PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:---

Proceedings of the Board of Revenue (Separate Revenue), No. 3596, dated 9th September 1898:--

Resolution.

The collection of statistics at fish-curing yards has hitherto been carried on by the Board as much with a view to securing information that may be of value scientifically or economically regarding the more important kinds of fish as for any departmental purpose. Accordingly when it was found last year that the figures collected under the then existing system were of very little value for either end, it requested the assistance of the Superintendent, Government Central Museum in revising its system. The assistance was readily given and, as will be seen from the enclosed copy of Board's Proceedings No. 266, dated 24th August 1898, a new set of statistics is being collected under that officer's guidance. To ensure their being of value he represents that it is necessary for him to visit every year some of the fish-curing yards when they are being recorded with his head taxidermist, but that his allotment for travelling allowance is insufficient to cover the cost of such tours, which he estimates at Rs. 300. The Board, therefore, requests that Government will be pleased to sanction a sufficient addition to his allotment. As the information is being collected entirely chiefly for purposes not connected with the Salt, Abkari and Customs Department, Government will probably not think it necessary to

charge

charge it with the additional expense. In case it should do so, the Board begs to request that it may be met in the way proposed in the enclosed statement. One tour per annum the Superintendent thinks, will probably suffice.

Endorsement of the Accountant-General, Madras, No. 4395, dated 22nd September 1898, on the above:-

Forwarded to Secretary to Government, Revenue Department. As the transfer affects two Major heads, the sanction of Government in the Financial Department is necessary.
