with original address & reply for favour of early report and return.

NOTE FOR THE SECRETARY.

This is an address presented to H.E., outside the Madras Presidency, by the representatives of the Eurasian and Anglo-Indian Association of Mysore & Coorg -

The proposal put forward is the establishment of a technical or Industrial School at Bangalore. The representatives of the ^{E & A} Association want to know whether the establishment of an industrial school is practicable in Bangalore & if so, to what extent the Govt will be prepared to foster the scheme. In his reply to the address H.E. has already said that Bangalore will be a suitable place for the establishment of an industrial school. The question now to be considered therefore is whether Govt will accord any aid to the scheme.

In the P.S.'s note it is suggested that the question should go to the D.P.S. for remarks. The D.P.S. it is submitted can have little concern with the establishment of an industrial school at Bangalore. Orders are therefore solicited whether the paper should be referred to the D.P.S.,
