Explanatory Remarks.

(a) This includes the provision made for some years for a Hindustani teacher on Rs. 10 per mensem and for increases to certain industrial instructors.

(b) The decrease compared with the budget estimate, is due chiefly to the deputation of the permanent Deputy Superintendent to the School of Arts for three months during his absence on privilege leave of Mr. Edwin Holder.

(c) On the recommendation of the Superintendent, I have provided for an additional peon on Rs. 7 per mensem, the present number not being found sufficient to keep effective watch over the pupils.

(f) Provision is again made for an additional assistant. The appointment was sanctioned in G.O., No. 267, Educational, dated 6th May 1897, but was cancelled subsequently owing to the present financial strain.

(a) This is a repetition of the provision made for additional teachers in the Presidency and Hobart Training Schools for Mistresses in the budget for 1897-98. The increase to the staff is absolutely necessary. An additional teacher on Rs 7 per mensem was even sanctioned for the latter school by Government, but the appointment has since been ordered to be postponed—*vide* G.O., No. 433, Educational, dated 31st July 1897.

(a) The increased allotment is due to the provision of increments for teachers on progressive salaries and to the transfer of the Primary school, Gumma, in the Ganjám district to the list of Lower Secondary schools for boys and that at Kotpad in the Vizagapatam district from the list of Lower Secondary to the list of Primary schools, the scale of establishment of the former school being higher than that for the latter.

(b) The lump allotment includes provision for a Drawing master on Rs. 20 for the school department of the Mangalore College, for additional teachers for the Bhadráchalam and Jeypore schools whose employment, though first approved by Government, has subsequently been ordered to be held in abeyance, for an additional teacher for the rising school at Gumma and another for the school at Polavaram. These increases have been strongly recommended.

(a) This is the portion of the allowance expected to be required for the college department only. An equal amount has been entered under the "School of Engineering."

(b) The Principal considers that an increased allotment under Workshops is quite necessary owing to their development and recommends an increase of Rs. 1,000 over the current year's allotment (Rs. 1,500). I have provided for a moiety of the increase under the College department, exhibiting the other moiety under the School of Engineering.

(c) The Acting Professor of Engineering considers that work in the workshops cannot be satisfactorily proceeded with for want of sufficient materials on hand and that materials to the value of Rs. 5,000 should be purchased once for all and that the transactions should be shown as a suspense account, and Major Love strongly supports the proposal. I have, however, reduced the provision for purchase of materials to Rs. 2,500.

(d) These sums, Rs. 100 and 223, represent the house rent and Presidency allowances, respectively, drawn by Mr. H. T. Keeling, the Acting Professor of Engineering, in his salary bills for December 1896 and January and February 1897.

(e) The services of the Temporary Assistant, Rajahmundry Training College, will not be required during 1898-99.

(g) This is the portion of the exchange compensation allowance debited to the college department.

(h) The lump provision includes (1) the pay of a separate accountant for the workshops on Rs. 15 per mensem, (2) the pay of a library attender on Rs. 10 per mensem, and (3) the increase of Rs. 3 to the salary of the laboratory attender. These increases are considered absolutely necessary.

EXPLANATORY REMARKS.

(*a*) The increase under the revised estimate for 1897–98 is due to the introduction, with effect from 1st January 1897, of the schemes relating to the Indian and Provincial Educational Services and to the grant of personal allowances under the former scheme to the two Senior Principals.

(*b*) As permanent arrangements for filling the place of the late Rao Bahadur Sadhu Seshayya have not yet been made, the First Lectureship at Kumbakonam is credited with a salary of Rs. 700, which was sanctioned for him on the retirement of Mr. Metcalfe from 8th March 1897.

(*c*) The increased provision represents the salary of the newly-created posts of Assistant Professors of Geology and Zoology—one of which has been filled and the other has to be filled before the close of the current year. (G.O., No. 751, Educational, dated 2nd December 1896.)

(b) This includes provision (i) for an additional clerk on Rs. 12 per mensem in each of the offices of the Sub-Assistant Inspectors of Muhammadan Schools, Northern and Southern Circles, and (ii) for an increase of Rs. 2 per mensem, to the peon employed under the Superintendent of Hill Schools, Parlákimedi Hill range. The Muhammadan Sub-Assistants in the Northern and Southern Circles have extensive ranges and their correspondence is heavy; they are in need of additional clerical help. The Sub-Assistant of Muhammadan Schools, Central Circle, has two clerks. The Agency officers of Gánjam recommend an increase of Rs. 2 per mensem to the peon of the Superintendent, Parlákimedi Hill range, who now gets Rs. 5 per mensem, while the peons in the other hill ranges receive higher pay. The recommendation has my support.

EXPLANATORY REMARKS.

NOTE.—(1) The total expenditure on inspection and Government Colleges and Schools is Rs. 10,33,000 in the budget estimate for 1897-98, Rs. 10,85,000 in the revised estimate for 1897-98 and Rs. 10,70,000 in the budget estimate for 1898-99. The excess of Rs. 52,000 in the revised estimate includes nearly Rs. 26,000 proposed to be expended on furniture to the new Law College buildings, the balance representing approximately the additional cost in connection with the reorganization of the Educational Department. The excess of Rs. 37,000 for 1898-99 provides for the above increase and for increments of salaries and petty increases. Of establishment

(2) Excluding the allotment proposed for hostels under the head 'Miscellaneous,' the total allotment required for 1898-99 is Rs. 23,000 in excess of the sanctioned allotment for 1897-98, and of this sum, Rs. 23,000 approximately represents the additional provision made for salaries of officers of the Indian and Provincial Educational Service.

very nearly

(a) The increase under revised estimate is due to the extra charge incurred in consequence of my recent absence on privilege leave.

(b) The increase of one clerk on Rs. 60 is the result of the abolition of the post of Special Assistant to the Director of Public Instruction and the appointment of a clerk to perform the duties formerly done in the Book Branch and to look after the library in this office. (G.O., No. 24, Educational, dated 15th January 1897).

FOR ORDERS.

I don't understand how, if Rs 80000 is saved on one item, we get a total decrease of only ·27 in the r.e. – Some of it may be due to the addl. cost involved in the reorganization of the Educal. establishments – But as to the rest, it wd. seem that the D.P.I. has set himself to spend money simply to use up the money at his disposal – There is for instance the monstrous item of Rs 25730 for furniture for the Law College – I can't imagine how it can be possible to spend such a sum – For the rest, I think the D.P.I. should be required to keep within his budget grant, hostels' grant not counted.

For next year, omitting hostels* & such extra expenditure which is unavoidable, I think he should be kept down to the amt. of the budget grant of the current year. If the retrenchments already proposed will bring this about, well and good. If not, I think more should be made – but I haven't the time to go into details to suggest them.

This budget is full of proposals for new appts & increased salaries. But a budget is not the place for such proposals – They should not be included, I take it, until after they have been approved, the only exception being cases already under discussion.

HB
10/12/97

I may add that *

The Estimate of Expenditure under 22. Education is fixed by the D.P.I. at 17·65 lakh, against a budget grant of 17·52 and a revised Estimate of 17·25 for the current year and actuals in 1896-97 of 16·75. The reduction in the revised Estimate for 1897-98 is due mainly to the omission of the provision for 'Students' Hostels' viz. Rs 80,000. Excluding the provisions for the Students' Hostels the Estimate for 1898-99 is Rs 33,000 more than the sanctioned allotment for 1897-98 & of this sum, Rs 23,000 is said to represent the additional cost rendered necessary by the recent reorganization of the Educational Services.

2. The following increases & decreases

decreases are noticed under the various minor heads between the estimates for 1898-99 & the Budget grants for 1897-98:-

Direction	-·004.
Inspection	·077
Govt. Colleges (General)	·158.
- Do - (Professional)	·017.
Govt. Schools (General)	·071.
- Do - (Special)	·047.
Grant-in-aid.	-·051.
Scholarships.	·020.
Miscellaneous	-·205.

*: Some restriction, rather than an increase, of expenditure is indicated as necessary by the fact that the Director's receipts are, to say the least, not increasing.

3. Direction

The following items under Supplies and Services & Contingencies appear to be overestimated & may be reduced as shown below:-

Fint Dept

The appt. necessity for the appt. cannot be very pressing as it has been left unfilled. Subd that the provision may go out.
Yes NLA
Ans.

But "has not been utilized owing to financial pressure". That pressure is greater than ever now. The provision shd be struck out. [illegible]

p 5 of the budget.

4. Inspection.

Under the group head, Asst Inspr's Estabts a sum of Rs 144 is provided for an additional clerk on Rs 12 in the office of the Asst. Inspr of Schools, Ganjam-Vizag Dn. This provision exists in the current year's budget also, but has not been utilized. The appointment is said to be very necessary. Orders are solicited as to whether the provision may be allowed to stand.

Under the group head, Sub-Asst Inspr's Estabts, a lump provision of Rs 312 is made for increases. This item may be struck out in view of the present state of the finances.

Yes [illegible]

No provision has been made in the Estimates for warm clothing under the impression that it will be supplied by the Supdt of Stationery free of cost. This does not appear to be correct. The cost of the warm clothing is debited to the office to which it is supplied. The grant for the current year viz: Rs 200 may therefore be repeated.

5. Govt. Colleges (General).

Under the group head, Salaries, the provision of Rs 13,964 made for masters & teachers appears to have been arrived at by some incorrect calculation. The correct amount should be Rs 14,064. Similarly the provision for Exchange Compensation allowance should be Rs 10,440 & not Rs 10,385. These corrections will be carried out when printing the Estimates. Ig

p. 7 of the budget.

Under the head Establishment a lump provision of Rs 372 is made for a fitter for the Physical Laboratory of the Presidency College & for an increase of Re 1 p.m. to the pay of the night-watchman, Rajshahi College. This provision may be struck out. Ig

Under Salaries, a lump provision of Rs 100 is made for an addl. remuneration to the

I see R 25730 is asked in the revised estimates for special furniture. This has been reduced in a recent order. [illegible] do not think we can afford R 650 for special furniture next year. It will be sufficient to allow R 300.

CHIEF SECRETARIAT,
D. O.
No. 520
Dated, 6-12-1897

My dear Duncan,

Your Education Budget enters 32,000 against 30,000 grant for current year, under scholarships: & from Detailed Account 22 H the whole increase seems to come under Primary and Secondary Schools for Boys and girls. Perhaps the increase is due to the full effect of the scholarship scheme not being apparent until it shall have been in operation for at least three years (para 23. your Report on P.I.). In other words, you may be more or less pledged to a progressive increase.

Will you kindly let me have your reasons justifying the increase, as its advisability is called in question?

Yours Sincerely,

SECRETARY TO GOVERNMENT 8- DEC.-1897 JUDICIAL & MUNICIPAL DEPARTMENT

My dear Tremenheere

You are right in your conjecture that the increase under scholarships in primary & secondary schools is due to the fact that the full cost of the scholarship scheme sanctioned by Government will have to be met in the third year. The scheme came into operation on 1st January 1896; but very few scholarships are actually awarded and

paid until after 31st March. The first year of the scheme financially was, therefore, 1896-97. In 1898-99 the full scheme will be in operation & the charges will, thereafter unless some further change is made in the scheme, remain fairly constant. We are pledged to this.

Government entered upon this increase of expenditure with its eyes open, as you will see from para 6 of my letter No. 10051 of 22 Oct 1894, read in G.O. No. 880,

of 22 Nov 1894 (See para 3).

Truly yours

Conveyance allowance to Miss Arnold.

H.M. FOR ORDERS.

On p.6. of the office Note on Educational Budget Estt., the Hon'ble Member has noted that on a file which had recently come to him he had noted that Miss Arnold's carriage allowance should be continued.

It is respectfully submitted that the Hon'ble Member's note concerned only the house-allowance. See P.O. 127 10.12.97 Flag D

A letter has come to the Govt of India recommending a continuance of house allowance of Rs.80 to Co with her new pay of Rs.350 to equal the aggregate of her former pay & allowances (300+50+80) 430.

If now she is given carriage allowance of Rs.50, she will get 480 (350+50+80) plus annual increments.

This seems inconsistent with what

we route to India, & hardly seems necessary.

In these circumstances it is suggested that the Carriage allowance may be struck out.
