READ—again the following papers :—

G.O., Nos. 39, 40, Educational, dated 20th January 1897.

ABSTRACT.—Asking the Resident in Mysore and Chief Commissioner of Coorg whether there are any objections to placing Coorg and Bangalore for educational administrative purposes under the control of the Director of Public Instruction, Madras.

G.O., No. 155, Educational, dated 16th March 1897.

ABSTRACT.—Recording letter from the Resident in Mysore stating that the question of placing Coorg and Bangalore for educational administrative purposes under the Director of Public Instruction, Madras, is not likely to be settled before the 1st April next.

G.O., No. 398, Educational, dated 15th July 1897.

ABSTRACT.—Communicating to the Director of Public Instruction letter from the Government of India forwarding papers regarding the proposed arrangements for the educational inspection and control of the schools in the Civil and Military Station of Bangalore and in Coorg, and requesting to be furnished with the views of the Government of Madras on the subject and the details of the matured scheme for giving effect to the proposed arrangements.

G.O., Nos. 263, 264, Educational, dated 21st April 1898.

ABSTRACT.—Forwarding to the Resident in Mysore and the Chief Commissioner of Coorg, for an expression of opinion, a set of rules giving the details of the scheme for placing the schools in the Civil and Military Station of Bangalore and in Coorg under the control of the Director of Public Instruction, Madras.

READ—also the following papers :—

From Lieutenant-Colonel DONALD ROBERTSON, I.S.C., Resident and Chief Commissioner of Coorg, to the Secretary to the Government of Madras, Educational Department, dated Bangalore, 25th June 1898, No. 3103.

I have the honour to acknowledge the receipt of your letter, No. 264, Educational, dated the 21st April last, forwarding draft of a set of rules prepared by the Director of Public Instruction in Madras, in furtherance of the scheme whereby the schools in Coorg and the Civil and Military Station of Bangalore are to be placed under the Director.

2. The rules, as now drafted, appear to me unnecessarily long, and to include some details with which, as such matters merely concern the internal administration of Coorg and the Civil and Military Station of Bangalore, it seems hardly necessary to trouble His Excellency the Governor in Council. So far as the practical working of the proposed scheme is concerned, the Madras Government is probably only interested to the extent of defining the exact position which the Director and his Inspectors will occupy with reference to the Resident and Chief Commissioner.

3. The arrangements under which the schools in Coorg and Bangalore are inspected by a Madras Educational officer will, it is understood, remain practically the same, except that the duty will in future be performed by two Inspectors and two Inspectresses instead of one Inspector. In this belief I have, adopting so far as

appeared expedient the Director's draft, prepared a revised set of rules which appear to meet the necessities of the case, and would suggest that, with the approval of His Excellency the Governor in Council, they be forwarded to the Government of India.

4. I also enclose a copy of the draft rules received with your letter—the marginal notes show why various changes have been considered necessary.

Endt. No. 1524, Educational.

Forwarded to the Director of Public Instruction for early remarks.

11th July 1898.

(Signed) H. TREMENHEERE,
Secretary to Government.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 26th July 1898, No. 8118.

I have the honour, in returning your endorsement No. 1524, Educational, dated 11th July 1898, to state that the rules as revised by the Resident and Chief Commissioner may be approved with the addition in the last rule of the words "and in the Madras Educational Services" before the words "shall be eligible" as they seem to have been omitted through an oversight.

From the Officiating Under Secretary to the Government of India, Home Department (Education), dated 18th July 1898, No. 223.

ORDER—No. 606, Educational, dated 29th September 1898.

The revised draft of the rules, drawn up under the scheme for placing the schools in Coorg and in the Civil and Military Station of Bangalore under the Director of Public Instruction, and forwarded by the Resident in Mysore and the Chief Commissioner of Coorg with his letter, dated 25th June 1898, is approved with the addition proposed by the Director of Public Instruction in his letter read above.

2. The attention of Government has been recently drawn to the fact that the present Inspectresses of Schools are unable to cope with the increased work that devolves upon them on account of the wide extension of female education in the Presidency. In his letter, dated 19th July 1898, read with G.O., Mis. No. 1568, dated 6th September 1898, the Director of Public Instruction stated that he was unable to recommend the conversion of the Municipal girls' school at Tirupati into a Government school, and urged that the present staff of Inspecting officers and their establishment feel unable to undertake any additional work in connection with Government girls' schools. The addition of Coorg and Bangalore to the already large area which has to be traversed by the two Inspectresses of Girls' Schools renders this a fitting opportunity to consider whether it is not advisable that a third Inspectress should be appointed, and the Director of Public Instruction will be requested to give his views on the subject.

3. The revised rules approved above will be communicated to the Government of India.

LETTER—No. 607, Educational, dated Ootacamund, 29th September 1898, to the Secretary to the Government of India, Home Department.

In reply to Mr. Thornton's letter, No. 160, dated 22nd June 1897, requesting to be informed of the views held by the Government of Madras on the proposed arrangement for the educational inspection and control by the Director of Public Instruction, Madras, of the schools in the Civil and Military Station of Bangalore and in Coorg, I am directed to state that, after careful consideration, this Government is of opinion that the scheme may be accepted. I am further directed to forward a copy of the draft rules which have been drawn up by the Director of Public Instruction, in consultation with the Resident in Mysore and the Chief Commissioner of Coorg, for giving effect to the proposed arrangements.

APPENDIX.

RULES FOR THE EDUCATIONAL INSPECTION AND CONTROL OF THE SCHOOLS IN THE CIVIL AND MILITARY STATION OF BANGALORE AND IN COORG.

Control.

- I. The colleges and schools in Coorg and the Civil and Military Station of Bangalore shall for administrative and educational purposes be placed under the Director of Public Instruction in Madras, subject to the general control of the Resident and Chief Commissioner.
- II. All correspondence between the Inspecting officers of the Madras Educational Department and the Resident in Mysore or the Chief Commissioner of Coorg shall pass through the Director.

Inspection and Examination of Institutions.

- I. The inspection and examination of colleges and schools in the Civil and Military Station of Bangalore shall vest in the Inspector of Schools, or the Inspectress of Girls' Schools, Central Circle, as the case may be, of the Madras Educational Department, who shall be assisted by a Sub-Assistant Inspector.
- II. The inspection and examination of the schools in Coorg shall vest in the Inspector of Schools, or the Inspectress of Girls' Schools, Western Circle, as the case may be, who shall be assisted by a Sub-Assistant Inspector.
- III. Schools for Europeans, colleges, secondary schools, training, technical, industrial and art schools in both Bangalore and Coorg shall be inspected and examined by the Inspector or the Inspectress. The Sub-Assistant shall assist when required.
- IV. The inspection and examination of primary schools shall devolve on the Sub-Assistant Inspectors.
- V. It shall be competent to the Inspector or the Inspectress to inspect and examine any schools the annual inspection and examination of which devolve on the Sub-Assistant Inspectors.
- VI. The Inspector and the Inspectress shall, in communication with each other, arrange their tour programmes in such a way that they shall not both require the services of the Sub-Assistant at one and the same time.
- VII. For the inspection and examination of colleges and schools in Bangalore, the Inspector and the Inspectress shall draw their travelling allowances from the Madras Government, Bangalore not being required to bear the charge.
- VIII. For the inspection and examination of the schools in Coorg the Inspector and the Inspectress shall draw from Coorg such consolidated travelling allowance as may be sanctioned by the Government of India.
- IX. The general rules relating to the inspection and examination of schools embodied in the Madras Inspection Code shall apply to the inspection and examination of colleges and schools in Bangalore and Coorg, so far as they are not inconsistent with any orders or instructions issued by the Resident or the Chief Commissioner.
- X. Reports in the form prescribed by the Director for reporting on colleges and schools under the Madras Educational Department on the results of inspection and examination shall be invariably submitted through the Director to the Resident or the Chief Commissioner.

Government Schools.

- I. Heads of Government upper secondary schools shall correspond direct with the Director. Heads of lower secondary schools and of European, training, technical, industrial and art schools, whether Government or aided, shall address their communications to the Inspector or the Inspectress, and heads of primary schools to the Sub-Assistant Inspector.
- II. The appointment, leave, transfer, promotion and punishment of Government teachers and other Government servants shall vest in the Director when their pay does not exceed Rs. 30 per mensem, and in the Resident or the Chief Commissioner in all other cases. At the close of each quarter a return of appointments, &c., made by the Director shall be furnished to the Resident or the Chief Commissioner.
- III. Power to dismiss from service Government teachers and other servants shall vest in the Resident or the Chief Commissioner.

Annual Budgets and Reports.

- I. The Inspector and the Inspectress shall submit budget estimates of receipts and charges to the Director by the 15th August every year, so as to enable him to prepare and forward to the Resident or Chief Commissioner a consolidated budget by the 15th September. They shall be

prepared in accordance with the instructions issued for the preparation of departmental budgets by the Director's office, subject to any special instructions from the Resident or the Chief Commissioner.

II. No new charge shall be budgeted for which has not received the previous approval and sanction of the Resident or the Chief Commissioner.

III. An annual report on the state and progress of education shall be submitted by the Inspector and the Inspectress to the Resident in Mysore or the Chief Commissioner in Coorg through the Director of Public Instruction by the 15th September of each year.

General.

I. The Government appointments in Bangalore and Coorg carrying a pay of Rs. 50 and upwards shall be treated as if they were included in the Madras Provincial or Subordinate Educational Service with corresponding emoluments, and the incumbents in the Bangalore and Coorg Services and in the Madras Educational Services shall be eligible for promotion in the Madras Educational and Bangalore and Coorg Services respectively.

Remarks by the Resident and Chief

Commissioner of Coorg.

In revising this Rule I have adopted in part the wording of para 2 Government of India letter No. 158 dated 22.6.'97. the double use of the word "control" seems unnecessary and conveys moreover an incorrect notion of the relative position of the officers designated.

(a) As the "institutions" are either Colleges or Schools I have used these terms throughout.

(b) The amount of this official's salary is a matter for local arrangement.

The Rules as drafted in Madras.

Control

(1) The educational control of the institutions in the Civil and Military Station of Bangalore and in Coorg shall, subject to the final and financial control of the Resident in Mysore or the Chief Commissioner of Coorg, vest in the Director of Public Instruction, Madras, who will be styled Director.

(11) All correspondence between the Inspecting officers of the Madras Educational Department and the Resident in Mysore or the Chief Commissioner of Coorg shall pass through the Director.

Inspection and Examination of Institutions.

(1) The inspection and examination of institutions in the Civil and Military Station of Bangalore shall vest in the Inspector of Schools or the Inspectress of Girls' Schools, Central Circle, as the case may be, of the Madras Educational Department, who shall be

See remark (a) against (1) supra. charge

See (b) opposite (1) supra - the existing arrangement is moreover not quite accurately described - it should be "a salary of Rs.50/ rising to 75 per mensem by annual increments of Rs.5/ if he is a Coorg - or of Rs.75/ fixed when he is not a Coorg."

This Rule has been omitted in my draft as it concerns the internal administration of the Civil and Military Station. Should any change in the existing arrangements be found necessary they can be effected by the Director in communication with the Resident.

FOR ORDERS.

In the Home Dept letter
no 160 & 22nd June 1897, the
Govt of I. called for the details
of the matured scheme for placing
the Schools in the Civil and Military
Station of Bangalore and in Coorg
under the D.P.I. Madras and in
G.O. no. 398 & 15th July 1897

In April last the D.P.I.
Submitted the details in the
form of a Code of rules and
suggested they might be
referred to the Resident in
Mysore & the C.C. of Coorg.
They were accordingly referred
to the Resident in Mysore & the

of Cong for remarks. vide flag V.

The Resident now returns them.

The rules as drawn by the D.P.I. appear to him ^{to be} unnecessarily long and to include some details which may be omitted. He has accordingly revised the rules drawn by the D.P.I. and forwards a draft of his own.

The rules as now revised by the Resident seem to meet the necessities of the case fully.

Submitted that these rules may be approved and forwarded to the Govt of I.

The Govt of I. wants also the views of this Govt on the scheme. Submitted that the Govt of I. may be informed that this Govt sees no objection to the proposed scheme - Vide the Hon Mr Grose's note of 11th July-97. Flag. L.

NOTE FOR THE CHIEF SECRETARY.

H.M. & H.E approve of the new scheme & it may, I think, be assumed that they approve of the proposed rules, tho' they have apparently made no remarks on them. The Hon. Mr. Arundel has remarked that apart from the question of Coorg & Bangalore it should be considered whether a third Inspectress should not be appointed & that the D.P.I. may be asked to report on it. This should not, I think, be done in the B.O. to be issued on this file; it would be more convenient to raise the point in the review on the Ed^l report which is due on the 15th October. Will the Sec^y please say whether he agrees with this view?

Scheme under which the schools in Coorg and Bangalore are to be placed under the Director of Public Instruction

:-:-:-:-:-

1. (a) Origin of the proposal

The schools in Coorg were originally under the charge of the officer holding the double appointment of Inspector of Schools in Coorg and Principal of the Mercara Central School. Under G.O.No.157 Edcl., d/ March 1883, this double appointment was included in the graded list of the Madras Educational Service, S.Canara being made a separate educational division and being placed under the charge of the officer holding the double appointment in Coorg. In G.O. 542 Edcl., d/29th Septr. 1887, this officer was relieved of his duties as Principal of the Mercara Central School and Malabar was added to his charge, the officer being designated Inspector of Schools, Western Circle. Under the arrangement entered into between the Govt. of India and the Govt of Madras about 1890, Mr. Marsden, an Inspector of Schools under the Madras Govt., was appointed Inspector of the schools in the Cantonment of Bangalore and

Flag A

Flag E

d in Coorg as well as of the Western Circle. In 1894 a redistribution of Inspectors' Circles was made, when the sphere of Mr. Marsden's work was extended, and he was appointed to the charge of the Central Circle comprising Madras, Bellare, Chingleput, Bellary, Anantapur, Cuddapah and Kurnool in addition to the charge of Coorg and Bangalore.

2. The main objection to this arrangement, as pointed out by the D.P.I., is that whereas in the period immediately preceding 1894-95, the incumbent of the office had charge of only two districts (Malabar & S. Canara), he has now charge of six Madras districts and a Presy. town, and that this, in addition to Bangalore and Coorg is more than one man can do. The D.P.I. states that, if no other plan can be devised, he would advise Govt to withdraw from the ~~present arrangement~~, and leave Coorg and Bangalore to make their own arrangements for inspection. Other objections to the present arrangement are given in paragraph 4 of the letter from the D.P.I.

The present suggestion is that Coorg and Bangalore be placed for educational administrative purposes under the D.P.I.

3. (b) Advantages of this proposal

(1) The Inspector would carry on all his duties throughout the whole year within the jurisdiction and under the control of the Head of his Dept:

Please see the note for orders Flag L

(2) At present all the inspection falls on the Inspector of the Central Circle. It is now proposed to place Coorg in the Western Circle, as it was before, while Bangalore would remain in the Central Circle, ^{which will be a fairer distribution}. The two Circles will always be reserved for Europeans

(3) The Girls' Schools in Coorg would be placed under the Inspectress of the Western Circle and those in Bangalore under the Inspectress of the Central Circle. ^{This is expected to} ~~will~~ give an ~~impetus~~ impetus to female education.

(4) There is at present difficulty in officering the Educational Dept. in Coorg owing to its smallness and the lack of prospects of promotion. Under the ^{proposed} ~~present~~ scheme exchanges between the officers of Coorg and Madras could be effected to the benefit of both.

(5) Teachers belonging to Bangalore and Coorg would be admissible to the training institution ^{Madras} is just as teachers within the Presy. ^{these} the difficulty of their training would disappear.

(6) The authorities of Coorg and Bangalore would have the benefit of the advice of an officer of the standing of the D.P.I.

It may be noted that the Resident ^{x in my view} ~~is in favour~~ is in favour of the proposal, and that the late Hon: Mr. Grose stated that he did not think any

harm

harm would be done if the D.P.I. assumed charge of the schools in Bangalore and Coorg.

4 (c) Disadvantages of the proposal

The chief objections to the proposal:--

(1) The D.P.I. will serve under two masters

It may be noted that this objection applies in a minor degree to the present system in which the Inspector of the Central Circle is under both the authorities of Bangalore and Coorg, and the D.P.I. Under the proposed scheme the Inspectors and Inspectresses will be under the D.P.I., and the Coorg and Bangalore authorities will deal with him.

(2) The divided jurisdiction which the D.P.I. considers to be an evil under the present system (vide para 4 (1) of his letter Flag C) is to a certain extent inherent in his proposal that he himself should be substituted as the officer owning divided allegiance. It may be noted that it was suggested by the permanent Secretary that the objection of the D.P.I. to the Inspector of the Central Circle spending so much time in Bangalore and Coorg could be easily got over by reducing such period. The climate of Bangalore and Coorg has doubtless something to do with the time spent there.

(3) Lastly it may be a question whether the D.P.I. really has the time to

There is much less likelihood of mischief if with the D.P.I. own quasi-allegiance of a limited to the Chief Commr? That is the Inspector & Inspectresses to a limited extent under Chief Commr's orders. The D.P.I. never have got into the way of spending so much time in Coorg & Bangalore but for the fact that the D.P.I. could hardly call to account for it with corresponding with the Chief Commr? with whom he had official relations.

I am indebted to the Secy. for bringing together so fully and possibly the reasons against proposals now under discussion. I am carefully considering your suggestions and do not think they should be allowed to prevail. The proposal to the peculiar geographical conditions on the administrative conditions of Coorg and Bangalore it is that if Madras will not help them their educational growth will be starved and stunted. Under these circumstances I take it that we ought not to limit our interests to our own Presy or yield to

to inspect Bangalore and Coorg, and whether it is advisable to add either to his already multifarious and increasing duties or to the vast area over which he has to tour. The Presy. of Madras ^{Extent of the} ~~may be thought~~ ^{may be thought} quite large enough for one man to deal with properly without adding to it.

If the scheme is approved, the proposed rules, may it is submitted be accepted. (Please see previous note Flag B.)

H.M. I agree ^{in thinking} that if the change is accepted, the proposed rules may be approved; but I am very doubtful whether the change is wise. I venture to say this even though the Hon. Mr. Froese thought it would do no harm. 2. I submit that a perusal of the Annual Report of the D.P.I. leaves a strong impression that the Dept. has more work on its hands than it can manage. It is all very well when we have giants in the land, a Frigg or a Duncan; but the time must come when the Department ^{will} ~~shall~~ ^{will} be presided over by a mere man. The poor man will have to look after a population of

drawn fears of being great," but
except the additional task awaiting
and see how best it can be
done. The Secy. fears that some
into at the head of the Educat.
dept. will be "oppressed by the too
great work of their fate," but even so
we shall see them "struggling
towards their goal!"

What is being brought into closer
relations with Madras as the Comm.
D. P. I. are henceforth to be
Madras civilians, and if Coorg
to be incorporated with Madras
is by no means impossible -
we attack it as a sub collected in
to South Canara and absorb
without difficulty into the general
administration of the Presidency.

D. P. I. does not raise any
difficulty on the score of the increase
of work to himself and I think
it would be a mistake to reject
the proposals on that score.

The general question is serious
and it is possible that before long
an extension of education in
the Presy. may make it necessary
to provide the D. P. I. with a
staff. But this is not a question
of the present or
consequence of the addition
of Coorg & Bangalore to his ken.

The addition to the enormous
work that has to be covered
by the two Inspectors of Schools

nearly 40 millions scattered
spread over a vast territory.
He will have to watch over 26,000
institutions, which contain already
822,000 scholars (last Report p. 5.).

He must try to ^{catch} nearly
2 millions boys & over 2½ millions
girls who are now outside his
net. (p. 14 of Col. Renzo.) He has
to be an expert in all literary edi-
cation stretching from the M. A.
to the infant who draws his letters
on a ~~dry~~ sandy floor. He must

be able to direct not only Artistic
instruction, but the Technical
Branches in their enormous range,
besides special courses in Law
& in every branch of Medicine.

He has to watch the interests of
Special classes, Noplahis, Pariahs
& Aborigines. He has to administer
a large Department, adjusting
too the relations of public &
private schools, Missions & Non-
Missionary; & guide the numerous
Local Bodies in the way they
should go.

This sketch omits much; yet
it is enough perhaps to justify
the Director

I think a more serious
matter. They have already I
could say too large a field
I have often wondered how
a lady like Mrs. Brand
undergoes the physical fatigue
it falls to her lot. Quite
apart from the question of Coorg
& Bangalore, I think that
female education has now
reached such growth that it
should be considered whether
an Inspectress should not
be appointed. The Dir. P.I. may
be asked to report on it & if
he concurs the view it will remain
to obtain the sanction of India & the
G.O. and to overcome the
financial difficulty. Meanwhile
the addition of Coorg & Bangalore
to the area already supervised
by the Inspectresses need not
be regarded as an objection
seeing that the change from
the plains to the cooler climate
will be regarded as a welcome
aid progress.

It will of course be understood
that no addition to the salary of
the D.P.I. or the Insps or Inspect-
resses will be assigned ^{Sic} in respect
of the changes. The Trav. & All. in
Coorg will be consolidated ~~but~~ (Vide

a matter

of ^{can bear the} ^{Bangalore}
additional burden of ^{Coorg}
+ Coorg

But the doubt is still greater
in the case of the Inspectresses.
There are ~~at least~~ only two, &
the way they are overworked
is ~~at~~ (I might almost say) ~~crack~~.
The Junior Inspectress I fear
cannot stand the strain much
longer. In Public Schools alone
there are now no less than
106,000 female pupils (Report p. 117)
All other girls' Schools except
Primary are inspected by these
2 ladies. (Report para 28. p. 42.)
Each is expected to be out for
6 or 7 months, & examines
from 130 to 140 schools & between
(Report p. 113.)
8- and 9000 pupils. Can women
do more? The following extract
from the Director's answer to
Mr. Patterson ^(para. 10) suggests the reply:

"The frequent recommendations
of the Inspectresses for the estab-
lishment of new schools have been
set aside, firstly for want of funds
& secondly because of the inability
of the Inspecting agency, as at present
constituted, to undertake the

Bangalore has much
to do with it - so
our D. H. is assisted by
over Bangalore of course, he wants more
assistance, he must have it, & we
must do our best to make India

This is hard by the place to
deal with the question of the amalga-
mation of Coorg with the Madras
Presy. But as the Hon. Mr. Arnold
has mentioned the matter, I may as
well take the opportunity to mention
that the formation of Coorg into the Sub-
Collectorate of S. Canara has been pro-
posed several times - The Finance &
Council, for instance, considered the scheme
but found it would not work because
the Coorgs so strongly objected to their
Country being made an appanage of a
Madras District. That will always be.
Moreover, there is not, I believe, much
communication between Coorg & Bangalore -
Talecherry & hence it is that a scheme
which was suggested some 20 or
30 years ago (abolished by Sir W. G. Young
& Mr. Munro in 1841) is now

Scheme for placing the Schools in
Coorg and in the Civil and Military
Station of Bangalore under the D.P.I.

ORDER No 606 of 29-9-98
P.S.

The revised draft of rules,
drawn up under the scheme for placing
the schools in Coorg, and in the Civil
and Military Station of Bangalore under
the D.P.I. and forwarded by the Resident
in Mysore and the Chief Commissioner
of Coorg with his letter dated 25th
June 1898, is approved with the addi-
tion proposed by the D.P.I. in his
letter read above.

2. The attention of Govt. has been
recently drawn to the fact that the pre-
sent Inspectresses of schools are un-
able to cope with the increased work
that devolves upon them on account of
the wide extension of female education
in the Presidency. In his letter dated
19th July 1898 read with G.O. No. 1568,
Mis., dated 6th Sept. 1898 the D.P.I.
stated that he was unable to recomme-
the conversion of the Municipal girl
school at Tirupati into a Govt. sch

work in connection with Govt. Girls' schools. The addition of Coorg and Bangalore to (already large area, which has to be traversed by the two Inspectresses of Girls' schools, renders this a fitting opportunity to consider whether it is not advisable that a third Inspectress should be appointed, and the D.P.I. will be requested to give his views on this subject.

3. The revised rules approved above will be communicated to the Govt. of India.

Home Dept.

Sir,

In reply to Mr. Thornton's letter No. 160, dated 22nd June 1897, requesting to be informed of the views of the Govt. of Madras on the proposed arrangement for the educational inspection and control by the D.P.I., of the schools in the Civil and Military station ^{of Bangalore} and in Coorg, I am directed to state that after careful consideration this Govt. is of opinion that the scheme may be accepted.
