Girdari, N^o 369, who was admitted to
the Reformatory on 31st Dec. 1896, was
observed to be thin and losing weight,
and he was detained under observation
from 2nd Oct. 97 to 2nd April 1898, during
which period he was treated as
an out-patient and given only very
light tasks.

He was an in-patient since 2nd April 1898; his weight was then 41 lbs.,

improve under medical treatment
and he is likely to die shortly.
