Home Department
Education

From

H. Luson Esq.

Deputy Secy to the Govt. of India.

The Chief Secretary to the Government of Madras.

Smila the 5th April 1898.

I am directed to invite attention to Home

for 303 22-4-95 Department Letter of 7-185 dated 28th March 1895, in which it was decided that the districts of the Madras Presidency should be arranged in certain specific groups for the purpose of the coloured maps to be attached to the next quinquennial report on Education in India and to enable these maps to be prepared the Government of Madras were requested to furnish the Government of India with figures showing for three specific groups of districts figures for beginning as well as the end of the five years commencing with 1892-93

- (1) the percentage of children under instruction (2) the percentage of boys in the secondary stage of instruction (3) the percentage of boys in the primary stage and (4) the percentage of girls under instruction in Public Institutions. These statistics, it will be observed, were required to be furnished when the time for the preparation of the report arrived.

2. In the report on Public Instruction in the
 Madras Presidency for the quinquennium ending with
 the year 1896-97 no statement has been given showing
 exactly the percentage of girls under instruction though
 the map annexed to the Report gives the information
 approximately. I am therefore to request that, with the
 permission of the Governor in Council, the Government of
 India may be furnished with a statement showing for
 the years 1891-92 and 1896-97 respectively the exact
 percentage of girls under instruction for each of the
 groups of districts named in the Home Department
 letter of 28th March 1895.

I have the honour to be,

Sir,

Your most obedt: Servant,

H. Lushon

Deputy Secy: to the Govt of India.
