on the results of the Matric. Exam.
The Scholarship rules require
that the candidate must have been a
pupil at the time of the exam. and
for one year previously in a recognised
Upper Secondary School - vide Reg. C.
This seems to be somewhat hard on
poor candidates like the pte. who
can not afford to attend a recognised
School. The rule may perhaps be relaxed
generally in favour of poor candidates or
as a special case in the case of the pte.

Mostray Road, Royapettah.
Madras, 17th July 1897.

To

It is Excellency
The Right Hon^{ble} the Governor-in-Council
Fort. St. George,
Madras.

The humble petition of
Abbas Husain Khan, a grandnephew
of Padsha Begum Sahiba wife of
Nawab Azimud Dowla Bahadur
of the Carnatic.

Most Respectfully Sheweth,

That your Excellency's petitioner is a member of the Carnatic Family and has passed the Matriculation Examination held in December last.

That his father Muhammad Asad Husain Khan Saib, a Carnatic Stipendiary having died on the 20th March 1896, the petitioner's mother and six children were left almost helpless, the moiety vizt. Rs 13-8-0 of the stipend sanctioned to his mother from his father's stipend of Rs 27 being insufficient to meet even the bare necessities of life, much less to educate her children.

That under such unfavorable circumstances, the petitioner was unable to attend a recognized School last year and therefore, appeared and passed the Matriculation Examination held in December last as a "private Candidate". He is now studying for the F.A. Examination at the Madras Christian College.

That your Excellency's petitioner applied

applied recently to the Director of Public Instruction
and to the Pay Master of the Carnatic Stipends
for the grant of a Scholarship from the Scholar-
ship funds. Both the officers, however, have
declined to entertain the petitioner's claims for
a Scholarship, the former on the ground that
the Government Scholarships Notification makes
no provision for the grant of a stipend to a
candidate passing the Matriculation Examina-
tion "in private" and the latter on the ground
that the scheme of Scholarships awardable to
the children of poor Khandan parents makes
provision only for Secondary Examinations and
not for College Education.

That this rule, it may be sub-
mitted, must work great hardship on poor
unfortunates like the petitioner who owing to
sheer want of means cannot appear from any
School. That the higher education of Muhammadans
and especially those scions of the Carnatic has
great claims on any funds allotted for their
general education.

That disappointed at both the
quarters where he expected to get relief the petitioner
now relies upon the generosity of the benevolent
Government which from the parental care and
interest that it has all along been taking for
the intellectual improvement of the Muhammadans
will not find the petitioner's case as altogether
unworthy of favourable consideration and will
be pleased to make some provisions for his education
and sanction a Scholarship as a Special Case.

That the petitioner finds it im-
possible to continue at the College without
extraneous assistance. That if by an unhappy
coincidence of misfortune, the petitioner's case does
not meet a favorable treatment at your Excellency's
gracious hands, he begs most respectfully
to submit that your Excellency, at least permit
him

him to appear for the Special Tests (Revenue and Criminal Higher grades) so that he may still hope to distinguish himself at Government Examinations if compelled by his unfortunate circumstance to give up all idea of obtaining University honors.

provision only for secondary education not for college education.

That this rule, it may be submitted, must work great hardship upon the unfortunate children of poor parents who, through want of means, cannot appear for any school. That the higher education, and especially those who are engaged in the study of the sciences, are not provided for in the case of such students.

That it is a great hardship upon the students who are dependent upon the generosity of the Government, which is the only source of their support, that it has not been taking for the intellectual improvement of the students. This condition will not find the petitioners, and it is unworthy of the Government to be placed to make any provision for his education and sanction a Scholarship as a Special case.

That the petitioner finds it impossible to continue at the College without extraneous assistance. That if by an unfortunate coincidence of misfortune, the petitioner's case does not meet a favorable trial with your Excellency's gracious hands, he begs most respectfully to submit that your Excellency, at least, should

him

The rules for the award of Govt. The D.P.I. is requested to state whether this distinction was made advisedly and, if so, what are the grounds of the distinction.

OFFICE OF THE DIRECTOR OF

CURRENT NO 1270

No. 12117

From

THE HONOURABLE MR. D. DUNCAN, M.A., D.Sc. LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Secretary to Government,

Educational Department.

SIR,

With reference to memorandum No 1839, Educational, dated 3rd September last, I have the honour to state that the term "Ordinarily" has been purposely inserted in the rules relating to the award of scholarships on the results of the Primary and Lower Secondary Examinations. A large number of scholarships is provided in the notification for female pupils and for pupils belonging to backward classes, and though every applicant for a scholarship is expected to have been a pupil of a recognised school at the same time of examination and for at least one year previously, and though, in cases where two or more applications are made for a scholarship, preference is given to candidates fulfilling the above condition, cases occasionally arise in which the applicants have not put in a full year's attendance and the scholarship would lapse if the condition were strictly enforced. A relaxation of the rule appears necessary in the interest of lower secondary education among native girls and the backward classes, and hence the word "Ordinarily" has been inserted in the case of scholarships awarded on the results of the Primary and Lower Secondary Examinations.

I have the honour to be,

Sir,

Your most obedient servant,

D. Duncan

Director of Public Instruction.

FOR ORDERS.

The word "ordinarily"
should be introduced in the
Rule about Scholarships
to Matriculates. One
should be given to each.

Abbas Husain, the petitioner, passed the matriculation examination of '96 as a private candidate, having been left helpless by the death of his father, a Carnatic Stipendiary, in March '96 and being in consequence unable to prosecute his studies in a school. He applied for a Scholarship to the D.P.S. to prosecute his studies for the F.A. Exams but that officer informed him that he was not eligible for a Scholarship having passed the matriculation exams as a private candidate. He now appeals to the Govt for the grant of a scholarship as a special case. The rules regulating the award of the Scholarships granted

on the results of the matriculation
 exams require that the candidate
 must have been a pupil at the
 time of the exams and for
 one year previously in a recognised
 Upper Secondary School in British
 territory." vide page 2 of the Govt
 Scholarship notification - flag M
 This condition appears also in the
 rules for the award of Scholarships
 granted on the results of ^{the} Primary
 and Lower Secondary examinations
 but there it is qualified by the
 word "ordinarily". The D.P.I.
 who was referred to in the
 matter states that the word
 "ordinarily" was purposely inserted
 in the rules for the award of
 Scholarships on the results of
 the Primary & Lower Secondary
 exams in the interest of lower
 secondary examination among
 native girls + and the backward
 classes. The D.P.I. states that
 cases occasionally arise in
 which the applicants have not
 put in a full year's attendance
 and that the Scholarship would
 lapse if the condition of attendance

were strictly enforced.

The question for orders is whether
 the qualification "ordinarily" should
 not be introduced in the condition
 regarding attendance in the rules
 for the award of Scholarships on
 the results of the matriculation
 examination or if it should not,
 whether the rules may not be
 relaxed as a special case
 in the case of the girls.

For orders. In reply
 to the reference made to him
 the D.P.I. explains clearly enough
 why "ordinarily" is a qualification in
 the case of lower secondary
 or Scholarships: but he does
 not explain why "ordinarily"
 should not also be a qualification
 in the case of the matriculate
 Scholarships
