FEBRUARY.

Village Officers' Special Test.

Approving certain suggestions made by the Director of Public Instruction in connection with the examination in Arithmetic up to the sixth standard of candidates for the post of karnam; transferring the draft notification submitted by him to the Educational Department; and ordering the publication of certain amendments to the notifications relating to the — in the Fort St. George Gazette.

Read—the following letter from the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D.,
Director of Public Instruction, to the Secretary to Government, Educational
Department, dated Madras, 3rd January 1899, No. 60 :—

In submitting, for the orders of Government, Ref. No. 1281, dated 14th November 1898, from the Board of Revenue (Land Revenue), which has been transferred to me by the Commissioner for Government Examinations, I have the honour to make the following remarks.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Reference of the Board of Revenue (Land Revenue), No. 1281, dated 14th November 1898 :—

Read—Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), No. 362, dated 28th September 1898.

Reference—No. 1281, dated 14th November 1898.

With reference to paragraph 2 (1) of G.O., No. 413, Revenue, dated 27th July 1898, and paragraph 3 of Board's Proceedings, No. 362, Settlement, dated 28th September 1898, the Board submits, for approval and publication in the *Fort St. George Gazette*, the following amendments to the village officers' special test notification and the rules under Madras Act III of 1895 :—

(1) "Under paragraph 3 of the village officers' special test notification published at page 848, part I of *Fort St. George Gazette*, dated 18th August 1891, insert the following note :—

"Candidates for the karnams' special test should produce a certificate of having passed the primary school examination with (a) arithmetic up to the sixth standard and (b) mensuration as optional subjects."

(2) "In rule 21 of the rules under Madras Act III of 1895 published at page 912 b, part II of the *Fort St. George Gazette*, dated 28th June 1898—

For (i) "Primary school examination" in the left-hand column, read (i) primary school examination with (a) arithmetic up to the sixth standard and (b) mensuration as optional subjects."

2. These Proceedings will be submitted, through the Commissioner for Government Examinations, in order that he may carry out the instructions contained in paragraph 2 (1) of G.O., No. 413, Revenue, dated 27th July 1898, regarding the addition of "arithmetic up to the sixth standard" to the list of optional subjects prescribed for the primary school examination.

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Secretary to Government, Revenue Department,
through the Commissioner for Government Examinations.
Copy to the Secretary to Government, Revenue Department.

Read—the following letter from the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D.,
Director of Public Instruction, to the Secretary to Government, Educational
Department, dated Madras, 3rd January 1899, No. 60 :—

In submitting, for the orders of Government, Ref. No. 1281, dated 14th November 1898, from the Board of Revenue (Land Revenue), which has been transferred to me by the Commissioner for Government Examinations, I have the honour to make the following remarks.

2. The Board of Revenue considers that candidates for the karnams' special test should produce a certificate of having passed the primary examination with arithmetic up to the sixth standard as one of the optional subjects. Arithmetic as prescribed for the fourth standard in chapter V (1) of the Madras Educational Rules is now a compulsory subject of the primary examination, and it seems inexpedient to add arithmetic up to the sixth standard as one of the optional subjects of the same examination. Further, article 8 of the primary examination notification lays down that the scope and standard of the examination shall correspond with the fourth standard examination, and the introduction of arithmetic up to the sixth standard as an optional subject of the examination would be inconsistent with the above statement and would lead to several alterations in the notification which has just been revised.

3. In a special notification, No. 22, published in the *Fort St. George Gazette* of the 30th January 1894, Government was pleased to entrust to the Primary Examination Board the conduct of the examination of candidates for the fifth and sixth standards; and the examination of candidates for the karnams' post in arithmetic up to the sixth standard may be included in that notification. This will meet the end which the Board of Revenue has in view, without conflicting in any way with the primary examination notification. The draft of a revised notification to modify the special notification above referred to is submitted for approval and publication.

4. Should this suggestion be approved, the wording in the draft notification prepared by the Board of Revenue needs amendment. For the words "Primary school examination with (a) arithmetic up to the sixth standard and (b) mensuration as optional subjects" in amendments (1) and (2) might be substituted "Primary examination with Mensuration as an optional subject and a special examination in arithmetic up to the sixth standard conducted by the Board of Examiners constituted under the Primary Examination notification." The designation "Primary school Examination" has long since been given up.

Read—endorsement thereon of the Educational Department, No. 7, dated 9th January 1899.

Transferred to the Revenue Department.

ORDER—No. 115, Revenue, dated 13th February 1899.

Miscellaneous.

The Director's suggestions are approved, and the draft notification submitted by him will be transferred to the Educational Department.

2. The following notifications will be published in the *Fort St. George Gazette* :—

NOTIFICATION I.

"Under paragraph 3 of the 'village officers' special test' notification published at page 848, part I of the *Fort St. George Gazette*, dated 18th August 1891, the following note will be inserted :—

Candidates for the karnams' special test should produce a certificate of having passed the Primary Examination with Mensuration as an optional subject, and a special examination in Arithmetic up to the sixth standard conducted by the Board of Examiners constituted under the Primary Examination notification."
