The District Board of Malabar has informed Government that a number of "dummy" or "paper" schools are now on the aided list in that District. This is, in the opinion of the Director, a very serious charge against the Inspecting officers in the District. The Inspecting officers are requested to be most careful to see that no school to which the epithets "dummy school" or "paper school" can be applied, is entered in the D & E lists now under preparation.

2. The Inspector is also requested to institute a searching enquiry into the allegation that "dummy" or "paper" schools, which serve no other purpose than to justify the existence of a larger staff of Inspecting schoolmasters than is actually required, are now on the aided list. If this be so, the Inspector should find out who is responsible for such a state of things. If money has been spent on schools which exist only on paper, or on schools which serve no useful educational purpose, it
