URGENT.

No. 2901/S

OFFICE OF SANITARY COMMISSIONER,
Camp Kamalapuram ~~Fort St. George,~~ 28 Novr 1898.

From

~~Surgeon~~-LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,
SANITARY COMMISSIONER FOR MADRAS,

To

THE Secretary to Government
Local & Municipal Department
Thro' the Director of Public Instruction

Enclosure.

SIR,

In January, the class for training Certificated Sanitary Inspectors again opens at the Medical College for the usual three months. Up to date, candidates for the Certificate of Sanitary Inspector have been afforded instruction in theoretical and practical Hygiene only. It would conduce considerably to their power of comprehending the training to which they are subjected, were they made acquainted with the elements of physiology.

2. The fee for the three months course paid by candidates is Rs 30. They also pay Rs 4 for their

examination

examination. Although at the commencement of the class, members were allowed training free, on the ground that they had been Sanitary Inspectors in the employ of Municipalities for periods over five years, the members of the class now, with few exceptions, pay for their course. The Professor of Hygiene obtains Rs 700 for the 40 lectures given (by him). The practical course costs Government nothing at present, as the work has been conducted by myself, aided, one year, by the Deputy Sanitary Commissioner. There will be no difficulty in filling the class this year, as applications by Matriculates are of such number as to threaten to fill the class-room available. This will mean practically 100 candidates, of whom it is unlikely that more than six of the total will be free students.

3. Under the above circumstances, as it is evident that the class is a source of gain and not

of

of loss to Government, I have the honor to suggest it will be pleased to sanction the delivery of ten lectures on physiology at a cost of Rs 200. I understand that the Professor of Hygiene would be willing to undertake the course if it be given from the 15 December, but would decline, if at any later date. Should, however, the response to this suggestion from Government arrive too late for action to be taken in this matter in December, it may still be possible for the Director of Public Instruction to nominate an officer who would undertake the duty at a later date.

the date the DPI forwards the letter

4. I regret press of work has made me defer making this application sooner, and request Government will be pleased to treat the matter as urgent.

I have the honor to be
Sir
Your most obedt Servant
W G King
Lieut Col. I.M.S.
Sanitary Commissioner for
Madras

Very Urgent

CURRENT No.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
*Madras,* 15 ~~December~~ 1898.

No. 14175

From

THE HONORABLE MR. D. DUNCAN, M.A., D.SC., LL.D.,
DIRECTOR OF PUBLIC INSTRUCTION,
*Madras,*

To

The Secretary to Government,
Educational Department,
Fort Saint George.

SIR,

In submitting the enclosed letter from the Sanitary Commissioner for Madras, No 2901/S, dated 28th ultimo, I have the honour to state that his proposal for the delivery in future of a course of lectures on the Elements of Physiology to the Sanitary Inspectors' class of the Medical College commends itself both to the Principal of the College and to me. It is of course impossible for the lectures to be delivered from the 15th instant, as contemplated by Lieutenant-Colonel King, as the College closes for the CHristmas vacation on the 16th instant and as all intending candidates for admission to the Sanitary Inspectors' class have already been informed that the course will commence on the 3rd January 1899. Arrangements can, however, be made for the delivery of the lectures on Physiolog from January next by the Assistant to the Professor of Medicin who is a medical graduate of the grade of Assistant Surgeon and who is well fitted for the work, having successfully taught the subject for years to the Hospital Assistant class.

9778
25-11-97 Flag X

2. The honorarium proposed for the above lecturer, viz, Rs.200 is reasonable and may be met from the provision of Rs.3100 made in the current year's budget for the honoraria to the Lecturers on General Biology and Physics, in which a saving of Rs.400 is expected to accrue on account of the ~~assistant~~ appointment of

Ed. Cor. 4 1500-28-10 97.

Dr.A.G.Bourne to the former lectureship on an allowance of Rs.1000 only per course instead of on a salary of Rs.200 monthly sanctioned for his predecessor. I beg to add that the Sanitary Inspectors' class will prove a source of profit to Government, as the fee income for the current year is expected to amount to not less than Rs.2500, while the cost will not exceed a moiety of the above sum. Provision will be made for the extra charge in future budgets of the Medical College.

I have the honour to be,

Sir,

Your most obedient servant,

D Duncan

Director of Public Instruction.
