OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,

Madras, 9 February 1898.

No. 1245

From

THE HONOURABLE MR. D. DUNCAN, M.A., D.Sc. LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

The Secretary to Government,

Educational Department.

SIR,

I have the honour to request that you will be good enough to obtain the sanction of Government for the preparation of plans and estimates by the Public Works Department for the construction of a permanent tiled shed at the North end of the Government College building at Rajahmundry.

2. A thatched shed was once put up to provide additional accommodation for the college and for examination purposes. This caught fire in January 1897, and the thatched roof and the college furniture that was in it at the time to the value of Rs. 340 were destroyed. Whether the fire was an accident or an act of incendiarism could not be ascertained at the time, nor did the police enquiry instituted by the Principal, who suspected ~~suspect-~~ ~~ed~~ incendiarism, lead to any result. A temporary shed has been put up again in the same place, but the Principal apprehends that such a shed seriously imperils the safety of the college building. That the last fire did no damage to the main building was due to the accident that the direction of the wind at the time was favourable. Should a similar fire break out again with the wind blowing in the opposite direction, the college building with its laboratory containing valuable stores of chemicals and

apparatus would be in great danger.

3. The cost would not, I understand, exceed £.2200.

I have the honour to be,

Sir,

Your most obedient servant,

J. Duncan

Director of Public Instruction.
