CURRENT No 1177

No 10331

Office of the Director of
Public Instruction,
Madras, 6 September 1898.

From

The Honourable Mr.D.Duncan,M.A.D.Sc.L L.D.,
Director of Public Instruction,
Madras.

To

The Secretary to Government,
Educational Department,
Fort Saint George.

Sir,

I have the honour to submit the following proposals for taking over under departmental management the Training section of the Board Technical Institute,Tinnevelly,and for the reduction of the Government Training schools,Kurnool and Rayachoti,to the primary grade,with effect from 1st January 1899.

A

2. In G.O.No 567 Educational, dated 23rd July 1891,sanction was accorded for the transfer to Government of the local fund normal schools in the Presidency.The schools at Madura and Tinnevelly were,however,excluded,as the districts boards concerned were unwilling to separate the training section from the technical,until the experiment of working the two together had been tried for a sufficiently long time.

3. The question of the purchase of a site and building for the Tinnevelly Technical Institute having recently arisen,I visited the place for the purpose of inspecting the premises which the Board proposed to purchase,and also deputed Mr. Chatterton of the College of Engineering to inspect and report on the institution.Mr.Chatterton was at one with me in thinking that the training and industrial sections should be separated from each other,if the latter was to be efficiently carried on. I accordingly asked the Board whether it would be willing to hand over the training section to Government,the Board undertaking to spend on the industrial section a sum not less than the net expenditure now incurred by it on the training and technical sections together.The Board has consented to the arrangement,and, in my letter to Government (Local and Municipal

No 10059, dated 31st ultimo, I have requested sanction for the proposal and permission to provide for the necessary charge in the budget estimate for 1899-1900.

4. The following scale of establishment is recommended for the school:-

	Rs.	
Headmaster	50	
First Assistant	30	
Second Assistant & Drawing Master	20	
Third Assistant	15	
Gymnastic Instructor	15	
Peon	6	
Sweeper	1	
Contingencies	6	
Toty	2	
Rent	35	
Library & prizes	3	
Stipends		
15 lower secondary at Rs.6	90	
25 primary at Rs.5	125	215
Total	398	

The staff proposed is the same as that sanctioned in G.O. No 47 Educational, dated 27th January 1896 for the Madras Lower Secondary Training school, except that no Drawing Master has been provided, as one of the assistants will be required to teach drawing. The Board now pays a rent of Rs.70 per mensem for the premises occupied by the two sections, and I have provided for a house rent of Rs.35, this being necessary to secure suitable accommodation. Provision has also been made for the maximum number of provincial stipendiaries admissible into a lower secondary training school under Article 16 Chapter VI of the Educational Rules: the numbers exactly correspond with the actual number on the rolls of the school on the 31st March last.

Strength of lower secondary department on 31st March.

	1895	1896	1897	1898.
Kurnool Training School	2	5	2	6
Rayachoti do	5	1	4	3
Bellary do	7	4	5	10

5. The above charge I propose to meet as follows. The lower secondary departments of the Kurnool and Rayachoti training schools have, for the last four years, been seldom well attended, as will be seen from the figures in the margin. I, therefore, recommend that they be reduced to the primary grade, as was done with the Anantapur Training school (vide G.O. No 762, Educational, dated 22nd December 1897) and that the headmasterships on Rs.40-60 of both the schools be abolished. The present incumbents of these posts will be provided for elsewhere. The Bellary Training school is also of the lower secondary grade and I think this one school will suffice to train teachers of the lower secondary grade in the whole of the Ceded Districts. This proposal will effect a saving of Rs.146 from each school, as shewn below:-

	Rs.
Headmaster	55 (40-60)
Lower secondary stipends 15 X 6	90
Contingencies say	1
	146

The reduction of the Anantapur Training school having also effected an equal saving, the total sum now available for expenditure is Rs.(3 X 146) 438. Of this sum, Rs.398 may be utilized for the Tinnevelly Training school, and the balance, Rs.40 may be reserved for appropriation by the Bellary Training school, should a necessity arise for the admission of a larger number of lower secondary stipendiaries than is admissible under the Educational Rules.

6. The training section of the Board Technical Institute, Tinnevelly, is now in receipt of salary and rent grants from provincial funds to the extent of Rs.85-6-8 per mensem. This sum will be available for expenditure on increased grant to the industrial section of the institute or on other purposes for which additional funds are necessary.

7. The necessary proposition statements will be submitted on receipt of the orders of Government on these proposals.

I have the honour to be,

Sir,

Your most obedient servant,

D Duncan

Director of Public Instruction.

Edl. DEPARTMENT.

C. No. 1177

SUBJECT.

Training School, Tinnevelly

FOR ORDERS.

H. M.

In G.O. No. 567 Edl. d. 23rd July 1891 (Flag A) the Govt. accepted the proposals of the D.P.I. for taking under Govt. management the training schools maintained by the Board in this Presidency. The training schools maintained by the Madura & Tinnevelly Boards were however excluded from this scheme, as the Board concerned were not willing to make them over. In the present current D.P.I. submits proposals for taking over the Board training school at Tinnevelly which forms part of the Technical Institute of that place from 1st Jany next. The D.P.I. considers that the training and industrial sections of the Institute should be separated if the latter

'24 Tu

C 24-11-98
A 25-11-98

is to be efficiently carried on. The Board has consented to make over the training section to Govt. and to spend on the industrial section a sum not less than the net expenditure now incurred by it on the training and technical sections together.

2. The proposal of the D.P.I involves a monthly expenditure of Rs 398 as follows:–

Establishment	Rs	13~~7~~6
Stipends		215
Rent		35
Contingencies		~~4~~9
Library & Prizes		3
	Rs	398

3. To meet this expenditure the D.P.I proposes to reduce the Lower Secondary Training Schools at Kurnool & Rayachoti to the primary grade, as the Lower Secondary departments of these Schools have not been well attended, and to appropriate for the Tinnevelly Training school, the savings thus effected, as well as those effected ~~by the Anantapur~~ by the reduction of the Anantapur Training School to the primary grade, (vide G.O. No 762 Ed. of 22nd Decr 1897. Flag B) The Director considers that the Bellary Training School will suffice

suffice to train teachers of the Lower Secondary grade in the whole of the ceded districts. The reduction of the training schools to the primary grade means the abolition of the post of Headmaster on Rs 40 to Rs 60 – (vide the scale of establishment given at pp 18 & 19 of G.O No 567 of 23rd July 1891 – Flag. C –) ~~By the abolition of the three headmasterships~~ A sum of Rs 165 a month by the abolition of the three headmasterships, a sum of Rs 270 by the saving of the Lower Secondary stipends provided for these schools and a sum of Rs 3 under Contingencies or on the whole a sum of Rs 438 will be available. Of this sum Rs 398, the D.P.I states, may be utilized for the Tinnevelly Training School & the balance Rs 40 may be reserved for increased number of Lower Secondary Stipends in the Bellary Training School.

The proposals seem well considered & may be approved.
