To

SIR,

With reference to your No. 13524 dated the 6th December 1897, I have the honor to state I have no objection to a portion of the profits from the sale of the Clinical Manual being utilized to complete the sum necessary to keep the Johnstone and Blacklock medals at their present size so long as such sum does not interfere with the giving of a prize from the profits derived from the sale of the Manual.

2. With reference to paragraphs 4 and 5 of letter No. 275 dated the 19th November 1897 from the Principal of the Medical College to you, now under reference I cannot agree with him that any Capital Sum is necessary. The "trust" I handed over to Government was my copy-right in that Manual and I can see no reason

reason why there should be any delay in drawing up the rules (including the subject in paragraph 1 of this letter for a prize to be founded from the profits to be made yearly from the sale of the Manual.

I have the honor to be,
Sir,
Your most obedient Servant,

SIR,

With reference to your endorsement No. 45/5-1-98 (herewith returned), I have the honor to state that as I am not aware of the proper procedure to be adopted in reference to the disposal of the Rs 182 already received from the Superintendent, Government Press as the net profits accruing on the reprint of 200 copies of the third edition of the Clinical Manual and also of the future profits to be derived from the sale of the forthcoming editions, it would be perhaps advisable to consult the Accountant General on the matter and at the same time to ascertain from the Accountant General if he agrees with the Surgeon General in his view regarding the "trust" of the copyright of the Manual and if there are any difficulties to placing this copyright as a "trust" with the usual provision of Co-Trustees, viz, the Director of Public Instruction and the Principal, Medical College, similar to the plan followed with the other

ACCOUNTANT-GENERAL TO THE
GOVERNMENT OF MADRAS,

To
The Director of Public Instruction
Madras.

Sir,

With reference to your endorsement No 1437 dated the 12th of February 1898 forwarding for my opinion certain correspondence (herewith returned) regarding the formation of a trust for the award of a prize from the account of Dr. Sibthorpe's Clinical Manual I have the honour to observe as follows.

The matter is mainly an administrative one and I have not before me either the Government Order accepting the copyright of the work from the author or the Government Order sanctioning the arrangements for the revision of the work by a Special Committee. There is apparently an actual profit of Rs 182 derived from the last three editions of the book and an anticipated profit of Rs 1400 (allowing for indexing, interest on outlay &c) to be realized in four years. One of the following two plans seems feasible.

Government can either make Surgeon Major General Sibthorpe an offer for his copyright, the amount of which can, if he accept the offer, be passed into a fund.

Or preferably Government can offer for four years a prize value about Rs 35 (in consideration of the Rs 182 already realized) under conditions acceptable to Surg. Major General Sibthorpe. At the end of this period the profit derived from the sale of the 4th Edition can be ascertained and the sum so ascertained together with the balance left of the Rs 182 can be, if considerable formed into a prize or scholarship fund.

I have the honour to be

Para 4 of D.P.I.'s letter.

In G.O. No 184 Educational d/ 1st March 1895, Govt. accepted the offer of Surgeon Major General C. Sibthorpe to hand over to Govt. his interest in the work "Clinical Manual for India" subject to the conditions (1) that the re-editing of the work should be undertaken by the Principal of Medical College and the College Council & (2) that the profits from its sale should be devoted to founding a prize in the College.

2. The re-editing of the work is now on hand and the present reference has arisen in regard to the second condition. The only sum ~~at~~ to the credit of the manual account at present is Rs 182 but a profit of Rs 1800 is anticipated from the sale of the revised edition during the next four years. Unless there is a fund to the credit of the prize, the trust can hardly be said to be on a firm & secure basis. It

Enclo to D.P.I's letter no 11750 II K.R. No. 7606 of 200

is therefore proposed ~~that~~ either (1) the Govt. should ~~[illegible]~~ offer to Surgeon Major General C. Sibthorpe a certain sum for the copy right of the work and if he accepts the offer, ~~this sum~~ should form this amount ~~be formed~~ into a fund or (2) Govt. should offer for four years a prize of the value of about Rs 35 and at the end of this period invest in Govt. securities the balance in hand together with the profits from the sale of the new Edition which as already stated is expected to come to Rs 1800.

3. Both the Accountant General and the D.P.I recommend the adoption of the latter proposal ~~the D.P.I would even suggest that~~ the D.P.I suggesting that the prize of Rs 35 may be offered for the next 5 years. It is however for consideration whether the former proposal is not preferable as it has the advantage of (1) vesting in Govt., the copy right of the work instead of in the Trustees. (2) placing the ~~fund~~ prize at once on a secure basis & (3) being advantageous to Govt. in the long run. Rs 1000 would probably be a reasonable price for the copy right & this invested in the 3½ % Govt. securities would yield Rs 35 annually. The amount will be ~~more than repaid~~ realized with interest in four years by the sale of the book. Surgeon Major General C. Sibthorpe is willing to accept either of the alternatives as Govt. may decide.

4. The D.P.I also submits the rules framed by the College Council for the award of the prize. These are approved by Surgeon Major General C. Sibthorpe who however suggests that the original G.O. accepting the copy right of the book as well as the orders on the proposals above referred to should be incorporated in them. This, it is submitted, may be done

This is on the supposition that the new edition of the book sells as it is expected to do. If it fails to sell, Govt. will be a loser. It is submitted that the 2nd suggestion of the A. G. which is strongly recommended by the D.P.I may be adopted. ak
