PUBLIC WORKS DEPARTMENT.

No. 402 C., dated 2nd February 1895.

MEMORANDUM.

READ—the following papers:—

From S. D. PEARS, Esq., Superintendent of Works, No. I Periyár Division, to the Chief Engineer, Public Works Department, dated Periyár, 18th December 1894, No. 186 C.E.

I have the honour to bring to your notice again the position of the clerks in this division. You have yourself given an appointment to one clerk in your own office, but otherwise not one clerk has benefited by your circulars No. 161 C., dated 15th January 1891, and No. 5260 C., dated 10th December 1892.

2. With regard to those who have passed the Matriculation, their position remains where it was except that they have strengthened their claims on Government by two years' further service since the issue of the second circular above quoted and that their need for a permanent appointment has become the more pressing by two years nearer approach to the completion of the works.

3. The case of the other passed men is much worse. It has not only changed in the same two respects as that of the matriculates, but their prospects have received an additional and, unless it can be waived in their favour, a fatal blow in the notification published at page 623 of the *Fort St. George Gazette* of 29th April 1894, by which they are barred from all hope of permanent employment on any salary exceeding Rs. 15. These men have all of them put in some considerable service in the Periyár project which they only joined in the belief, which was at that time perfectly accurate, that they would, on completion of the works, be eligible for permanent superior employment elsewhere. Had it been possible to foresee the notification-abovementioned, it is certain that they would none of them have joined and that they would have spent their time in seeking permanent employment elsewhere, and it is very probable that they would have found it. They have therefore been, as it were, trapped into their present employment and are now told that in about a year they will be turned adrift without hope of re-employment.

4. A complete revised list of all the passed clerks in the division is appended, and I beg that orders may be issued to render effective your two circulars above-quoted, and that with regard to the six last named clerks orders may be obtained in the Educational Department exempting them from the operation of the notification above mentioned for at least a period of two years from 1st January 1895 if it may not be altogether.

Memo. No. 165 C.

With reference to letter from the Superintendent of Works, No. I Periyár Division, No. 186 C.E., dated 18th December 1894, the undersigned has the honour to state that he is willing to issue orders to the effect that no vacancies in the clerical establishments of the various circles shall be otherwise filled until the men in No. I Periyár Division have been provided for, but in that case the project must face the disadvantage of losing the men's services if vacancies should occur before the works are completed. The Superintendent of Works is requested to report whether he is willing to accept this.

2. The question of exempting the six clerks last named in the Superintendent of Works' list from the operation of the Public Service Notification will be referred to the Educational Department for consideration.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

17th January 1895.

From S. D. PEARS, Esq., Superintendent of Works, No. I Periyár Division, to the Chief Engineer, Public Works Department, dated Periyár, 25th January 1895, No. 209 C.E.

In reply to your memo. No. 165 C., dated 17th January 1895, I have the honour to report that with the nucleus of permanent and of unpassed men who will remain till the close of the works and with the probability that not all the remaining clerks will be provided for in other circles before the completion, I am prepared to face the chance of being undermanned in the matter of clerks for the last two or three months of the work.

2. With regard however to the order which you are good enough to offer to issue to Superintending Engineers on behalf of the Periyár clerks, I would venture to suggest one modification. Nearly all the clerks are Tamil, and of the remainder the greater number are Tamil by domicile and are only Telugu by descent. Were the order therefore issued impartially to all Superintending Engineers, it would lead to the appointment of Tamil men to Telugu offices where they would be both useless and

discontented. I would therefore suggest that Superintending Engineers may instead be requested to reserve vacancies as follows:—

Circle.	Number of vacancies to be reserved.	Name of Clerk.
I	1	* K. V. Narasimha Iyer.
II	1	* P. M. Veeraragava Tatachiar.
III	1	* B. Subramanya Aiyah.
IV	3	T. V. Sankara Row.
V	3	T. M. Thiruvengadam Pillai.
VI	3	* O. V. Seshappa Iyer.
		T. M. Thirumalaikoluntha Pillai.
		L. Parancusiah.
		* S. Appathurai Iyer.
		M. K. Kandasawmi Pillai.
		* N. Kailasam Pillai.
		P. Kumarasawmi Mudaliar.

With the above distribution those who are suited for Telugu districts are apportioned thereto, the Tamil clerks are distributed among the three Tamil circles and the wishes of all of them are met as far as possible. The matriculates are marked with an asterisk; the question of the exemption of the others awaits your further disposal.

3. The Draughtsman T. Gopal Naidu is a Telugu man of Tamil domicile and might be sent to any circle, but he wishes for the 2nd, 4th or 5th.

The foregoing papers are communicated to Superintending Engineers in continuation of the memoranda quoted in the margin.

2. Vacancies in the office establishments of circles and divisions should be

filled in the order stated in Mr. Pears' letter of the 25th January 1895.
