XIII. P. Jagannatha Rau was acting under me as embankment Superintendent when I was in Yernagoodem section. He was of such an ability as to keep under strict control the disorderly and brutal ryots along the whole embankment and especially those of Kovur who used to find time either in the day or in the night to make use of the embankment and lankas for their cattle and spoil them however vigilant the embankment Supt. and lascars may be. I do not hear of any such good order ever existing on the embankment and lankas before this. He was ever obedient and used to conduct himself in a manner fully pleasing to his superiors.

Most Honored Sir

I J. P. Jagannatharao late
I. Overseer in 1st Circle, most
respectfully beg to bring to your
honors kind & favorable Considera-
tion the following few lines.

II Prior to my appointment in your
Dept., I was a Surveyor in E. C. Ry
open line on Rs 70-100. With a view
to choose a better walk of life, I
applied for a post in the P. W. D. in
the month of February/97, when I
was ordered to appear before the then
Executive Engineer G. J. Haudecock Esq.
for a professional Examination, a
Copy of that officer's report is
herewith submitted (Encl. A) &
on it your honor was pleased to
send the Telegram (Encl. B.)
appointing

No 935 GL of 30.1.1898
30/98 Dowlam

Forwarded. Applicant
served for a short time in
the P. W. D. in Ganjam.

Vide my endorsement

appointing me as an oversaw
on Rs 60/ per mensem on the S.

Establishment, but not specifying
the period which I only learnt

from your memo of 22.2.97 N^o 1063C

I earnestly hoped that my working

hard & showing better professional

talents, my services would be con-

tinued longer and better recog-

nized, but unfortunately no

sooner did the term elapse than

my services ^{were} dispensed with.

During the seven months I had

been in the service, I served for

3 months in the Rajahmundry

Sub Division, having under my

immediate charge the Training

College work whence I was trans-

ferred to Gunjam Division on

Famine duty. There I continued

my services through out the term

in the N^o 1 Famine Sub Division

in the charge of Kanchili quarry,

Amipuram gravel quarry and

Makarampuram Tank and a

short period on Khajiri gravel

quarry. The officers in charge
alone sub Division, I have sound
reasons to think were much pleased
with my work (Copies of testimo-
nials herewith) (Encl^o 1)

III On the 7th July last, I applied
to the Suptg. Engineer First circle
for the then vacant Delta supt's
post in the Godavari Dist. & in
recommending me the Executive
Engineer Gunjam Division remarked
in his N^o 305E (Copy herewith)
that I would do well for a Delta
supt, but the exigencies of present
service would not permit my
being then spared.

IV I learnt subsequently that
your honor called for a special
report on my qualifications and
conduct which was also submitted
in a favorable light.

V I began service as a Public
servant in the year 1885 & have
shared no pains to gain experience
and to make myself practically
useful these 13 years. I first
served the P.W.D., then L. & P.W.D.
and

and thereby E.C. Ryer, and lastly
P.W.D. The several officers under whom
I served have borne testimony to my
professional abilities which are embodied
in a printed copy which is also
herewith enclosed F 1. I can accurately
survey & level & neatly plot and
draw & estimate.

II I should inform you that
with all, I am only an unpassed candidate
and the favor I seek at your hands
is that you will be pleased to kindly
recommend me to the Government
for exemption as a very special case
from examination rules for employ-
ment in a 3rd grade Delta Supt.
a post ride para 3 supra.

For which act of kindness I shall
as in duty bound ever pray.

I beg to remain
