From the President, District Board, Malabar, Ref. on G.No. 817/L.F., dated 24th April 1898, submitting for favour of early orders copy of the resolution of the District Board passed at its meeting of the 18th April 1898, in regard to the proposed raising of the allotments for results grants.

From the Director of Public Instruction, Madras, No. 6431, dated 8th June 1898, returning, with remarks, the endorsement of Government No. 557, dated 11th May 1898, referring for the Director's opinion, the resolution of the District Board, Malabar, in regard to the assignment for results grants for 1898-99.

Order:-No. 1785 L.Mis., dated 26th September 1898.

In paragraph 27 of his letter, dated 12th December 1897, forwarding the budget for 1898-99, the President, District Board, Malabar, brought to the notice of Government that there are on the list of aided schools a number of "dummy" or "paper" schools, which serve no other purpose than to justify the existence of a larger staff of inspecting school masters than is actually required. It was, therefore, proposed by the President to reduce the provision of Rs. 13,150 made by the Taluk Boards for results grants, to Rs. 8,800, to refuse aid to all schools except Cheruma schools, which earned a grant of less than Rs. 50 each, and to pay to the schools retained on the rolls the whole of the grant earned by them. The Government,

however, in its order read above, for the reasons given by the Director of Public Instruction in his remarks on the budget, restored the provision of Rs. 13,150 originally made by the Taluk Boards for results grants.

2. The President now forwards a resolution passed by the District Board stating that its proposal is not opposed to the declared policy of Government nor detrimental to the cause of primary education, as the Director declared it to be, and requesting Government to give a decision on the question at issue between it and the Director before orders are passed that the grant for primary schools should be raised. But the Director, to whom the resolution of the District Board was referred, still maintains his former opinion that the proposal of the District Board will, if given effect to, stifle the growth of elementary Education in the District.

3. The Government considers that a school cannot be assumed to be a "dummy" school merely because it receives less than Rs. 50 in grants and agrees with the Director in thinking that to refuse aid to all such schools as earned grants amounting to less than this figure would be an arbitrary measure. The District Board will, therefore, be informed that schools which earn a grant of less than Rs. 50 should not necessarily be refused aid, and that the amount of Rs. 13,150 provided for results grants by the Taluk Boards should be allowed to stand.

4. At the same time Government is of opinion that it is essential that the question of the existence or non-existence of "dummy" schools complained of by the District Board should be decided without delay and considers that it is necessary to appoint a special officer for the purpose of enquiring into the matter. Orders will issue in the Public Department deputing Mr. F. C. Parsons, I. C. S., for this special duty.

From Mr. G. W. Dance, I. C. S., Bombay, dated 4th November 1898.
