Forwarding for favourable consideration application from Yusuf Ali Khan, S. Sub Magistrate Ambur, requesting permission to appear for the Criminal & Revenue Tests (Higher Grade)

Please see paras 2, 3, & 5 of the petition in ~~this~~ current & paras 1, 2 & 4 of the petn in G.O. no $\frac{84}{5\text{-}2\text{-}97}$ Flag G. I have marked the identical portions with red chalk. It will be seen that this petn, with the changes necessary for the individual circumstance of the case, is but a copy of the petn in G.O. $\frac{84}{5\text{-}2\text{-}97}$ & that the copy has not been made correctly. Both the petitions coincide in quoting G.O. $\frac{602\ \text{Rev}}{9\text{-}2\text{-}83}$ as belonging to the year 1893. These points have now been noted in pencil in the margin of the present petition. It may be that both these petitions have been copied from a third one.

I have noted this point to show that the petr is incapable of drawing a petition in English and is therefore not deserving of the concession for which he asks.

Sir,

Being nominated executors in the last will of Colonel Alexander Read of which Probate is at length obtained, we are now enabled to furnish for your information, the following extract

Extract from the will dated 17th May 1804

" Article 30th of the persons to be classed as pecuniary legatees I finally come to those for whom I entertain the warmest friendship contracted under all the vicissitudes of fortune during a long acquaintance. To their talents and their many public as well as private virtues, several of them owe my esteem and admiration and to the protection and support they have uniformly given me in my public departments, my attachment and gratitude – Others of them have merited my regard in seconding my endeavours in the services in which we have been together employed and all of them are more or less entitled to the sincere regard I have for them on account of the proofs they have given of their friendship for me upon numberless trying occasions and especially during the hardships we suffered under a long and rigorous prisonment in the Enemy's Pris good opinion of such valuable friends while I lived, I naturally wish my memory may be preserved amongst them when dead - and to that end I desire the following testimonies of my regard may be presented to them, with my best wishes for their future happiness

To Mahamed Mosa lately my Paishkar in India, a gold Snuff box value One hundred Guineas-

Sir

I have regretted much the not having had the pleasure of hearing from you since I left India - That circumstance has not however lessened my regard for you, nor the interest I feel in your welfare - I have long intended to write you and the very bad state of health I have had ever since my arrival in England, has alone prevented me - Having suffered most during the winters or cold seasons, I am in hopes of better health hereafter by removing to a warm climate when they come on, and returning to England again in the summer, where the climate of it is as agreeable as any perhaps in the world - India is too great a distance from this country, otherwise, I would think of paying it another visit and would have great pleasure in seeing the Baramahal again, though I am told it is not in so prosperous a state as when it was under my superintendence - I understand a permanent settlement has been made of it and that you are become one of the landholders, I request you will inform me how that settlement has been made, what the use of Currahs or estates may be, whether the Curradars or land holders all pay their rents immediately to the Collector or whether there be any between the Shudders and, them may pay of the Souders seerva to the Company - Inform me likewise if the System adopted be relished or preferred by the inhabitants in general to the old mode of management under the Gentoos or Moors or mine and what classes of them prefer it - Mention likewise whether you think the Country will prosper under it and how far it may answer the expectations the Company has of a permanent Revenue that is the Same receipts every year - I suppose that ere this Judges have been appointed to the Baramahal as to the other Countries under the Company for the administration of justice Write me likewise how they conduct that business and whether there mode and decisions are agreeable to the inhabitants I think it probable that they would rather have their differences settled by their own panchyits or heads of Castes and that they might prefer the Simple way that was practiced in the Baramahal during my management, but tell me truly, what plan you think best for the effectual administration of justice and what amendments you would propose of the present mode - As you have good abilities in that line and always enjoyed good health while you was with me I conclude that you may have offered your Services as deroga of the Court or in Some other Capacity under the Judge of the Baramahal, for I recommend be

Situation and in the Connection that you would be of great use to any Judge or Court whatever, I was happy to learn that the board So far attended to my recommendation of you and my other faithful Servant Narinappa as to Settle annuities upon you for life and I trust that whether you enter again into the public Service or choose to Spend the rest of your days in retirement, you will find that a Sufficient provision to ensure you every domestic Comfort with independance As great and many changes have happened in India, Since I left it I Shall expect a long letter from you, Containing much information upon them and your Sentiments on the measures taken by our Government, which I request you will do with the Same freedom we used to converse together - Conceive therefore when you write me that you are writing to one of the nation of Islam and forget that I am a Nazarite or European - Your letter may be in Persian for I have not quite forgot that language yet and if plainly written I Shall be able to make it out - I would indeed have written to you myself in Persian but ~~not~~ have not the requisite materials and besides I prefer in my present weak state of health, the doing

may be assured of my retaining
that esteem and regard for you
which are due to your zeal and
services, while moving under me
or at giving you at least some token
of my remembrance while separated
from you perhaps for ever - I have
sent you as such the following articles
by a brother of Dr. Ords who takes
this letter and will deliver them to
the Doctor -

1 A silver bowl with a cover gilt
inside and with a spoon entirely
gilt - The cover has a crescent on the
top as an appropriate ornament
for a vessel belonging to a Musselman

2 A gold ring containing a
stone which is left plain for
your name and whatever else
you may wish to have engraved
on it which Dr Ord will get done
for you at Madras and charge
the expense in my account -

3 A pen knife } These are the
4 A pair of Scissors } best to be had

5 A Cullumdaun or inkstand of
black wood with a handle -
clasps, hinges, lock, key all of
silver - As you may observe from
my choice of these articles, I
have considered rather what

Y+K

I am confident that you will receive
as if they were so many lacs - Dr. Ord
will probably keep them till an
opportunity occurs of sending them
to you in perfect safety till he gets
the seal engraved according to the
directions he may receive from you
you must therefore write him on
receipt of this letter enclosing your
name, the current year and whatever
else you wish to have engraved on it
The stone is the size of the paper annexed
which will serve as a guide to you - I
have sent similar articles as a
present to my old and faithful
servant Narinappa with an excellent
pair of spectacles. and would have
sent you a pair also but that I believe
you don't use any - If you want
any thing else from this part of the world
let me know, I shall always be happy
in certifying to you with how much
regard and attachment

I remain
