OFFICE OF SANITARY COMMISSIONER,
Fort St. George, 1st March 189

From

SURGEON-LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,

SANITARY COMMISSIONER FOR MADRAS,

To

THE

Secretary to Government
Local & Municipal Dept.

Enclosure.

SIR,

fly H

With reference to G.O. N. 97,
Educational dated 20th December 1894,
I have the honor to state that
correspondence received from
certain Districts show that the
vaccination staffs are put to
considerable inconvenience
by demands made upon the
them for certificates of vaccina-
tion of pupils about to appear
at the Primary Examination. If
these requests from school-
masters are not promptly
attended to, much useless
correspondence is apt to oc-
cur in which, on the one hand,
Deputy Inspectors point out that
it is impossible to be everywhere
at

once and ^{on Mr. Mier} the Schoolmasters explain of the inconvenience used these pupils by Deputy inspectors not at once abandoning from their current official work for this special duty.

Whilst the Vaccination staff, and more especially the supervising staff, has remained in numbers but little changed from year to year, the number of applications for the Primary Examination has steadily increased. Thus, whilst in 1890 the number that appeared was 6480, in 1896, it was 29324. Either, therefore, to overtake the work the vaccination staff in Districts must be increased, pupils must be directed to appear before medical subordinates who are, in so far as their being posted to rural tracts in considerable numbers, a new factor since 1890, or the arrangements proposed in the G.O. above referred to requiring Inspecting Educational officers to acquaint themselves with the nature of Vaccination.

Vaccination and satisfy requirements as to certificates accordingly should be extended, so as to refer not only to "grants in aid" but also to certificates for primary examination. I consider the latter course suffices to cover requirements, and, consequently, respectfully suggest that the Government extend the scope of the G.O. No 977 dated 20th December 1894.

I have the honor to be
Sir

Yours most obediently

W. S. Mier

Surgeon Major

OFFICE OF THE COMMISSIONER
FOR GOVERNMENT EXAMINATIONS,

Madras, 29th April 1898.

From

THE HON'BLE MR. D. DUNCAN, M.A., D.Sc., LL.D.,

COMMISSIONER FOR GOVERNMENT EXAMINATIONS,

Madras,

To

THE SECRETARY TO GOVERNMENT,

LOCAL AND MUNICIPAL DEPARTMENT,

Fort St. George.

SIR,

With reference to Endorsement no. 66,
dated 12th March 1898, referring to me for
remarks a letter from the Sanitary
Commissioner, I have the honour to
state that, in recommending the ex-
tension of the scope of G.O. no. 977 dated
20th December 1894, so as to make it ap-
ply not only to 'grants-in-aid', but also
to certificates for the Primary Examina-
tion, Dr King was evidently not aware
of the manner in which the Primary
Examination is conducted. It
needs to be pointed out to Dr King
that

that this examination is conducted not by the Inspecting Officers of the Educational Department, but by Boards composed partly of members belonging to different departments, and partly of persons not in the Service of Government. The composition of these Boards and the large number of members make the Sanitary Commissioner's proposals impracticable.

^{Members}
They cannot all be expected to acquire the knowledge necessary to satisfy themselves that the candidates have been properly vaccinated and are sufficiently protected.

I have the honour to be,
Sir,

your most obedient servant,

J. Durran

Commissioner

Educational DEPARTMENT

C. No. 309 of 1894 587 718

SUBJECT.

Protection from Small-pox & the
Primary examination.

FOR ORDERS.

The Sanitary Commissioner states that the vaccination staff is put to considerable inconvenience by demands made upon it for certificates of vaccination of pupils about to appear for the Primary examination and requests that as in grant examinations the Educational Inspecting Officers may be required to see that the candidates for the Primary examination bear the marks of Small-pox or vaccination. The Commr for Govt Examinations to whom the S.C.'s letter was referred for remarks, states that the Pry. Exams are conducted not by Inspecting Officers but by Boards; that the composition of these Boards and the large number of members composing the

them make the Sanitary Com-
 missioner's proposals impracticable
 and that the members cannot all
 be expected to acquire the knowledge
 necessary to satisfy themselves that
 the candidates have been properly
 vaccinated and are sufficiently
 protected.

Under art 3 of the Pry. Exams.
 notification, each Bd of Examiners
 consist of a chairman and not less
 than six members of whom three
 are Ed. Inspecting Officers.
 In respect of Grant examinations
 each of these three Inspecting Officers
 is competent to see that the pupils
 passed by him for grant bear the
 marks of small-pox or vaccination;
 it is therefore difficult to see why
 a Bd containing three such Officers
 should be considered incompetent to
 satisfy itself that the candidates
 appearing before it bear marks of
 small-pox or vaccination. Submitted
 that the Sanitary Commissioner's proposals
 may be approved.

J. M. I doubt whether it will be safe
 to have vacc. marks inspected by the
 Educ. Boards. Frequently these will be consti-
 -tutes of persons who lay no store by vacci-
 -nation, & the thing might come to be regarded
 as unimportant. The Director, it is clear, feels strongly
 about it. 16.5.98

Ask Dr. Duncanson why the
 Inspecting Officers are not to
 carry on or be entrusted with the
 duty of seeing that the pupils
 are vaccinated to. He must
 add materially to his work of
 the Vaccination Estab. &
 have written 29324 certificates

OFFICE OF THE COMMISSIONER
FOR GOVERNMENT EXAMINATIONS,
Madras, 19th July 1898.

From

THE HON'BLE MR. D. DUNCAN, M.A., D.Sc., LL.D.,

COMMISSIONER FOR GOVERNMENT EXAMINATIONS,

Madras,

To

THE SECRETARY TO GOVERNMENT,

LOCAL AND MUNICIPAL DEPARTMENT,

Fort St. George.

SIR,

With reference to memorandum
no. 30 m, Educational, dated the 21st May
1898, I have the honour to submit that
as the Primary Examination in each district
is held at a great many centres and as
the Inspecting officers of the Educational
Department, who are Ex-officio members of
the Board, cannot be present at all
the centres, the duty of seeing whether
the candidates bear marks of Small-
pox or of vaccination cannot well be
entrusted to the Inspecting officers.
In point of fact, owing to pressure
of work in examining schools for results
granted

grants at that time of the year, the Inspecting officers have frequently to be relieved altogether of participation in the work of the Primary Examination Boards.

I have the honour to be,
Sir,
your most obedient servant,
J. Duncan
Commissioner.

No 474 of 1-8-98

Miss

Inspecting

In his letter read above the Sanitary Commissioner proposes to extend the scope of G.O. No 977 Ed. dated 20th Dec. 1894 so that, as is done in Grant exam^{ns}, the Educat^l officers may be required to whether candidates for the Primary Exam^t have been vaccinated or have had small pox.

2. The ^{C.E.E.} D.P. reports that the Primary Exam^t is conducted not by the Inspecting officers of the Educat^l ^{at the Sanitary Comm^t seems to suppose} Dep^t but by Boards composed partly of members belonging to different depart^s & partly of persons not in the service of Govt, & that the composition

gr
the
Bo

These Boards + the large number
members make the Sanitary
Commissioner's proposals un-
practicable.

The Gen^l agrees with the ^{C.S.E.} ~~that~~
that it is inadvisable that
members of the Boards should
be required to see whether
Candidates have been vaccinated
or have had small pox,
+ the Sanitary Commissioner
will be informed accordingly.
