University of Madras omit "Botany" and "Comparative Anatomy" from the subjects of studies for the M.B & C.M. degree examination and substitute in their place "General Biology, Theoretical and Practical." A Professorship on General Biology has therefore to be created in the Medical College in the place of the two existing lectureships in Botany and Comparative Anatomy; but pending final orders on the reconstitution of the College Staff and the arrangement of these duties, which are separately under consideration, H.E. the Governor in Council proposes to appoint Dr. Bourne Professor of Biology in the Presidency College, to deliver the necessary lectures during the current session of the College, and to grant him an honorarium of Rs.1000 for the extra work that will be imposed upon him. The charge can be met from the honorarium of Rs.1400 (Rs.700 each) attached to the Lectureships in Botany and Comparative Anatomy (vide Despatches from the Secy. of State No.217 Military, d/ 8th Aug. 1878 and No.153 Public (Ed) d/ 18th November 1897).

3. As the session has already begun at the College I am to request that the reply to this letter may be sent by telegram.
