THE EXECUTIVE ENGINEER, WEST COAST DIVISION,
CALICUT.

The Humble Memorial of P. KANNAN, Acting
Store Keeper, West Coast Division, Calicut.

RESPECTFULLY SHEWETH.

That your humble petitioner is a V Class 1st grade clerk in the Wynaad Sub-Division, Public Works Department on a salary of Rs. 15 rising by annual increment to Rs. 20. In September 1898, when the post of Acting Store-keeper in the West Coast Division Head Quarters fell temporarily vacant, Your humble petitioner was appointed to act Sub-protom. The post carries with it a salary of Rs. 25, which, however, your petitioner is debarred from drawing owing to his deficient examination qualifications. But in point of departmental experience and competency your petitioner is fully qualified to hold the post and he is respectfully confident that his superiors in the Division will bear testimony to this.

The following circumstances will satisfy your Excellency that it is purely by dint of merit and hard work that your petitioner has been able to rise to his present position and to be selected in spite of his examination disqualification, to fill, although temporarily the post of storekeeper now vacant in the Division Head quarter Office. These circumstances will also show that though your petitioner has not passed the examinations prescribed for those who would draw over Rs. 15 as pay, still, in real examination qualifications and in departmental experience and proficiency, he is more than qualified to fill permanently the appointment he now temporarily holds.

In May 1890, your humble petitioner passed the Middle School Examination in the First class. The following year, in November, he was employed as a famine relief clerk on Rs. 20 at Madarpauk in the Kalahasti Zemindari. On the completion of famine relief operations, your petitioner who had succeeded in rendering satisfaction to Mr. C.J.K. Watson, Executive Engineer, on special famine duty, was very kindly recommended to the Superintending Engineer, 4th Circle and on the strength of this recommendation, was appointed as temporary clerk on Rs. 15 and posted to the Bhavani Taluk, Coimbatore Division. In this Division, your petitioner afforded entire satisfaction to his superiors and on the occurrence of a vacancy in the West Coast Division, he was transferred to fill it.

Unhappily for your humble petitioner these appointments were of a temporary nature and no opportunity for permanent employment occurred until after the 1st July 1894, on which date the Public Service Notification came into effect. In August

1894, an Assistant clerkship, V class 1st grade, fell permanently vacant in the Wynad Sub-Division, but as the new Public Service Notification disqualified petitioner from holding it, his hard case was favorably represented to Government by Mr. W.V. Baker, who was then officiating as Executive Engineer. As a result of the representation, the Government was pleased to exempt your humble petitioner in respect of a maximum salary of Rs 20 (G. O. No. 73 dated 29th January 1895 Educational-G. O. No. 297 w dated 6-2-95.)

Thus petitioner came at length to be borne on the permanent establishment. He would humbly invite particular attention to the singularly unfortunate nature of his individual case. Whereas under the old Educational Rules, his First class Middle School Certificate would have enabled him to rise to any official height, under the notification of 1894, he has been bereft of the better part of the privileges which his Middle School Certificate entitled him to claim and enjoy. In addition, had your petitioner been taken on the permanent establishment one single day before the notification of 1894, this edict would not have effected him.

As it was, it was only 2 months after the notification was published, that your petitioner obtained a permanent footing in the Department. Nor was this delay in his being permanently taken on, to any extent, the result of his own shortcomings. It was purely because that no permanent vacancy occurred earlier. His merit was recognized, but since no permanent room could be found for him, he had to wait. Thus, it will be seen that your petitioner was altogether most peculiarly unfortunate.

While working in the Wynad Sub-Division, your petitioner was transferred to Cannanore on the removal of the Head quarters. Subsequently when the Sub-Divisional Clerk was posted on famine duty your petitioner was appointed to act for him and succeeded, during the 7 months he acted, in discharging the duties effectually and blamelessly. He received no extra remuneration.

In consideration of his hard services petitioner's superiors, in 1897, twice had him temporarily exempted from the operation of the Examination rules in order to enable him to draw from Rs. 20-2-30 Grade (G. O. Nos. 512 dated 6-9-97 and 459 dated 29-11-97 Educational-G. O. Nos. 2616 w dated 21-9-97 and 3425 w dated 7-12-97). When the Storekeepership fell vacant in September last, your petitioner was appointed to it in the confidence that his established merit and efficiency would secure for him further exemption which he would need to hold the post. Unhappily the expectation has not been realised, for the Government has declined to grant the exemption (G. O. No. 715 dated 16th November 1893 Educational-G. O. No. 2974 w dated 22-11-98).

Your Excellency's humble petitioner in now respectfully begging that the concession which he craves might be graciously extended to him, would beg permission to lay stress on the following points :-

- (1) He has 7 years perfectly blameless service to his credit. During his public career, he has not earned a single censure, whereas, on the other hand all his kind superiors with one accord always endeavoured to push him on.
- (2) He possesses all the departmental experience and knowledge as well as the general intellectual ability requisite in the case of one who has to fill the post in respect of which the present exemption is humbly solicited.

(3) He is a First Class Middle School man and this qualification would have been more than ample under the rules which the 1894 Notification has superseded.

(4) At the time he first entered the Public Service, petitioner was fully qualified under the examination rules and there was but a brief break of two months between the issue of 1894 Notification and the permanent employment of the petitioner in the Department.

(5) The grant of the exemption now craved for would not operate unjustly on any other subordinate in the Department.

(6) From the point of view of the Government, the granting of the exemption can be but an insignificant matter, but to the petitioner it would indeed be a great thing, for he is a poor man burdened with a large family.

(7) Petitioner's is not the case of a man who knowing that such and such are the rules of Government regarding examination qualification fails to act up to these rules and then begs without justification for favours which he is not entitled to. In petitioner's student days a First Class Middle School Certificate was of sufficient passport to high office under Government.

Petitioner studied and secured this passport, entered Public Service, toiled hard and rendered satisfaction in the confidence of ultimately reaping the fruit of his labours.

Under all the above circumstances petitioner humbly and earnestly prays that your Excellency in Council will justly and graciously consider the hardship of his case and be pleased to grant him an exemption. For this gracious justice the petitioner shall as in duty bound
