Proceedings of the Director of Public Instruction.
No. 7/121 dated 3rd June 1898.

In para 14 of Proceedings No. 10146 dated 31st August 1897, the following sentence should be omitted: - "In future reports the number in the form or class at the time when the applications for the above examinations are sent in should be reported so as to enable the Director and Government to ascertain what ratio the number of passed pupils bears to the number on the rolls."

2. A remark to the above effect is generally made as a matter of course in cases where the information is not given in table (iv) of the Inspection Report. But in the case of the Inspection Report of the Female Branch of the Lawrence Asylum reviewed in the above mentioned Proceedings the information is correctly given; it being shown that all the pupils in the classes concerned were presented for the Lower Secondary and Primary Examinations. The remark made through inadvertence, is quite out of place and should not have appeared in the review.
