My dear Theurston

I should be very glad if you could let the Herbarium keeper go up to the Pulneys now - The results of my inspection of the Pulney flora show it to be so rich and interesting that I want to make the collection as complete as possible. Many things will now be in flower which I have at present in fruit only.

I shall go myself later on and remove all doubtful points, so as to make the little piece of work I am doing with the Herbarium as 'finished' as I can.

I think the best thing would be for the herbarium keeper to go as soon as possible for a month and then to go with me for two months 15 May to 15 July

From

EDGAR THURSTON, Esq.,

SUPERINTENDENT,

To

The Secretary to Government,

Local and Municipal Departments.

SIR,

I have the honour to forward herewith
copy of a letter received from Dr. Bourne,
which contains proposals concerning the
continued investigation of the Palni Flora.
2. I fully agree with Dr. Bourne that the
herbarium-keeper should be sent to the
Palni hills, accompanied by a hamal,
as soon as possible.

3. A proposal is, I think, before Government
that Dr. Bourne should carry on the
duties of Government Botanist pending the
arrival of the new Botanist from England,
and receive, in addition to extra pay, travelling
allowance when he goes on tour. The Museum
budget grant for travelling expenses (Rs 900)

will be required in its entirety for my own tours during the coming financial year; and I would suggest that, if the herbarium-keeper and hands are placed at the disposal of Dr. Bourne, their travelling expenses should be met by a small special grant. Their travelling expenses, in connection with the botanical survey during the present official year, amounted to Rs 302-3-, and a very similar sum would probably be required in the present instance.

I have the honour to be,

Sir,

Your most obedient servant,

Jdgca Hurston
