SUBJECT

Recommending a building grant of Rs. 4480 for the Board High School, Amalapuram, Godavari District.

Ht. The original sanction on the present application to Govt (G.O. 15/97 8/4/90 no 3252 P.O.) was for Rs 7700: but the ultimate

Note - Please see ch. VII of the Grant-in-aid Code.

Cost has been Rs 13440 or nearly double. The Local Board has apparently managed to find the money without difficulty. The D.P.S. go with enclosure. All that the Govt can do is assumed to have

G.O.

been ready to contribute was the proportion due on a total expenditure of Rs 7700. Govt might have objected to so large a cost as Rs 13440. If Govt contribute on the former or on the latter sum? If on the latter I think we should have further explanation of the ~~proportion~~ from the Director whether he considers that the amt. is reasonable with reference to the demands of other districts. The D.P.I. does not seem to have considered the matter from this point of view: he has appeared to have gone on the factum valent.

There is in the file a "comparative statement" explaining the difference bet. the ests but I don't know whether the H.C. will consider it satisfactory or sufficient.

Attached to this is a note in L.M. showing so far as possible available here the history of the business

THE HONOURABLE MR. D. DUNCAN, M.A., D. Sc., LL.D.,

SIR,

I have the honour to submit the approved revised plan with estimate amounting to Rs. 13440 for the construction of a building for the Board High School, Annapuram, Godavari District, and to

make the following remarks.

2. The application for a building grant for the school was first made in the year 1890; and when the President, Taluk Board, Rajahmundry, was requested to forward the necessary plan and estimate he informed this office that they were submitted to Government for sanction through the Superintending Engineer, First Circle. The President was then requested to ask the Superintending Engineer to send the plan and estimate through this office. They were not however received in this office until after the completion of the building according to the revised plan and estimate. The President's explanation for the long delay and for failure to obtain sanction of the grant previous to the construction of the building is contained in his letter Dis No 146 L.F. dated 2nd March 1896 submitted herewith.

3. The school contains seven classes - from the fourth standard up to the sixth form - with an aggregate strength of more

than 300 pupils and is in a fairly efficient condition. I beg therefore to recommend that the President's explanation may be accepted and a third grant of Rs. 4480 be sanctioned as a special case under Chapter VII of the Grant-in-Aid Code.

4. The grant may on receipt of the completion certificate be paid out of the current year's budget allotment for building grants.

Sir,

With ref. to his letter no. 4522 of 29th April 1897, recommending a building grant for the Bd High School, Amala. ^{therefore} the D.P.I. is requested to be good enough to state whether he considers that the proposed grant of Rs 4480 for the school is reasonable with reference to the demands of other districts, or ~~it is~~ ^{calculated on a scale of Rs 4480} ~~that the grant should be~~ ^{estimated on the smaller} ~~he is also requested to ascertain~~ ^{estimate of Rs 7700} ~~calculated on the smaller~~ ^{estimates for Rs 5910 + Rs 6110}

It will be observed that the ~~original~~ ^{is} sanctioned for Rs 7700 in G.O. 8/12/1890 no 3252 W. Public works, was for a building costing Rs 7700, while the ~~proposed~~ ^{was} ~~estimate~~ ^{amount} to Rs 5910 + Rs 6110

Will ascertain report what became of these estimates and why

Educational Department.

SIR,

Adverting to the Educational Department Memorandum No 1137 dated 28th May 1897, I have the honour to submit the enclosed papers bearing the endorsement of the President, District Board, Godavari, Ref. on C No. 1045/D.E of 1897 dated 18th September 1897, from which it will be seen that the original estimate for Rs. 5910 appears to have been ^{first} raised to Rs. 6300 and subsequently to Rs. 7700. This last estimate which was sanctioned by Government in G.O. No 3252-W-Public Works, dated 8th December 1890, underwent further revision and this time it was raised to Rs. 13440. It has not been stated why the sanction of Government was not obtained for ^{the} final revision. However, considering the importance of the school and its present strength, the whole grant recommended by me may be sanctioned.

I have the honour to be,

Sir,

Your most obedient servant,

D. Duncan
