Copy of letter from the Director of Public Instruction, Madras, No. 2133, dated 2nd March 1898:-

I have the honour to submit the enclosed copy of a letter from the Principal, Medical College, No. 328, dated 25th January 1898, explaining the difficulties that stand in the way of giving effect to the instructions contained in paragraph 1 of G.O. No. 271 Public, dated 15th March 1897. I would recommend that, in the circumstances stated therein, the order requiring the Assistant Professors of the Medical College to work in the General Hospital each for six weeks during the long vacation of the College be held in abeyance until final orders have been passed on the reorganisation of the Medical College, when it is hoped a redistribution of the work of the officers of the General Hospital under the Professors of the Medical College and their Assistants could be satisfactorily effected.

2. The Surgeon-General to the Government of Madras, whom I have consulted, is of the same opinion.

Copy of letter from the Principal, Medical College, No. 328, dated 25th January 1898, to the Director of Public Instruction, Madras:-

In G.O. No. 271 Public, dated 15th March 1897 it is directed that the Assistant Professors ^{should} have each full work for six weeks in the General Hospital during the long vacation of the Medical College. If then the Assistant Professors are to be divided ^a into 2 batches who are to be given 6 weeks full work at the General Hospital while the other 6 weeks are to be sent ^h by these Assistants on leave, it will follow that during the whole of the vacation there will be no Assistants left ⁱⁿ the College to carry on the work that has to be done during the vacation. Although the vacation is said to last 3 months, this does not mean that there is absolutely no work to be done in the College, directly the actual working session comes to an end. On the contrary, the Senior Assistant ^{and} on the office is kept extremely busy in preparing the annual reports

and the multifarious duties connected with the out-going and the in-coming students. The other Assistants have to prepare indents, stock returns, take stock, receive stores in their departments as they arrive from England &c.,.. For years past this has implied that all the Assistants (except the Senior Assistant) have only been permitted at the longest to take 2 months' leave, although they are entitled under paragraph 306 page 78 of the Civil Service Regulations, to the full period of the vacation namely 3 months.

2. In this connection I have also to point out that ~~the~~ Assistants have to be present at the necessary examinations that are held during the first month of the vacation.

3. No exception is made in the G.O. in question and therefore it follows that the Senior Assistant Professor, First Grade Senior Assistant, Surgeon ^{R.} Hollingsworth holding the honorary rank of Surgeon-Captain will, if the order be rigidly carried out, be posted to do duty under his junior and be expected to carry out the duties of a ward Apothecary, which are I submit, wholly unsuitable to an officer of his service and standing.

4. I have also to point out that since January 1897 two of the Assistants have been carrying on daily duty at the Native Infirmary and it is, I consider, quite impracticable to depute any more of the Assistants for a work outside the College and allied school. I therefore venture to hope that Government may be good enough to postpone the carrying out of G.O. No. 271, dated 15th March 1897 until final orders on the reorganisation have been sanctioned and brought into force.
