[Despatch Abstract.]

Informing the Finl Dept that there is no objection to the estimate of receipts under XIX Education - Miscellaneous for 1898-99 being reduced to Rs 28000 & that the proposed reduction of Rs 3000 under "Supplies & Services" and "Contingencies" in the budget est. of the Govt Museum would not be safe.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Copy of letter from the Accountant-General,
No. 264, dated 26th January 1898:-

Having made an examination of the estimates of current and ensuing official years in the light of previous forecasts and results, I have the honour respectfully to propose the following reductions in the estimates accepted by Government for 1898-99. The figures are entered in thousands of rupees.

RECEIPTS.

Proposed reduction.

X Registration...	20
XII Interest...	48
XIX Education...	5
XXIII Stationery & Printing...	15
EXPENDITURE.	
Salt and Excise.....	100
9 Customs.....	10
11 Forest.....	70
13 Registration.....	13

2. The average receipts under X Registration during the past three normal years 1895-96, to 1896-97 amounts to 12.12 and in none of those years did they exceed 12.22. In the year 1896-97 ^{was} slightly affected by famine whilst those of the current year are so affected to a considerable extent. Allowing for annual improvement, the total collections next year assuming it to be a normal one as in the estimates should not exceed 12.12+12=12.30.

3. The estimate on account of Interest on Advances to Cultivators has been accepted at 2.25 the expected increase being reckoned mainly on the abnormally large loans taken in

7. As provision for increased Scales of Establishment.
For Petty construction and repairs is not generally fully utilized, I propose a reduction of 10 under 2 Customs.

26-10-18

has been reduced in my revised estimate to 1611. The reduction in my revised estimate is due to the fact that I have been able to secure a large quantity of material for the purpose of making a more complete and accurate estimate of the work to be done. The saving of 35 already taken credit for by Government under the provisions of the Forests Act, 1906, is also a factor in the reduction. The saving of 35 already taken credit for by Government under the provisions of the Forests Act, 1906, is also a factor in the reduction. The saving of 35 already taken credit for by Government under the provisions of the Forests Act, 1906, is also a factor in the reduction.

9. On a consideration of the actuals of previous years and allowing for increase due to expansion of departmental operations as in the case of the Department of Salt and Excise and Forest, I do not think that the expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000.

10. Besides the above, reductions are feasible under various heads of expenditure. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000.

11. On the other hand I have also to add to the estimate under IV that I have estimated at Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000.

12. As I have to submit the decision of Government on these points to the Government of India as soon as possible, I request that early orders may be passed in reference to the matter. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000. The expenditure under 12 will exceed Rs. 1,45,000.

SUBJECT.

Education and Museum budgets for 1898-99

FOR ORDERS.

In para 4 of the letter which the Financial Dept refer for remarks, the A.G. proposes that under XIX - Education - Receipts, the sum of Rs 33,600 entered under the head "Miscellaneous" be reduced to Rs 28,000. His reasons are that receipts under this head fluctuate; that the actuals of 1896-97 amounted to Rs 28,000 only & that nothing more than this amount is expected in the current year.

In the circumstances there seems to be no objection to the proposed reduction.

In para 10, the A.G. further proposes that, in the budget estimate for the Govt Museum approved in £0. no 626 rd & 6th Nov. 77, a reduction of Rs 3000 be made under Supplies

There is a great deal to be said for the reduction. I will not oppose it.

and

Services and Contingencies. His reason is that the total provision for the Museum is too high.

The provision compares as follows:-

	Estimate for 1898-99 Rs	Estimate for 1897-98 Rs	Actuals for 1896-97 Rs
Total provision.	39,000	38,800	34,803
Supplies & Services	9060	9020	8596
Contingencies	5419	5269	5262

The provisions for Supplies & Services & Contingencies amount to Rs 14,429, which is Rs 200 in excess of the current year's provision and Rs 641 in excess of the actuals for 1896-97. The proposed reduction of Rs 3,000 in these provisions does not therefore appear to be feasible. The total provision, it is true, exceeds the actuals by about Rs 4,000, but it is owing to the provision of Rs 2,400 for Mr. Thurston's local allowance recently sanctioned and to the expenditure on account of the Commemorative Library during 1896-97 being less by Rs ~~1258~~ 1258. The library was opened only during 1896-97.

This reduction will not be proper. JG

But what about Botanical & other Public gardens & Provincial Museums? I suppose they will be dealt with in the Rev. Dept? JG

yes

ORDER. Rs 62 of 3.2.98
mis.

With ref. to its memo no 226 & 27th Jan'y 1898, the Finl Dept will be informed that there is no objection to ~~reduce~~ the estimate of receipts under XIX Education - miscellaneous, ^{being reduced} to Rs 28,000. The proposed reduction of Rs 3,000 under 'Supplies & Services' and 'Contingencies' in the budget estimate for the Museum ^{would} not be safe, as the increase in the total estimate is due to the provision made for Mr. Thurston's local allowance and to ^{larger} increased expenditure on account of the Commemorative Public Library and not to increases under 'Supplies & Services' & 'Contingencies'.

This reduction cannot therefore be approved. J.T. (from orders)

With ref to the annex
 no add of 27th Jan 1898. The
 Joint Ref will be referred to
 that there is no objection to
 reduce the estimate of receipts
 under XIX Education - Miscellaneous
 to Rs 18,000. The proposed reduction
 of Rs 2700 under Supplies & Services
 and Contingencies in the budget
 estimate for the business year will not
 be safe. As the increase in the
 total estimate is due to the provision
 made for the Mountain Road at
 once and to increased expenditure
 on account of the Government Public
 Library and not to increase under
Supplies & Services & Contingencies.
