy and well-lighted. The house is not large enough for the accommodation of the Madrasa and considerable additions would have to be made to it in order to provide a sufficient number of class rooms. In this respect it falls considerably behind the Umda Bagh property. Probably it could be purchased for a good deal less than the latter and the money thus saved could go to building additional rooms.

4. The property is not very conveniently situated, lying as it does near the Mount Road end of Peters Road. In this respect it is not so convenient as the Umda Bagh.
5. On the whole we do not consider this property suitable for the Madrasa-i-Azam.

We have the honour to be,

Sir,

Your most obedient servant,

Li. S. S. S.

Consulting Architect to Government.
