Budget.

Reviewing the Gódávari District Board — for 1898–99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From V. A. BRODIE, Esq., President, District Board, Gódávari, to the Secretary to Government, Local and Municipal Department, dated Cocanada, 19th December 1897, Dis. No. 2035-D.B.

I have the honour to submit the consolidated revised estimate for the current official year and the consolidated budget estimate for the next official year, as passed by the district board at its meeting held on the 13th December 1897. The prescribed statements, as per list enclosed, and a tracing of the district map showing the particulars required by Rule 12 of Local Fund Rules accompany.

REVISED ESTIMATE FOR 1897–98.

Receipts.

2. The estimate of the year, as now revised, opens with a balance of Rupees 2,61,766 (which is the figure intimated by the Inspector of Local Fund Accounts after the audit of the previous year's accounts) against Rs. 2,52,120 anticipated in the budget. The increase is the net result of short expenditure under Grant 1 and a slight excess expenditure under Grants 2 and 5 during the previous year. The estimated current receipts, as now revised, amount to Rs. 7,50,700 against Rupees 7,32,680 in the budget. The important variations are explained below :—

(1) *Land-cess.*—The receipts under this head, as now revised, come to Rupees 5,71,000 against Rs. 5,65,700 in the budget and the slight increase is due to the anticipated increase in the land revenue and water-cess.

(2) *House-tax.*—The revised receipts under this head amount to Rs. 28,600 against Rs. 27,390, the budget figure, and the increase is due to anticipated collection of arrears in some of the unions under the Rajahmundry Taluk Board and revision of tax in some under the Ellore Taluk Board.

(3) *School-fees.*—There is an increase of Rs. 1,520 in the revised estimate over the budget, which is due to the increased strength in some of the schools under the Rajahmundry and Narsapur Taluk Boards.

(4) *Medical, &c.—Miscellaneous.*—The budget estimate of Rs. 7,630 has been reduced to Rs. 450 in the revised estimate owing to there being no prospect of selling out, during the current year, house-sites in the Velpur village under the Ellore Taluk Board.

(5) *Choultry Rents.*—The receipts, as now revised, come to Rs. 18,800 against Rs. 17,500 in the budget, and the increase is due to increased rents having been obtained for the lands of the Peddápuram choultry in the current year.

(6) *Contributions from Provincial Funds—Hospitals and Dispensaries.*—The estimate, as revised, comes to Rs. 4,000 against Rs. 970 in the budget, and the increase is the result of the anticipated collection of the arrears of the contribution due from Government on account of the maintenance of the Dowlaishwaram hospital by the Rajahmundry Taluk Board.

(7) *Allotments from the District Fund.*—There is an increase of Rs. 15,000 under this head in the revised estimate over the budget figure, which is due to (1) Rs. 5,000 having been sanctioned by the district board to be given to the Cocanada

Taluk Board in order to enable that board to carry out certain works for supplying water to the people during last year's failure of monsoons (*vide* G.O., Mis. No. 1032 L., dated 3rd June 1897), and (2) Rs. 10,000 having been sanctioned as a loan to the same taluk board in order to enable it to make good the deficit balance with which the transactions of the taluk board closed the year 1896–97 and to start some famine relief test works.

Expenditure.

3. *Grant 1, Public Works.*—The expenditure, as now revised, comes to Rupees 4,24,990 against Rs. 4,53,530 of the budget estimate, and the decrease is the net result of the following :—

(1) *New Works.*—There is an increase of Rs. 7,440 under this head due to the execution of certain roads and wells not provided for in the budget and to allotments having been made for the execution of incomplete works of 1896–97.

(2) *Repairs.*—The decrease of Rs. 21,150 under this head is due to the allotments for certain works having been transferred to certain new works and those of certain others having been surrendered by the District Board Engineer. With all this the revised expenditure proposed to be incurred on communications alone by the district and taluk boards exceeds 50 per cent. of the land-cess by Rs. 5,830.

(3) *Local Fund Engineering Establishment.*—The expenditure under this head has been reduced in the revised estimate, as the reorganization scheme has been brought into operation only from 1st October last in the case of the ministerial staff and will not take effect before the 1st of January 1898 in the case of the executive staff.

(4) *Tools and Plant.*—There is an increase of Rs. 4,710 under this head due to increased provision having been made on account of the charges of steam road-roller establishment, which have to be debited to this head under G.O., Mis. No. 1289 L., dated the 3rd July 1897, and to cost of certain steel plates, &c., purchased on account of the repairs of the "Dorothy" and "Helen" having been debited to this head.

4. *Grant 2, Education.*—The estimated expenditure under this grant is Rupees 1,40,880 against Rs. 1,41,590 in the budget and the decrease is slight and is the net result of increases and decreases under several heads. The opening of the marginally-noted schools has been sanctioned by the taluk boards noted in exercise of the power conferred on them in G.O., No. 889 L., dated 17th May 1894, and the sanction of Government is solicited for it.

5. *Grant 3, Medical Services.*—The budget estimate of Rs. 1,40,180 has been reduced to Rs. 1,33,960 and the decrease is mainly due to the amount provided for purchasing land for house-sites in Velpur under the Ellore Taluk Board not having been spent and to there having been no likelihood of its being spent during the year.

6. *Grant 4, Charitable Institutions.*—The expenditure under this grant, as now revised, comes to Rs. 37,000 against Rs. 36,040 in the budget, and the decrease is the net result of the closure of the Vontimamidi choultry.

7. *Grant 5, Miscellaneous.*—The outlay under this grant, as now revised, comes to Rs. 42,450 against Rs. 42,040 in the budget, and the slight increase is the result of the revision of the estimates under different heads with reference to the actuals of the first six months.

8. The grand total expenditure, as now revised (including Rs. 10,752 debited under debt heads in the treasury account during the first six months *plus* Rs. 8 taken credit for under probables to get a round figure) comes to Rs. 7,90,040 against Rs. 8,13,380 in the budget. The closing balance is Rs. 2,22,426 against Rs. 1,71,420 in the budget. Of this balance, Rs. 8,289 appertain to canal and ferry fund, Rs. 4,772 to union funds, Rs. 89,418 to endowment funds, and a net balance of Rs. 1,19,947 is available for general purposes.

BUDGET ESTIMATE FOR 1898–99.

Receipts.

9. The budget opens with a balance of Rs. 2,22,430 (a round figure has been adopted) which is the closing balance of the revised estimate. The current receipts amount to Rs. 7,38,530 against Rs. 7,32,680, the current year's budget estimate, and Rs. 7,29,203, the actuals of 1896–97. The important variations are explained below. The total receipts, including the opening balance, amount to Rs. 9,60,960 against Rs. 9,84,800 in the budget for the current year and Rs. 10,69,338, the actuals of 1896–97.

10. *Cess on Land.*—The receipts estimated under this head are Rs. 5,65,300 against Rs. 5,65,700, the current year's estimate and Rs. 5,26,271, the actuals of last year. The increase, when compared with the actuals of last year, is due to an anticipated increase in the land revenue by the introduction of the resettlement rates. As in the previous year, the district board has allotted one-half of the cess to the Rajahmundry Taluk Board and two-thirds to each of the other taluk boards. The Taluk Boards of Ellore and Cocanada have taken credit for Rs. 10,000 and Rs. 17,000 under allotments from district fund and balanced their budgets. The Rajahmundry Taluk Board has also taken credit for Rs. 18,000 under the same head which the district board has allowed and which would leave a balance of Rs. 8,228 over and above the 5 per cent. balance prescribed in G.O., No. 1235-A L., dated 30th June 1897.

11. *House-tax.*—The receipts estimated under this head amount to Rs. 27,860 against Rs. 27,390, the current year's budget estimate, and Rs. 26,404, the actuals of last year. The increase, when compared with the estimate of the current year and actuals of last year, is due to the proposed revision of the house-tax registers in some of the unions under the Cocanada and Ellore Taluk Boards.

12. *School-fees.*—The receipts estimated under this head come to Rs. 37,370 against Rs. 31,890, the budget figure for 1897–98, and Rs. 34,271, the actuals of 1896–97. The increase over both the estimate and actuals is due to the anticipated increase in the strength of the Amalápuram high school and the lower secondary schools under the Rajahmundry Taluk Board and to the increased rate of fees sanctioned to be levied in all the schools under the Cocanada and Narsapur Taluk Boards. The Cocanada Taluk Board has further resolved to convert all the result schools at Peddápuram into one primary school to serve as a feeder to the lower secondary school at that place. The Ellore Taluk Board has resolved to collect fees at only one-fourth rates of the notification in all vernacular lower secondary schools, as the introduction of half rates has diminished the strength of those schools.

13. *Medical, &c.,—Miscellaneous.*—The amount of Rs. 7,760 estimated under this head against Rs. 7,630, the current year's budget figure, and Rs. 331, the actuals of 1896–97, represents mainly (1) the anticipated receipts of Rs. 250 under the district board from the sales of lymph to the municipalities and the agency and (2) an amount of Rs. 7,500 taken credit for by the Ellore Taluk Board, being realizations from the sales of house-sites in the Velpur village. The taluk board proposed during the current year to purchase land in that village and sell it away for house-sites at moderate rates. But the land not having been made over to the taluk board yet, it is not likely that the house-sites will be sold before the end of the current year and the same amount has again, therefore, been taken credit for for next year also.

14. *Interest on Government Securities.*—As in the current year, an amount of Rs. 70 has been taken credit for by the Narsapur Taluk Board as the interest on Taylorpeta fund securities. No amount has been taken credit for by the Rajahmundry Taluk Board on account of the interest on the "Dwadasi fund" securities, as the district court has refused to grant letters of administration, holding that the will of the donor was not genuine.

15. *Choultry Rents.*—An amount of Rs. 18,790 has been estimated under this head against Rs. 17,500, the current year's estimate, and Rs. 16,211, the actuals of 1896–97. The increase, when compared with both, is the result of the lands of the Peddápuram choultry having been given out under 5 years' leases.

16. *Market Rents.*—The estimate under this head is Rs. 20,180 against Rs. 19,430, the current year's budget estimate, and Rs. 20,887, the actuals of 1896–97, and the increase over the current year's estimate is due (1) to the revision of the receipts with reference to the actuals of 1896–97 under Rajahmundry and Cocanada Taluk Boards and (2) to the levy of fees in the Pulletikurru market under the Rajahmundry Taluk Board.

17. *Ferry Rents.*—The amount estimated under this head is Rs. 33,600 against Rs. 37,000, the current year's estimate, and Rs. 43,798, the actuals of 1896–97. The decrease, when compared with both, is due to the railway department having established its own ferry between one railway terminus and the other over the Gódávari at Rajahmundry and the consequent fall in the rents of that ferry.

18. *Contributions from Provincial Funds.*—(1) As in previous years, an amount of Rs. 290 is taken credit for by the district board on account of the contribution payable by the Agency department for the services of one of the Deputy Inspectors of Vaccination in the agency tracts and (2) an amount of Rs. 1,120 is estimated by the Rajahmundry Taluk Board to be due by the Public Works Department on account of the maintenance of the hospital at Dowlaishwaram against Rs. 970, the current year's estimate. The other contributions under education and public works have also been estimated with reference to the recommendation of the Educational officers in the former case and actuals of the previous years in the latter case.

19. *Allotments from the District Fund.*—As stated in paragraph 10 *supra*, the Taluk Boards of Rajahmundry, Ellore and Cocanada could not balance their budgets without taking credit for Rs. 18,000, Rs. 10,000 and Rs. 17,000, respectively, from the district fund. When communicating the proportionate share of the land-cess, which the district board gave credit to each of the taluk boards, they were distinctly told to frame their estimates of charges so as to be within their means without applying for additional allotments from the district fund and my instructions have been disregarded by all except the Narsapur Taluk Board. It may be that the Cocanada Taluk Board, which consists of zamindari division and whose share of the cess (even two-thirds) is consequently far less than that of Ellore or Rajahmundry, cannot meet the required expenditure without an additional allotment from the district fund, say, Rs. 15,000 every year. But the applications in the case of the other two taluk boards, Rajahmundry and Ellore, could possibly have been avoided. The Rajahmundry Taluk Board, which is the richest and consequently gets only one-half of the cess, would either have its share increased to two-thirds along with the other boards or apply for annual allotments of Rs. 18,000, which represents about one-twelfth of the land-cess levied from the taluks comprised in that board. This means, the district board will have barely enough to maintain the present institutions and communications without being able to effect any improvement in any of them. I do not quite approve of the action of the district board in sanctioning the allotments applied for by the taluk boards. The district board has been too generous to the Rajahmundry Taluk Board and in consequence it has not the funds at its disposal to do much in the way of important works of general utility. The district board has felt it to be its duty to revise the budgets of the taluk boards in the manner indicated below under the power conferred on it under G.O., No. 436 L., dated 21st February 1888, and in spite of this revision it could not help giving Rs. 18,000, Rs. 10,000 and Rs. 15,000 to the Rajahmundry, Ellore and Cocanada Taluk Boards, respectively, to balance their budgets.

Rajahmundry Taluk Board—(1) *Receipts.*—To exclude from the budget the taluk board's proposal to include certain villages in the Amalápuram union so that it may be submitted separately for the consideration of the board.

(2) *Expenditure, Grant 2.*—To revise the scale of the Amalápuram high school as shown in paragraph 29 *infra*.

(3) To provide Rs. 3 under Dowlaishwaram primary school on account of remuneration to the gymnastic instructor of the lower secondary school of the same place who teaches the primary school also, instead of giving him an increase of pay in the lower secondary school itself.

(4) To disallow the taluk board's proposal to give an increase of pay to the teacher of the Kondaguntur night school.

(5) To retain the schools at Pekeru and Kondaguntur whose average attendance exceeds 20.

(6) To raise the provision under result grants from Rs. 3,000 to Rs. 4,000.

(7) *Grant 3.*—To disallow the proposal to transfer the dispensary from Gollalamamidada to Biccavole.

(8) To abolish the dispensary at Mummidivaram.

(9) *Grant 5.*—To disallow the provision for the subscription for the municipal and local fund board journal.

Ellore Taluk Board—(1) *Receipts.*—To exclude from the budget the taluk board's proposal to constitute Ungutur into a union and include Chataparru and Dendulur in the Kovvali union, and to request the President, Taluk Board, to submit the proposal separately for the consideration of the board.

(2) *Expenditure, Grant 1.*—To provide Rs. 500 under repairs, civil buildings on account of repairs to the choultry buildings at Vizeswaram.

(3) *Grant 2.*—To raise the pay of the headmaster and assistant master of the Alamur school from Rs. 8 and Rs. 7 to Rs. 10 and Rs. 8, respectively, as the average attendance is said to be about 58.

(4) To raise the provision under result grants from Rs. 3,000 to Rs. 4,000.

(5) To abolish the circle gymnastic instructor.

Narsapur Taluk Board—(1) *Grant 1.*—To defer the consideration of the proposal to transfer the Pippara-Ganaparam road to the district board which lies partly under Ellore Taluk Board and partly under Narsapur Taluk Board.

(2) *Grant 2.*—To start a lower secondary school at Sivakodu on the salary system instead of on the salary-result system as proposed by the taluk board, with the staff of the present vernacular lower secondary school increased by a headmaster on Rs. 30.

(3) To allow the headmaster of the Veeravasaram lower secondary school to draw, in consideration of his long and meritorious services, the increments due to him as hitherto, instead of disallowing his future increments, as proposed by the taluk board.

(4) To disallow the taluk board's proposal to reduce the pay of the fourth assistant teacher in the Podur and Mogaltur schools from Rs. 7 to Rs. 6.

(5) To abolish the circle gymnastic instructor.

(6) To raise the provision for result grants from Rs. 3,000 to Rs. 4,000.

Cocanada Taluk Board—(1) *Receipts.*—To reduce the allotment taken credit for by the taluk board from the district fund from Rs. 17,000 to Rs. 15,000.

(2) *Expenditure, Grant 1.*—To reduce the provision for works in the revised estimate by Rs. 2,000.

(3) *Grant 2.*—To disallow the taluk board's proposal to open a IV form in the lower secondary school at Pithápuram.

(4) To retain the day school at Rangampeta.

(5) To disallow the taluk board's proposal to reduce the pay of the teacher as in Jaggammapéta night school by Re. 1.

(6) To abolish the circle gymnastic instructor.

(7) *Grant 3.*—To close the dispensary at Coringa a place of minor importance.

(8) *Grant 4.*—To disallow the taluk board's proposal to increase the pay of the Peddápuram choultry gumastah from Rs. 15 to Rs. 20.

(9) *Grant 5.*—To disallow its proposal to increase the pay of the third clerk of the taluk board's office from Rs. 12 to Rs. 15 and to entertain a clerk on Rs. 16–8–0 in the same office.

(10) To entertain a peon on Rs. 7 and to reduce the pay of the masalchi from Rs. 7 to Rs. 6 instead of entertaining a peon on Rs. 6 and keeping the masalchi on Rs. 7 as proposed by the taluk board.

Thus the revision of the taluk boards' budgets on the above lines has resulted in showing the marginally noted balances over or below the 5 per cent. balance referred to in G.O., No. 1235-A. L., dated 30th June 1897.

Expenditure.

20. The grand total expenditure, as estimated for next year, amounts to Rupees 7,80,730 against Rs. 8,13,380, the current year's budget estimate, and Rs. 8,07,574, the actuals of 1896–97. The variations are explained below.

21. *Grant 1.*—The estimated expenditure under this grant is Rs. 4,21,230 against Rs. 4,53,530, the current year's budget figure, and Rs. 4,34,004, the actuals of 1896–97. The decrease, when compared with the estimate of the current year and the actuals of last year, is due to the following.

22. *Public Works.*—The total allotment for "New works and repairs" is Rupees 3,40,570 against Rs. 3,60,310, the current year's budget estimate, and Rs. 3,62,527, the actuals of 1896–97. Statements III-A and III-B give in detail the works proposed to be carried out by all the local boards. An amount of Rs. 3,100 has been estimated under "Repairs—Communications" to be the expenditure by the Public Works Department on account of (1) maintenance of Kovvur-Manjair junction canal and (2) maintenance of the road on the Gódávari left embankment, the first four miles below the anicut. Thus the allotments for communications alone come to Rs. 2,71,560 against Rs. 3,04,880 in the budget for 1897–98 and are 48·4 per cent. of the cess collections, or are less than 50 per cent. of the cess collections by Rs. 11,090. The table given hereunder shows the allotments made by the district and taluk boards on account of communications :—

—	Allotment for communications.	Land-cess collections.	Percentage of allotments to local cess.	Increase or decrease over or below 50 per cent. of cess.
	RS.	RS.		RS.
District Board	1,15,790	2,25,370	51·3	+ 3,105
Taluk Boards	1,55,770	3,39,930	45·8	— 14,195
Total ..	2,71,560	5,65,300	48·0	— 11,090

None of the taluk boards except Ellore has been able to provide at least the prescribed minimum for communications. The attention of the taluk boards has been drawn more than once to the G.O., No. 1686 L., dated 14th September 1895, and G.O., Nos. 2323, 2324 L., dated 29th November 1895, and they have not been able to provide the necessary allotments. I think, however, that the allotments that the taluk boards will have to give on account of incomplete works out of the unexpended balances that will be left at the end of the current year, under Grant 1, will raise the percentage of expenditure on communications at the least to the prescribed minimum, if not higher. It is also to be noted that the expenditure on this account during the current year as now revised, under the district and taluk boards, exceeds the minimum as stated in paragraph 3 (2) *supra*. Similarly, the provision made in the budget for 1898–99, which is now less than the prescribed minimum, will not only rise to the limit but will also exceed the same. It is for these reasons that the district board has not raised the provision made by the taluk boards on this account to the prescribed minimum, and I trust that Government will allow it to stand.

23. *Establishment—(a) Public Works Department supervision and scrutiny of plans and estimates.*—The current year's provision is repeated in the absence of the usual Government Order intimating the provision to be made on this account.

(*b*) *Local Fund Engineering Establishment including contingencies.*—The provision made under this head amounts to Rs. 61,050 against Rs. 78,940, the current year's estimate, and Rs. 52,161, the actuals of 1896–97. The decrease under the current year's estimate is due to the fact that in the current year the cost of the Engineering Establishment, &c., as per scale remitted by Government for revision (*vide* G.O., Mis. No. 274 L., dated the 10th February 1897), was adopted, while for the next year the cost of the same as sanctioned in G.O., Mis. No. 1289 L., dated the 3rd July 1897, is provided for. The district board has further sanctioned the following proposals:—

(1) To raise the pay of Mr. Brown, the present District Board Engineer, to Rs. 700 in view of paragraph 2 of G.O., No. 1543 L., dated the 13th August 1897. Under existing arrangements he will be entitled to draw Rs. 690 on the 1st April 1898.

(2) To raise the pay of the tappal lascars of the District Board Engineer's office from Rs. 6 to Rs. 7, as the lascars doing similar duty in the sub-divisions are paid Rs. 7.

	Rs.
Engineer	50
Assistant Engineer	20
Gumastah	15
Sarang	12
Three lascars on Rs. 7 each	21
Fireman	10
Do.	8
Punt lascar	6

Total ..	146

(*c*) *Tolls and Ferries.*—The current year's provision of Rs. 5,200 is increased to Rs. 8,700 to include the cost of the (1) Narsapur steam ferry establishment as revised by the district board (*vide* in the margin), (2) Rajahmundry-Polavaram ferry service which the district board has resolved to open as a mere commercial concern, as it does not consider it advisable to extend Act II of 1890 to that ferry, and for which the district board has resolved to entertain the establishment shown below:—

	Rs.
Engineer	80
Assistant Engineer	20
Gumastah	12
Four firemen on Rs. 8 each	32
Sarang	15
Two steersmen on Rs. 8 each	16
Four lascars on Rs. 7 each	28
One lascar	6
One punt lascar	6
One do.	5
Total ..	220

and (3) the establishment charges of the Atchutapuram ferry, and (4) the contingencies of the ferries Nos. 1 and 2.

24. *Tools and Plant.*—The estimate of Rs. 4,320 under this head includes the cost of the steam road-roller establishment which is to be debited to this head under G.O., Mis. No. 1289 L., dated the 3rd July 1897.

25. *Miscellaneous.*—The amount estimated under this head represents (1) Rupees 2,000, being the moiety of the receipts derived from the ferries between the French and the British territories in the district payable to the French Government as in previous years, and (2) Rs. 1,000, being the amount estimated on account of the value of materials, &c., washed off or lost and to be written off the accounts.

26. *Grant 2, Education.*—The total outlay estimated under this grant amounts to Rs. 1,44,220 against Rs. 1,41,590, the current year's estimate, and Rs. 1,42,487, the actuals of 1896–97. The increase over the current year's estimate is the result of the following.

27. *Inspection.*—The current year's provision is repeated under this head.

28. *Training and Sessional Schools.*—Under training schools, an amount of Rs. 1,450 is provided as in the current year on account of stipends to the students (1) to be sent to the Muhammadan training school at Madras, and (2) that are undergoing training in the School of Arts, Madras, and in the Industrial school at Bezwada. Under sessional school—an institution of doubtful utility—the current year's provision is repeated. The district board was desirous of abolishing the school, but as a missionary member represented that there are several teachers (Pariah Christian) yet to be qualified, the district board has sanctioned its continuance only for next year for the special benefit of the panchama teachers.

29. *Secondary Schools—Salary System.*—The estimate under this head amounts to Rs. 26,600 against Rs. 24,340 in the current year's budget and Rs. 37,807, the actuals of 1896–97. The increase over the current year's estimate is partly the result of the following proposals:—

(1) To raise the pay of the headmaster of the Board high school, Amalápuram from Rs. 90–120 to Rs. 130. The proposal has the support of the Inspector of schools. The headmaster deserves this small increase, considering the present prosperous state of the school which is mainly due to his exertions. The institution is now regarded as one of the best high schools in the Presidency and is more than self-supporting.

(2) To convert the post of temporary teacher on Rs. 50 sanctioned in G.O., Mis. No. 2138 L., dated the 3rd November last, into a permanent place and to entertain another assistant teacher on Rs. 60 per mensem temporarily for one year, as the increase in the strength of the high school classes would necessitate the splitting of each form into two divisions.

(3) To abolish the posts of the third and fourth assistant teachers on Rs. 15 and Rs. 10, respectively, in the Peddápuram lower secondary school.

(4) To raise the pay of the Sanskrit Pandit in the Tanuku lower secondary school from Rs. 12 to Rs. 15.

(5) To open a lower secondary school at Sivakodu on the salary system at a cost of Rs. 70 per mensem.

(6) To make an increased provision on account of the increments in the salaries of some of the teachers in the Amalápuram high school and the headmaster of the Veeravasaram school.

30. *Secondary Schools—Salary Result System.*—The estimated outlay under this head comes to Rs. 8,030 against Rs. 11,900, the current year's budget figure, and the decrease is due to the following proposals:—

To close the vernacular lower secondary schools at Mori, Palacole, Sivakodu, Achanta and Akividu, and open primary schools instead.

31. *Elementary Schools—Salary Result System.*—The estimated outlay under this head is Rs. 84,100 against Rs. 84,700 in the budget for the current year, and the increase is the result of the following proposals:—

Rajahmundry Taluk Board.—(1) To abolish the post of the circle gymnastic instructor on Rs. 15 a month. (2) To raise the pay of the teachers from Rs. 7 and 6 to Rs. 8 and 7, respectively, at Angara, Tamarapalli, Kuyyeru, Dwarapudi, Kotipalli, Medapadu and Vedurupaka. (3) To raise the pay of the teachers at Konkuduru from Rs. 7 and 5 to Rs. 8 and 7, respectively. (4) To raise the pay of the teachers at Kottapeta from Rs. 10 and 8 to Rs. 11 and 9, respectively. (5) To provide an additional teacher at each of the following places:—Narsapurapupeta, Rs. 8; Alamur, Rs. 8; and Allavaram, Rs. 10. (6) To abolish the post of an assistant teacher at Biccavole on Rs. 6. (7) To abolish the following schools:—

Ulapalli (night).	Mummidivaram (night).	Sakurru (day).
Kasavaram (do.).	Jagannadhapur (do.).	Muramalla (do.).
Mandapeta (do.).	Jegurupadu (do.).	Pallakadiam (do.).
Amalápuram (do.).	Ambajeepeta (do.).	

(8) To abolish the post of an assistant teacher on Rs. 4 in Dowlaishwaram night school and to raise the pay of the remaining teacher from Rs. 4 to Rs. 7. (9) To

provide Rs. 3 per mensem for remuneration to be paid to the gymnastic instructor of the Board lower secondary school at Dowlaishwaram as he teaches gymnastics to the primary school also.

Ellore Taluk Board.—(1) To abolish the post of the circle gymnastic instructor on Rs. 15. (2) To open a school at Bommarayapadu (Muhammadan). (3) To close the schools at Komara, Settipeta, Tirumalapalem, Dharmajigudem, Bhimadole, Tirupati, K. Seetaramavaram, Gokavaram, Koppaka, and Chagallu (night). (4) To raise the pay of the teachers at Alamuru (day) from Rs. 8 and 7 to Rs. 10 and 8, respectively.

Narsapur Taluk Board.—(1) To abolish the post of the circle gymnastic instructor on Rs. 15. (2) To open new schools at Achanta, Akividu, Palakollu, Mori and Sivakodu where the vernacular lower secondary schools have been closed. (3) To revise the scale of the Razole school, as it is proposed to reduce the grade of the school to a lower primary one. (4) To close the night schools at Narsapur, Palakollu, Rustumbada, and Penumadam. (5) To raise the pay of the teacher of the Muhammadan school at Narsapur from Rs. 7 to Rs. 9.

Cocanada Taluk Board.—(1) To abolish the post of the circle gymnastic instructor on Rs. 15. (2) To open a school at Peddápuram to be a feeder to the lower secondary school. (3) To close the night schools at Vadisileru, Tirupati, Pulimeru and Tallarevu. (4) To abolish the post of a teacher on Rs. 8 in the school at Katravulapalli. (5) To entertain an additional teacher at Chendrampalem on Rs. 8. (6) To provide for the supply of three copies of Madras Educational Journal to the lower secondary schools at Pithápuram, Peddápuram and Tuni under the Cocanada Taluk Board.

32. *Grants-in-aid, Result Grants.*—The estimate under this head is Rs. 14,000 against Rs. 9,800, the estimate for the current year, and Rs. 8,780, the actuals of 1896–97; and the large increase is due to the provisions made by the taluk boards except Cocanada having been raised by the district board on the recommendation of the Assistant Inspector of Schools who attended the district board meeting (*vide* paragraph 19 *supra*). The several taluk boards resolved to pay these grants at the rates specified hereunder:—

Rajahmundry—At 50 per cent. to board schools; maximum rates to pure result schools.

Ellore—At maximum rates to all board schools, and 30 per cent. to the managers of pure result schools.

Narsapur—At 75 per cent. to board Hindu schools and at full rates to Mala and Muhammadan schools. The rates at which these will be paid to pure result schools is not stated.

Cocanada—At 50 per cent. to board Hindu schools, 75 per cent. to Panchama and Muhammadan schools, and at full rates to pure result schools.

33. *Grant 3—Medical Services, &c.*—The total outlay estimated under this grant is Rs. 1,37,820 against Rs. 1,40,180, the current year's budget estimate, and Rupees 1,17,948, the actuals of 1896–97. The decrease, when compared with the estimate of the current year, is the result of the following proposals under the several heads.

34. *Hospitals and Dispensaries.*—The estimated outlay under this head amounts to Rs. 47,480 against Rs. 47,710, the current year's estimate, and Rs. 38,986, the actuals of 1896–97. The decrease under the estimate is the net result of the following proposals:—

(1) To abolish the dispensaries at Mummidivaram and Coringa. These dispensaries were proposed to be abolished during the current year alone, but the Surgeon-General did not consent to their abolition. The Mummidivaram dispensary, whose average daily attendance, as stated by the District Medical and Sanitary officer, is 22·09, serves a very small area in the Amalápuram taluk wherein there are three hospitals or dispensaries besides the Mummidivaram dispensary. Mummidivaram is only 9 miles off Amalápuram, and the hospital at the latter can very well serve the population now served by the former dispensary. The board also considered that

four hospitals or dispensaries for a single taluk are unnecessary and excessive, considering that the taluk board is not able to provide the minimum expenditure on communications. The Coringa dispensary whose average daily attendance is 25·03 is also one of doubtful necessity and is a burden on the very limited resources of the Cocanada Taluk Board. Unless the ordinary expenditure of these boards is curtailed in all possible directions, they will be constantly approaching the district board with appeals for fresh allotments. I therefore trust that Government will see its way to sanction the proposal for their abolition.

(2) To raise the pay of the female practitioner in charge of women's and children's dispensary at Cocanada from Rs. 100 to Rs. 110, in consideration of her superior qualifications and of the valuable services rendered by her in the institution whose popularity is solely due to her exertions.

(3) To abolish the posts of the clerk on Rs. 10 and waterwoman on Rs. 5 in the same dispensary and to entertain a female hospital assistant on Rs. 30. The number of operations (minor and major) in the dispensary is large, and in performing them the female practitioner has to call in the assistance of the Civil Surgeon. But the caste women have grave and serious objections to the presence of a male practitioner and this will naturally diminish the popularity of the institution. To remove this, the District Board has sanctioned the entertainment of a female hospital assistant to assist the female practitioner in all the operations. The services of the clerk will not then be required, as the work can be performed between the new hospital assistant and the female practitioner. The waterwoman also is considered to be unnecessary. These proposals have the support of the Civil Surgeon.

(4) To provide the pay of the second-class hospital assistants at Tallapudi and Chintalapudi and of a first-class hospital assistant at Potavaram, as the Ellore Taluk Board wishes to place those institutions in charge of hospital assistants of superi[illegible]as w[illegible]ss.

([illegible]) Increased or decreased provisions have been made in certain hospitals or dispensa[illegible]s for fixed establishments in accordance with the rank or class of the hospital assistants and compounders that are now working in the institutions.

(6) To entertain a midwife on Rs. 15 in the Bhímavaram hospital.

(7) To provide for a scholarship of Rs. 25 per mensem for getting a female (caste woman, if possible) trained as hospital assistant under the superintendence of the Dufferin Fund Committee in view of the remarks of Government in paragraph 4 (3) of G.O., No. 1996 L., dated the 14th October 1897.

(8) The hospital assistants at the following places are provided with free quarters:—

Dowlaishwaram, Gokavaram, Rámachandrapuram, Amalápuram, Tallapudi and Chintalapudi.

35. *Vaccination.*—The current year's estimate under this head, viz., Rs. 14,560, is repeated, as the re-organization of vaccination establishment has been sanctioned by Government and will be introduced from the 1st January 1898.

36. *Sanitation.*—The total outlay estimated under this head is Rs. 60,520 against Rs. 64,480 in the current year's budget and Rs. 49,757, the actuals of 1896–97. The decrease, when compared with the current year's budget estimate, is due to the following:—

(1) To reduce the provision for improvement of water-supply under the Rajahmundry and Cocanada Taluk Boards and for scavenging establishments under all the taluk boards except Cocanada for want of funds.

(2) Increased provision has been made by the Ellore Taluk Board under village-site, as the land in the village of Velpur, where house-sites are proposed to be given out, has not yet been purchased.

(3) Increased provision has been made under "fairs and festivals" by the Cocanada Taluk Board for making sanitary arrangements at Vontimamidi, Bhímavaram, Kandrakota, Chollangi and Sarpavaram, for the last two of which the taluk board has been making provision every year under this head. But for others, the Taluk Board

has allotted funds from "balance" during the current year and the year before, on the recommendations of the District Magistrate and the District Medical and Sanitary Officer.

(4) There is also a decrease under other sanitary outlay under the Rajahmundry Taluk Board.

(5) The slight decrease in the provision under scavenging establishment is the net result of the following proposals:—

(*a*) *Rajahmundry Taluk Board*—To abolish one of the sweepers at Angara, Bendamurlanka, and the sweepers at Vetlapalem, Bodasakurru, Tanelanka, Alcot garden, Rapaka and Korukonda Kapavaram.

(*b*) To entertain a sweeper at Ryali.

(*c*) *Cocanada Taluk Board*—To entertain a sweeper at Jaggampeta.

(*d*) *Ellore Taluk Board*—To entertain an additional sweeper at Vadapalli Kovvur and Duvva.

(*e*) To abolish two of the sweepers at Tallapudi and one of the sweepers at Anantapalli, Annadevarapeta, Gopalapuram, Jagannadhapuram, Dubacherla, Ungutur, Dendulur and Tadikelapudi.

(*f*) To raise the pay of each of the sweepers at Chintalapudi from Rs. 5 to Rs. 6.

(*g*) *Narsapur Taluk Board.*—To entertain a Sanitary Inspector (on Rs. 50 *plus* Rs. 15 allowance), a toty (on Rs. 5 *plus* Rs. 2), and a servant (on Rs. 6 *plus* Rs. 2), temporarily for three months.

(*h*) To abolish the sweeper at Jaggannapeta and one of the sweepers at Palakollu.

37. (1) *Contributions to Provincial Services.*—The actuals of 1896–97 are taken under the existing orders of Government.

(2) *Contributions to Municipalities.*—The total amount estimated under this is Rs. 8,500 against Rs. 7,160, the current year's estimate, and the increase is due to (1) increased provision having been made by the district board under G.O., Mis. No. 2093 L., dated the 29th October 1897, and (2) increased provision having been made by the Ellore Taluk Board on account of increased expenditure incurred by the Ellore municipality for the construction of quarters to the apothecary in charge of the hospital.

38. *Grant* 4, *Public and Charitable Institutions.*—The estimated expenditure under this grant is Rs. 32,960 against Rs. 36,040, the current year's budget estimate, and Rs. 34,739, the actuals of 1896–97. The decrease is due to the decreased provision having been made under all the heads with reference to the actual requirements. The following are the proposals affecting the fixed establishments in these institutions:—

(1) To raise the pay of the mashalchi of the choultry at Rajanagaram from Re. 1 to Rs. 3.

(2) To entertain a gardener on Rs. 4 in the Peddápuram choultry.

(3) To reduce the scale and servants of the Vizeswaram choultry as the endowed choultry of Vontimamidi which was hitherto conducted at Vizeswaram under the Ellore Taluk Board has been transferred to Vontimamidi under the Cocanada Taluk Board (*vide* G.O., Mis. No. 726 L., dated 14th April 1897).

(4) To revise the establishment of the choultry at Vontimamidi for the above reason as shown below:—

	Rs.	A.	P.
Clerk	11	0	0
Two cooks on Rs. 6 each	12	0	0
One Brahmin servant	6	0	0
One sweeper	1	8	0
Total ..	30	8	0

(5) To raise the pay of the servant attached to the unendowed choultry at Jaggampeta from Rs. 3 to Rs. 4.

39. *Miscellaneous*—(1) *Lighting Charges.*—An amount of Rs. 7,690 is provided under this head against Rs. 7,850 in the current year's budget and Rs. 7,832, actuals for 1896–97, and the decrease is the net result of the Narsapur Taluk Board having reduced the provision under unions.

(2) *Other Miscellaneous.*—The current year's estimate of Rs. 6,100 for water-pandals has been reduced to Rs. 5,100, and the decrease is due to the Rajahmundry and Cocanada Taluk Boards having reduced the provision.

40. *Grant 5—Supervision and Management.*—The total outlay estimated under this head is Rs. 44,500 against Rs. 42,040, the amount estimated during the current year, and Rs. 39,940, the actuals of 1896–97. The variations are explained below.

41. *Controlling Establishments at the Presidency.*—An amount of Rs. 6,860 is provided under this head as in the current year, as the Government Order intimating the percentage rates has not yet been received.

42. *Printing work done at Government Press.*—The current year's provision of Rs. 600 is increased to Rs. 1,170 with reference to the actuals of 1896–97.

43. *Establishments in the Collector's Office*—(1) *Audit.*—The current year's provision of Rs. 1,890 is repeated.

(2) *Account Branch.*—There is an increase of Rs. 30 over the current year's provision due to the increments in the pay of the head accountant having been provided for.

(3) The current year's provision is repeated for Local fund gumastahs in the Taluk offices.

44. *Accountant's Office establishments, &c.*—An amount of Rs. 24,500 is estimated under this as well, as against Rs. 23,630 estimated for the current year and Rupees 23,820, actuals of 1896–97. The increase over the current year's estimate is due to increases having been made under all the heads under taluk boards and the increased provision under establishments is the result of the following proposals:—

(1) To raise the annual increment of the head clerk of the district board's office from Rs. 2 to Rs. 4, so that the head clerk may rise from the minimum (Rs. 54) to the maximum (Rs. 72) in five years from the date of his first increment. The present head clerk is to get the increment at Rs. 4 with retrospective effect from the 1st February 1897, the date of his first increment. At present, the head clerk's pay is to rise from minimum to maximum in ten years by annual increments of Rs. 2 each, while all the clerks or accountants and draughtsmen holding progressive appointments in this district rise only in five years. Besides, the annual increments of all progressive appointments are proportionate to the pay; if the pay of an appointment is less the increment is also less, and if it is greater the latter is also greater. In the case of the taluk board head clerks, the annual increment is Rs. 3; and it is but fair and reasonable that the increment of the head clerk of the district board should be not less than that. The present head clerk also deserves every encouragement. The district board's proposal may, therefore, be approved as it secures uniformity in the grading of the progressive appointments among the ministerial staff, besides giving a small increase to the present incumbent.

(2) To provide for an allowance of Rs. 5 to be paid to the record-keeper for doing the typewriting business. The district board has lately purchased a typewriter for the use of its office and got one of its clerks, the record-keeper, to learn the work. He is now doing the fair-copying of important letters, &c., on the typewriter and in consideration of the additional work thrown on him, the board has resolved to pay him an allowance of Rs. 5 per mensem when he qualifies himself by passing the intermediate test in typewriting. But, I am doubtful if a passed man can be got for Rs. 23 (Rs. 18 his pay *plus* Rs. 5 allowance proposed), as in all other offices typists cannot be had for less than Rs. 30. I therefore recommend that it may be paid to him without that qualification, as he has been doing the work neatly and with tolerable quickness.

(3) To provide for the annual increments of certain clerks in the district board's office.

(4) To raise the pay of the second clerk of the Ellore Taluk Board office from Rs. 20 to Rs. 20 to 25, rising by annual increment of Re. 1 in view of the additional work thrown on him by the introduction of the separate bill system for distribution of salaries of the primary schoolmasters.

(5) To entertain a peon on Rs. 6 per mensem in the same office as the appointment of a Vice-President, and the consequent delegation of the President's powers have necessitated this course.

(6) To reduce the pay of the mashalchi from Rs. 7 to 6 and entertain a peon on Rs. 7 for the reasons specified in (5) *supra* in the Cocanada Taluk Board's office.

(7) To provide for the increments of the several clerks in the Taluk board offices.

45. *Contingencies.*—Increased provisions under the several heads have been made for stationery, &c., under taluk boards, with reference to the requirements estimated by them. Under this head, provision is also made for the purchase of the following reference books for the use of the offices noted against them. The books are specified with reference to G.O., No. 1962 L., dated the 4th October 1894.

46. *Allotments to the Taluk Boards.*—As stated in paragraph 19 *supra*, the district board had to allot Rs. 43,000 to taluk boards.

47. The grand total of the estimated expenditure under all grants amounted to Rs. 7,80,730 against Rs. 8,13,380, the current year's budget estimate, and Rupees 8,07,574, the actuals of 1896–97. The budget closes with a balance of Rs. 1,80,230 distributed among the several funds noted below :—

District Fund.

	Rs.
General	57,081
Canal and Ferry fund	289

Taluk Boards.

General	37,445
Endowment fund	84,559
Union	856
	1,80,230

The balances available for general purposes under the District and Taluk funds, including Union funds, are 21·7 and 7·8 per cent., respectively, of the estimated current receipts, exclusive of Endowment funds in the case of taluk boards. The district board budget is so framed as to leave this large balance in view of the orders of Government communicated in G.O., No. 2010 L., dated the 16th October 1897, and as the district board has felt the paucity of funds more than once when it had to allot the same either for urgent and important works or to help the taluk boards when their accounts close with *minus* balances. It is therefore considered advisable and desirable as well, to have so much balance at least in the hands of the district board against unforeseen contingency. The balance under Endowment fund is increasing e and the taluk boards have not been able to reduce them. Nor do they d teps they intend taking to utilize the funds. Their attention will be dra ter for early consideration.

gret the delay of a few days in the submission of this report and statemen due to the district board meeting having been held only on the 13th instant and the revision of taluk budgets.

From M.R.Ry. M. KAMARAZU and others of Gódávari, dated 2nd January 1898.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 18th January 1898, No. 380.

With reference to the educational portion of the budget estimate of the Gódávari District Board for 1898–99, I have the honour to state that the allotments made under the several heads are sufficient and may be approved. The net expenditure proposed under Grant 2 is Rs. 97,300 (Rs. 1,44,220—46,920), which is 17·2 per cent. of the estimated income from land-cess.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 25th January 1898, No. 72.

With reference to Grant 3 of the budget estimate of the District Board, Gódávari, for the year 1898–99, I have the honour to state that the proposal of the board to close the dispensaries at Mummidivaram and Coringa does not meet with my approval. These two dispensaries were only opened in April 1892 and January 1895, respectively, and are doing good work. It is a great pity to abolish them so soon in order to effect a small saving.

2. The following recommendations of the District Medical and Sanitary Officer need to be provided for as funds permit :—

(1) *Dowlaishwaram Dispensary.*—To gravel the ground for twelve or sixteen feet round the dispensary and to fill up the rain water pond to the south of the dispensary.

(2) *Tuni Dispensary.*—To provide accommodation for treating in-patients.

(3) *Narsapur Hospital.*—To construct a pandal made of bamboos and leaves in front of the hospital and to provide quarters for the hospital assistant.

(4) To construct new buildings for the institutions at Kottapeta, Mandapeta, Peddápuram, Tanuku, Tállapúdi, Pentapadu, Chintalapudi, Bhímavaram and Razole.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 25th February 1898, No. 449-S.

With reference to the Gódávari District Board budget for 1898–99, I have the honour to remark that the proposed expenditure on sanitation amounts to only 8·2 per cent. of the estimated current receipts. The allotment should be increased to cover the following charges which are necessary :—

(1) No provision is made to meet the charges incidental to epidemic outbreaks, such as cholera and plague. I would advise that a suitable sum be set apart on this account.

(2) I would also suggest the employment of ten certificated sanitary inspectors on Rs. 45 + Rs. 15 each—one for each revenue taluk. The services of these men in times of epidemic prevalence will be found of great value.

ORDER—No. 531 L., dated 22nd March 1898.

The estimated local fund receipts and charges of the Gódávari district for 1898–99, as passed by Government, are compared below with the budget and revised estimates for the year 1897–98 and the actuals of 1896–97 :—

REVISED ESTIMATE FOR 1897-98.

2. The receipts and charges for the current year are now estimated at Rupees 7,50,700 and Rs. 7,90,040, respectively, against Rs. 7,32,680 and Rs. 8,13,380 anticipated in the sanctioned budget. The increase in the receipts, which occurs chiefly under land-cess, house-tax, school-fees, choultry rents, fees and fines, contribution from Provincial funds for hospitals and dispensaries and miscellaneous debt accounts, is partly counterbalanced by a decrease under medical, &c.,—miscellaneous—and public works, while the decrease in the charges, which appears mainly under Grants 1 and 3, is partly counterbalanced by an increase under miscellaneous debt accounts. The proposed allotment of Rs. 10,000 to the Cocanada Taluk Board as a loan will be allowed to stand, pending receipt of the information called for in Government Memorandum No. 159, dated 9th February 1898. The entertainment of the establishments required for the new schools referred to in paragraph 4 of the President's letter, except the one at Alamur, regarding which explanation has been called for separately, and the abolition of the establishment of the Vallur (Mala) school, are sanctioned.

BUDGET ESTIMATE FOR 1898-99.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 7,38,530 against Rs. 7,50,700 in the revised estimate, the decrease which appears chiefly under land-cess, ferry rents, contributions from Provincial funds for hospitals and dispensaries and miscellaneous debt accounts being partly counterbalanced by an increase under school-fees, medical, &c.,—miscellaneous—and public works. The Ellore Taluk Board's proposal to collect fees in the vernacular lower secondary schools at one-fourth of the prescribed rates will be considered in the Educational Department. The levy of fees in the Pulletikurru market, proposed in paragraph 16 of the President's letter, is approved. From statement VIII it appears that a sum of Rs. 10,950 is to be contributed from taluk funds to unions in excess of the lighting charges to be incurred in them. Steps should be taken to restrict these general contributions as much as possible by reducing the expenditure of the unions, as directed in paragraph 12 of G.O., No. 2474 L., dated 31st December 1897.

4. *Charges.*—(1) The charges are estimated at Rs. 7,80,730 against Rs. 7,90,040 in the revised estimate, the decrease which occurs mainly under Grants 1 and 4 and miscellaneous debt accounts being partly counterbalanced by an increase under the other grants.

(2) *Grant 1.*—None of the new works provided for in the budget should be undertaken until the plans and estimates for them have been sanctioned by competent authority. With reference to G.O., No. 38 L., dated 6th January 1898, the allotment for the maintenance of the Kovvur-Munjair junction canal will be reduced from Rupees 2,800 to Rs. 1,500 and a provision of Rs. 2,000 will be made for raising the banks of this canal. The allotment for communications, being 96 per cent. of the prescribed minimum, will be raised by Rs. 10,390, so as to reach the minimum, as additional allotments are expected to be made on account of incomplete works from the unexpended balance that may be left at the close of the current year. Under supervision by the Public Works Department and contribution to that department for the scrutiny of local fund plans and estimates, Rs. 350 and Rs. 2,510, respectively, will be provided instead of Rs. 450 and Rs. 3,140, with reference to the Government Order above referred to. The proposal to raise the pay of Mr. Brown, the District Board's Engineer, with reference to paragraph 2 of G.O., No. 1543 L., dated 13th August 1897, should form the subject of a separate communication. The proposed increase in the pay of the tappal lascars of the District Board Engineer's office, from Rs. 6 to Rs. 7, is sanctioned. The President is requested to explain fully the necessity for the large ferry establishments proposed in paragraph 23 of his letter. It is presumed that the provision made for tools and plant is sufficient to include the amount to be placed at the disposal of the Public Works department for that purpose.

(3) *Grant 2.*—As the present pay of the headmaster of the High school at Amalápuram is sufficiently high, the Government does not consider it necessary to raise it to Rs. 130. The remaining additions to, and alterations in, the educational

establishments, proposed in paragraphs 29, 30 and 31, the necessity for which should have been explained in all cases, are sanctioned. The President is requested to explain fully the circumstances under which the Ellore Taluk Board proposes to pay result grants only at 30 *per cent.* of the maximum rates to pure result schools while allowing the maximum rates to board schools.

(4) *Grant 3.*—For the reasons assigned by the Surgeon-General in paragraph 1 of his letter read above, the dispensaries at Mummidivaram and Coringa will be retained. The attention of the local boards will be drawn to the recommendations of the District Medical and Sanitary Officer referred to in paragraph 2 of the same letter. The Government does not consider it necessary to raise the pay of the female practitioner in charge of the women's and children's dispensary at Cocanada from Rs. 100 to Rs. 110, as proposed in paragraph 34. The entertainment of a female hospital assistant on Rs. 30 for the same dispensary, the abolition of its clerk and waterwoman and the entertainment of a midwife on Rs. 15 for the hospital at Bhímavaram are sanctioned. The President is requested to state the necessity for the temporary entertainment of a sanitary inspector and his establishment, as proposed in paragraph 36. The remaining additions to, and alterations proposed in, the sanitary establishments are sanctioned. A sum of Rs. 4,000 will be provided under unforeseen charges for the purposes referred to in clause (1) of the Sanitary Commissioner's letter read above and his suggestion in clause (2) will be referred to the local boards for consideration and report.

(5) *Grant 4.*—The addition to, and alterations in, the choultry establishments, proposed in paragraph 38, are sanctioned.

(6) *Grant 5.*—With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for controlling establishments at the Presidency will be reduced from Rs. 6,860 to Rs. 6,190. The additions to, and alterations in, the Local Boards' office establishments, proposed in paragraph 44, are sanctioned.

5. *Balance.*—As revised by Government, the budget closes with a balance of Rs. 1,63,770, of which Rs. 860 appertain to unions, Rs. 84,560 to endowed institutions and Rs. 290 to the canal and ferry fund, leaving Rs. 78,060 or 12 per cent. of the receipts available for general purposes.
