The order may now
issue. It is very desirable
to encourage men of
means to found
educational endowments.

It is natural that at first
the founders ^{should} ~~with~~ concern
themselves chiefly with
the class of the community
they represent, but the
endowment benefits the
whole community indirectly
and will rightly receive
the support of Govt. If
ever the time should come
when endowments for special
classes grow too numerous
Govt. can decline to
contribute from public funds,
but that time is not yet

NOTE FOR THE Secy

Please see H.M.'s query below.
No applications for grants
were made in either of the other
two cases referred to. In the
case of the Rama Aigangar
scholarship it is not known
why no application was
made, but in the case of the
Hobart prize it was probably
because the Grant-in-aid Code
then in force did not admit
of any grant being made
towards ^{endowments} ~~scholarships~~.
